

PORT AR THUR TAKEN WITH A CHIN  
ESE LOSS OF 3,000 MEN.

For God, and Home and Native Land.

COQUILLE CITY W. C. T. U.

The Coquille City W. C. T. U. meets at the Methodist church, south, every Friday, at 3 o'clock p. m. All interested in the work are invited to attend.

[From the National W. C. T. U. Bulletin.] Illinois Knights of Pythias have declared saloon-keepers and gamblers ineligible for membership.

Boston Trades Unions, 49,000 strong, have decided to vote no-license at the municipal election, December 11.

General Booth declares that of over 10,000 lost women rescued by the Salvation Army, 8,000 have not relapsed into sin.

The American National Congress of Friendly Societies, which make life insurance its main business, has declared against admitting to membership men engaged in retailing intoxicating liquors.

Illegal liquor sellers of Vermont are much disturbed by a recent decision of the supreme court, holding that a man convicted for selling is also convicted for a second offense—the keeping for sale. The penalty for the second offense is imprisonment as well as a fine, hence the uneasiness.

The Empire Music Hall, in London, has been compelled to close its doors, since the refusal of a license to sell drinks in the auditorium. The result was brought about by the influence of the Christian temperance workers, the British Women's Temperance association taking a leading part in the opposition.

During the National W. C. T. U. convention, at Cleveland, Nov. 16 to 21, the orchestra chairs on the platform—300 in number—were reserved for Ohio crusaders of 1874. Badges were provided by the local committee, of white silk, with the inscription "1874—Crusade—1894," printed in gold.

The third Sunday of December will be observed as Peace Sunday by all Peace Societies, including the department of peace and arbitration of the World's W. C. T. U. This special day is receiving increasing attention with each succeeding year and is doing much towards advancing the day when nations shall learn war no more. Any desiring literature to use on Peace Sunday can obtain it from the world's superintendent of this department, Mrs. H. J. Bailey, Winthrop Centre, Maine.

Rev. A. C. Dixon, D. D., of Brooklyn, speaking on "Total Abstinence for Young Men; How to Make it General," says: "To make our young men total abstainers, we must convince them of four things: 1. Nature is against alcohol; it is not the natural fruit of the vine, but the product of decomposition. 2. The Bible is against alcohol. 3. The church is against it, and must be; a tipping pastor is worse than any ten grog-shops. 4. The state is, or ought to be, against alcohol, as alcohol is against the state; it is against law."

The Woman's Relief Corps of Indianapolis, conducted a lunch and coffee stand in front of the pension office on the last pay day. This was done to save the veterans, as far as possible, from the temptation to visit the neighboring saloons, which make a practice of luring the veterans into their places "by offers to cash their pension checks," charging 25 cents commission. In this way a profitable business is done and often times there is another big profit in the liquor that the old soldier is induced to drink. Then when he is drunk there is another chance to rob him of what is left, and too often this is the case.

Statistics have been compiled at Vienna of the quantity of beer drunk in 1893, in the entire world. Germany heads the list with 1,202,132,074 gallons, an increase of 34,000,000 over 1892, the consumption being 33 gallons per head, ranging from 62 gallons in Bavaria to 12 gallons in Lorraine; Great Britain second, 1,165,752,000 gallons, or 30 per head; America, including the whole of the Western Hemisphere, is third, with more than a billion gallons, or 16 per head. The total for the world, not including Asia and Africa, is 4,500,000,000 gallons, requiring 7,370,000 tons of malt and 82,000 tons of hops.

Land, of the North Carolina settlement on the South Fork of the Coquille. Mr. Vannoy is prospecting and may see an opportunity to locate with us.

Any one who has children will rejoice with L. B. Mulford, of Plainfield, N. J. His little boy, five years of age, was sick with croup. For two days and nights he tried various remedies recommended by friends and neighbors. He says: "I thought sure I would lose him. I had seen Chamberlain's Cough Remedy advertised and thought I would try it as a last hope, and am happy to say that after two doses he slept until morning. I gave it to him next day, and a cure was effected. I keep this remedy in the house now and as soon as any of my children show signs of croup I give it to them and that is the last of it." 50 cent bottles for sale by S. L. Leneve, druggist.

### These Appropriation Bills.

ED. HERALD: The Coos Bay News, with the usual amount of consistency of a free silver organ advocating the Cleveland policy, gives the total amount of appropriations proposed by the Pops in congress, and says it would bankrupt the government if passed, not seeming to comprehend that it was not expected that more than one would have any chance of passing, and then the others having the same import would be dropped, as is the case in all law-making bodies, all bills of similar nature being referred to a committee, the committee to select the best and recommend its passage. We presume, had the News man seen all the bills that were introduced in the last legislature on taxation, he would have figured out that the people would not be able to sell their property for half enough to pay their taxes, but had as it was, fortunately, the legislature did not pass all those bills, but compared them, chose the worst one, and put it through. We would ask the News to kindly get the total amount that all of the bills introduced by Demo-Republican members of congress foot up and tell his readers how far the Pops surpassed that amount. Yours, KRANK.

A little son of L. L. Jacobs, of Jacksonville, was choked to death on Nov. 30th by a piece of apple which his mother had given him. He was 10 months old.

Hugh O'Donnell, the labor agitator from Homestead, who stumped Pennsylvania during the late campaign, it is announced, will act as private secretary for Congressman-elect Kulp, from the Northumberland district.

Captain Mary H. Miller, the first woman granted (at New Orleans, 1853) a license as steamboat master, died the other day in Louisville, Ky. Her husband, Captain George Miller, an old steamboat man, survives her at the age of 86 years.

The November term of circuit court in Malheur county, just adjourned by Judge Fee, was very short, lasting only two and one-half days. The grand-jury reported that they found the country in excellent financial condition and although they had diligently inquired, they had been unable to learn of one crime committed in the county during the previous six months.

H. W. Thompson and F. C. Christy, of La Grande, are the owners and patentees of a new kind of fruit-dryer, which appears to have merit. It acts on the principle of hot-air drying, which it is claimed is more natural than evaporation. It will dry fruit from six to eight hours quicker, and saves more of the substance. A furnace is used in order to heat and dry the air and give power for the fans, and trays are used the same as in an ordinary evaporator. Mr. Thompson is engaged in the construction of an experimental dryer, and will next season be ready to prove the value of the invention.

Superintendent Kimball, of the lifesaving service, detailing the splendid record made by his bureau in the cause of humanity, states that 308 vessels in distress were aided by the life-saving service during the year. There were on board the vessels 4054 persons, of whom 3993 were saved and only 61 lost. The number of shipwrecked persons who received succor at the station was 659. The estimated value of vessels and cargoes involved in the disaster was nearly \$10,000,000. Of this amount \$7,688,000 were saved. In addition to the number saved from vessels there were 83 others rescued who had fallen from wharves, piers, etc., and who would have perished without the aid of life-saving crews. The number of disasters by reason of storms was greater than in any previous year since the introduction of the present system.

Another Bank Looted.  
New York, Dec. 2.—It is reported that the Williamsburg, L. I., bank has discovered a defalcation similar to Seeley's, of the Shoe and Leather bank. The alleged criminal is E. Austin Leitch. He is said to have stolen \$7500, but the money went into other hands.

NEGROES LYNCH A NEGRO.  
Ocala, Fla., Dec. 2.—It is reported that a negro named William Jackson was lynched by negroes near here today. Jackson had assaulted a negro woman and had been arrested, but negroes took him from the officers and hanged him.

A REDUCTION OF SALARIES.  
San Francisco, Dec. 1.—Today a sweeping reduction of salaries goes into effect all over the Southern Pacific system. Hardly a man will escape.

HIS SHOULDER TORN OFF.  
Ashland, Or., Dec. 2.—This town is in grief tonight over a horrible accident that occurred today. Chas. Beebe, a lad but 16 years of age, and generally beloved by the entire community, lies at death's door, and probably before this is printed he will have passed the portals. Beebe's entire shoulder and arm were torn from his body today by a lead of shot from his gun. He was out quail hunting, and in making a step he fell discharging his gun, the entire load mangling and tearing away the shoulder and arm.

BURNS ARRIVED YESTERDAY.  
New York, Dec. 2.—"Honest" John Burns, the English labor leader and member of parliament, arrived today. He was met in the lower bay by Gompers and a few other American labor leaders. When the steamer reached the dock a crowd of several hundred were gathered and gave Burns a hearty welcome. He was escorted to a hotel with a band.

In a statement to the press tonight, Burns said: "I will stand an enemy to a jobber, the sinecurist, swearer and jerry-builder, and as an advocate of healthy homes, shorter hours and living rates of wages."

### AYER'S SARSAPARILLA

CURES OTHERS WILL CURE YOU

PURE BLOOD, CLEAR SKIN, MENTAL ENERGY, SUPERIOR BLOOD, PERFECT TONIC, SOUND SLEEP, LONG LIFE, VITALITY, STRONG NERVES

AYER'S SARSAPARILLA

M. Hamnerly, a well-known business man of Hillsboro, Va., sends this testimony to the merits of Ayer's Sarsaparilla.

Years ago, I lost my leg, the injury leaving a sore which led to erysipelas. My sufferings were extreme, my leg from the knee to the ankle, being a solid sore, which began to extend to other parts of the body. After trying various remedies, I began taking Ayer's Sarsaparilla, and before I had finished the first bottle, experienced great relief. The second bottle effected a complete cure."

### PATENTS

FOR INVENTIONS.

Equal with the interest of those having claims against the government is that of INVENTORS, who often lose the benefit of valuable inventions because of the incompetency or inattention of the attorneys employed to obtain their patents. Too much care cannot be exercised in employing competent and reliable solicitors to procure patents, for the value of a patent depends greatly, if not entirely, upon the care and skill of the attorney.

With the view of protecting inventors from worthless or careless attorneys, and of seeing that inventions are well protected by valid patents, we have retained counsel expert in patent practice, and therefore are prepared to Obtain Patents in the United States and all Foreign Countries, Conduct Interferences, Make Special Examinations, Prosecute Rejected Cases, Register Trade-Marks and Copyrights, Render Opinions as to Scope and Validity of Patents, Prosecute and Defend Infringement Suits, Etc., Etc.

If you have an invention on hand send a sketch or photograph thereof, together with a brief description of the important features, and you will be at once advised as to the best course to pursue. Models are seldom necessary. If others are infringing on your rights, or if you are charged with infringing by others, submit the matter to us for a reliable OPINION before acting on the matter.

Manufactured only by THE OHIO CHEMICAL CO., 51, 53 & 55 Opera Block, LIMA, OHIO. PARTICULARS FREE.

A FEW Testimonials from persons who have been cured by the use of Hill's Tablets.

THE OHIO CHEMICAL CO.—GENTLEMEN:—I have been using your cure for tobacco habit, and found it would do what you claim for it. I used ten cents worth of the strongest chewing tobacco a day, and from one to five cigars, or I would smoke from ten to forty pipes of tobacco. Have chewed and smoked for twenty-five years, and two packages of your Tablets cured me so I have no desire for it. R. M. JAYLORD, Leslie, Mich.

THE OHIO CHEMICAL CO.—GENTLEMEN:—Some time ago I sent for 50 worth of your Tablets for Tobacco Habit. I received them all right, and although I was with a heavy smoker and chewer, they did the work in less than three days. I am cured. Truly yours, MATHEW JOHNSON, P. O. Box 4, Pittsburgh, Pa.

THE OHIO CHEMICAL CO.—GENTLEMEN:—It gives me pleasure to speak a word of praise for your Tablets. My son was strongly addicted to the use of liquor and through a friend, I was led to try your Tablets. He was a heavy and constant drinker, but after using your Tablets but three days he felt that he would not touch liquor of any kind. I have written you several times before writing you, in order to know the cure was permanent. Yours truly, MILES HENRY MORRISON, Cincinnati, Ohio.

THE OHIO CHEMICAL CO.—GENTLEMEN:—Your Tablets have performed a miracle in my case. I have used morphine, hypodermically, for seven years, and have been cured by the use of two packages of your Tablets, and without any effort on my part. W. L. LUTGAT.
