Samuel Hess -Correction.

We are reliably informed that the Samuel Hess that was stabbed by Bryan in Yambiil county two weeks ago is the Sam Hess who is under indictment in this county for a felonious assau't on Miss Fuller. It is said that though he was terribly cut in the affray he is likely to reco er. At the time of Hess's arraignment

we published on what we thought to Hess's brothers had been tried for the marder of a m in and was cleared. but was murdered afterward. The statement was not correct And as there are several crooked reports going about this matter we give the ver-ion of some who are conversant with the facts. No public trial of Hess was hal. A man by the name of Caleb Morris hat shot "Cull" Hoss and was acquited on the plea self-defense. Not long after, Morris was found dead near the home of Hess with a bullet hole through bim. Warrants were issued and Call Hess and two or three of his clique were arrrested and lodged in jail, but the father, Joseph Hess, escaped The matter came before the grand jury and was dismissed under suspicions circumstances, suspicious as to a certain officer. Last winter the father, Joseph Hess, was accidentally struck with an ax and killed The paternal home of the Hesses is in the Chehalem valley, Yambill county.

ABLE SERMON. - Rev. Mr. Izer of Portland preached an able and interesting sermon at the M. E. Church in this place last Sunday forenoon. Although it was extempore, it was ornate, closely reasoned, and highly dramatic, chaining the attention of the entire house for an hour and ten minutes. It is said that Mr. Izer's health failed him in the pulpit, and that he has been studying law for a year. His readiness of language and power of logic would make langua him succeed in any department of polemic of St. Julien from two different strains. City, not one of them permitted to be sold.

ANOTHER LAWYER. - We understand that the Hon. W. D. Hare late Collector of Customs for the port of Astoria who is now living with his family on his farm in this county, intend - after putting his farm into good running order, to open a law office in Hillsboro. Mr. Hare will be welcomed by many old clients and friends. He formerly had a good law basiness in this county.

WHERE TO BUY FLOUR -Messers. B. II. Greer and R. B. Goodin have rented Courtney Meek's flouring mill at Glencoe and are unking a first class article of flour. If you don't believe it try it. The proof of the pudding is in the eating of it anyhow. These young men are polite and obliging and the community ought to give them a fair share of their custom.

TILE BUILDING BURNED .- Last week Mr. Withycombe's building that he uses for making tiles in on his farm over the Tualatin took fire and burned up. We have not learned what the amount of the loss is.

BRIEF ITEMS.

When a young min goes into his jimpson blossom's garden in his shirt sleeves and wickedly damages some weeds it is a pretty sure sign that be is dead in love and has,been accepted.

The sidewalk along a certain property on Second Street is complained of. A lady fell through it the other day with an infant in her arms and fortunately escaped with slight injury. The Street Commissioner or Marshal ought to attend to that.

Mr. John Jack has about completed a new plank fence around his block in the southeast part of town, and soon his neat little house will be realy for a cook. A popular clerk in this place, who is sin-

gle as yet, though they say his heart is not, sold a bandsome young woman a pair of button shoes this week and put a pair of shop. shoe-strings inside of them! when the girl remarked that she did not know they used strings with button shoes. The Judge happened to hear the remark and now the young man is trying to buy him off.

Mr. C W Ransom has sold his fruit farm in East Portland and, in company with Mr. Failing formerly of this place, has started a news depot and stationery business on First street in Portland north of the Occidental Hotel. Call and see him when you the fences with white wash; they present a go to Portland, Ransom will make it win. Our former townsman, J. Dix runs the Washington hotel in Portland on Third Street opposite the M. E. church. Mr. Dix go to Portland and get a square meal.

H. visited the canal in process of building up there, and says that good choppers are in demand, at \$25 and \$30 a month with board. \$1.121/2 is given for chopping cordwood. Whisky is drunk there by the wholesale. He saw a tierce of whisky taken off of the boat on Saturday and by the next Thursday morning the cask was empty-and Masters did not have a finger in it either. He says grasshoppers are numerous and crops are light.

A. O. U. W .- Hilsboro Lodge, No. 62, o the above-named Order was instituted last Monday and Tuesday by D. G. M., W. Rider. The following officers were installed for the present term: P M W. J. Stott: M W., T B Handley; F. AM Collins; O. John Miller; Recorder, J W. Morgan; Receiver, W D Pittenger; F. C T Tozier; G. G W Butler; I W W H McEldowney; O W. The Lodge meets every Tuesday evening .- Mr. Rider be good authority that one of Sam also organized a Lodge of the same Orde r with twelve charter members at the Greve last week but we have not received the par-

> IS IT A GRAVE? - Mr. Henry Wehrung of this place found a rectangular hole in his slashing near Hillsboro which has been dug within a year perhaps which has a suspicious look. A party examined it Wednesday. It is dug near the center of the slashing, about five feet deep and five or six feet long and about two feet wide, and at this time has a little water in one end. Some suspect that some one has been buried there and the corpse removed by relatives or it has been the place of concealment of treasure, or where some ruthless person or persons have aimed to bury a vic-tim that they failed to kill.

A NEW STRAWBERRY .- Geo. Johns, P. M. at Dilley, in this county, has discovered and cultivated a new variety of strawberry which he calls the "Mark Twain." The berry is medium in size, long, dark red and has a rich and delicions flavor. We have not eaten as sweet and rich flavored a strawberry this season, though the season of T. H. Tongue, a daughter. has been cool and moist, which is unfavorable to the perfection of this kind of fruit. Mr. Johns has a nice garden of small fruits and vegetables at Dilley, and will have five The New Bible. -Quick Work tons of berries for sale this year. We hope he will visit Hillsboro often.

We suggested two questions that we had never debated, and they were told if these questions did not suit, to suggest others and they would be accepted. What more could we do or they ask? They called a meeting but didn't table the challenge but their messenger yelled around bere "it was rejected" and "wasn't fair." And he and "A Member" threatened to advertise it in the INDEPENDENT, and we told them that if they were so anxions we would pay half the expense. Then they sneaked back to Scholls Ferry.

The get of Imp. Glenels, out of Lexington dams, during the past two seasons were first in more races in America than the get of any other horse, though fewer in numbers, and starting in less races than the get of Bonnie Scotland, or Leamington: while in strength of limb and ability to carry weight and stay a distance, they are admitted to be "face afourtest family in America." See their records:

Ferida—4 mile heats, 1:42 %. Monitor—1 % miles, 3:92. Dan Sparling—mile heats, 1:42 %, 1:42, 144 %. Judith (full sister to Gisn Dudley) ran 1% miles 150 lbs. up, over 7 hardles in 3:17%.

The above records, all made in 1880, have never been equalled, while that of Judith has never been reached by a seconds by any other horse, at any other time, in America. It is safe to say that, in strength, beauty and strying power, under the asddle or in harness, the celts of Olen Dudley will be unsurpassed.
