The cottage had stone and granite after reaching the stage of starvation. walls with wooden interiors, and intended for laundry purposes. Owing to the crowded condition of the main building, 40 of the female patients were placed here with the laundry in the basement. The fire originated in the dryroom of the laundry. Here there was a coil of steam pipes, and the theory is that either fine particles similar to lint settled on the pipes and ignited, or that clothes which were thickly hung close by dropped on to

the pipes and were fired. The fighting of the fire was greatly hindered by the loss of power. The and running about March 20 or later only source of water was an artesian during that month. The mill cut well, 400 feet distant, the pipes for about 150,000 shingles a day. pumping which ran through the cottage. The intense heat soon caused the pipes to burst, thus leaving the firemen without power, and dependent entirely upon the direct pressure from the tank. But two streams of water could be thrown on the building, and these did but little good.

Fifty-two persons were in the building, 40 patients and 12 attendants. The structure was three stories and an attic high, and had two entrances. There was one stairway from the sec ond and third floors, which led into the main hall, thus giving but one egress for those above the first floor. Patients and attendants fled with ter-

ror, great confusion resulting, especially among those on the upper floors. Many heartrending scenes were enacted as the inmates, clad only in their night | per ton. clothes and barefooted, rushed down the narrow flight of stairs, and finally out into the snow. The temperature was 23 degrees below zero, and further loss of life from freezing was prevented alone by prompt work of the attendants from the main buildings. The attendants escaped, as did the others, who were saved, with none of their personal effects, many losing all they possessed. SWANSON RHEUMATIC CURE COMPANY:—I would like to thank you for your great remedy, "5 DROPS," and tell you what it has done for me. I had Rheumatism in every joint and in the heart, and I had Catarrh of the Head for 30 years, I was so poorly that I lost the use of my legs and arms, and could not move without pain. I was so crippled that I had done but little work for seven long years, and our family physician, a good doctor, told me that my Rheumatism and Catarrh were incurable, and I believed him. But now, AFTER USING "5 DROPS" ONLY TWO MONTHS, I can truly say I HAVE NOT FELT SO WELL FOR SEVEN YEARS. This medicine does more than is claimed for it. At this time my Catarrh is much better and I have scarcely any Rheumatism at all, and the heart weakness and pain are gone. My hearing is now good and my eyesight is much better. I have gained more than 10 pounds of fiesh and can do a full day's work. It is the best medicine I ever saw to give a mother who has a young child, for it has the same effect on the child as on the mother. It wards off Croup and cures the Hives of the child, and causes sweet and refreshing sleep to both young and old. WM. M. KELLEMS.

The dispatch was received at Hong Kong and mailed to Malolos, which decided on the attack to be made about the 7th inst. The eagerness of the insurgent troops to engage the Americans precipitated the battle."

Panama Strike Continues.

In a letter of October 10, 1898, from Mr. Kellems, he says: "I feel it a duty that I owe to God and suffering humanity to announce to you and all the world that I am yet in the ring with untold thousands of others, to testify to the great merits of your valuable remedy called "5 DROPS." I believe I was the first sufferer in this part of the earth to learn of the existence of "5 DROPS," some three years ago. I was then badly afflicted with Rheumatism, Catarrh, etc., which my letter of Jan. 29, 1896, fully speaks of. All I can say is "5 DROPS" cured me. To make a long story short, "5 DROPS" needs no recommendation in this part of the country, as everybody knows the "5 DROPS" remedies around here. IT HAS CURED more cases of Rheumatism, Sciatica, Neuralgia and many other pains than any other medicine that has ever been sold or heard of. For the last three years I have noticed the effect "5 DROPS" has on the sick, through my own observations as well as my brother, who is a practicing physician, and USES THE "5 DROPS" IN HIS PRACTICE. All ye that wish for further information, write and you are sure to get a reply without any delay. I will (as I have done in this letter) cheerfully recommend it to any one that I may come in contact with. I myself can never forget what this remedy has done for mand many others. Yours very truly,

TO MRS. PINKHAM

From Mrs. Walter E. Budd, of Patchogue, New York.

Mrs. Buop, in the following letter. tells a familiar story of weakness and suffering, and thanks Mrs. Pinkham for complete relief:

"DEAR MRS. PINKHAM:-I think it is

my duty to write to you and tell you what Lydia E. Pinkham's Vegetable Compound has done for me. I feel like another woman. I had such dreadful headaches through my temples and on top of my head, that I nearly went crazy; was also troubled with chills, was very weak; my left side from my shoulders to

my waist pained me terribly. I could not sleep for the pain. Plasters would help for a while, but as soon as taken off, the pain would be just as bad as ever. Doctors prescribed medicine, but it gave me no relief.

"Now I feel so well and strong, have no more headaches, and no pain in side, and it is all owing to your Compound. I cannot praise it enough. It is a wonderful medicine. I recommend it to every woman I know."

The Sandwich Islanders estimate the beauty of women by their weight.

Society Women

and, in fact, nearly all women who undergo a nervous strain, are compelled to regret-

fully watch the growing pallor of their cheeks, the coming wrinkles and thinness that become more distressing every day. Every woman knows that ill-health

is a fatal enemy to beauty and that good health gives to the plainest face an enduring attractiveness. Pure blood and strong nerves - these are the

secret of health and beauty. Dr. Williams' Pink Pills for Pale People build up and purify the blood and strengthen the nerves. To the young girl they are invaluable, to the mother they are a necessity, to the woman approaching fifty they are the best remedy that science has devised for this crisis of her life.

Mrs. Jacob Weaver, of Bushnell, Ill., is fifty-six years old. She says: "I suffered for five or six years with the trouble that comes to women at this time of life. I was much weakened, was unable, much of the time, to do my own work, and suffered beyond my power to describe. I was do hearted and melancholy. Nothing seemed to do me any good. Then I made up my mind to try Dr. Williams' Pink Pills for Pale People.

I bought the first box in March, 1897, and was benefited from the start.

A box and a half cured me completely, and I am now rugged and strong."
