publican, 21st.

The first wool sale so far recorded in Montana this season was made in Billings on June 5, when Harry Spencer, of Gebo, in Carbon county, sold 5,000 pounds of Montana wool to J. L. Carey & Co. at 8 cents per pound. There is now stored in the two warehouses in Bil-SHIPPING IS WELL ALONG lings, about 600,000 pounds of wool, the majority of which is from Wyoming. No buyers from the East are expected before the latter part of the month.

Jas G. King has returned from a ten

day's trip through the county, purchasing cattle for J. E. Revnolds. Eimer Matthews, who was also out on the same business, returned several days before Mr. King, to meet a horse buyer with whom he had an appointment. the week, also bought some for himself. ling steers, in Wheeler county, which will be received in Fossil next Wednesday evening, by King & Matthews. As with Reynolds' last month's purchase here, the ruling price is \$18 for steers and \$17 for heifers. We understand he has also purchased several hundred head of cattle in Gilliam county, and two car loads of range horses from A. Beard of Fossil, to form part of the same shipment. This week Geo. Cary, of the firm of McCreary & Cary, Nebraska, purchased about 250 head of norses and mules in Wheeler county, at prices ranging from \$12 to \$50. He got about half the number from Geo. McKay, and the balance from Henry Heidtman, W. W. Hoover, Thompson Scoggin and others. The horses are to be delivered at Heppner on the 28th inst. Elmer Mathews assisted Mr. Cary in buying the horses. - Fossi! Journal,

DEVELOPMENTS IN ALASKA.

Nothing illustrates so suggeson the 29th of this month, between 600 | tively the wonderful advance which few years as the big projects which are being matured for providing telegraph facilities and for the construction of railways in the Territory. The extension of the telegraph down the valley of the Yukon to Nome and other mining camps on the coast is in contemthe early possibilities. This will is on hand not yet scoured.-Dailes The telegraph girdle around the earth will then be complete, and Last Wednesday the largest wool sale | the project of the Russian-Amerwhen he does not relish his food or feels ever made in the state of Oregon was ican Telegraph Company, which made at Shaniko when the Baldwin Was abandoned thirty-seven years Sheep & Land Company sold 1,000,000 ago, will have been consummated pounds. The wool was sold by bids, to accommodate new conditions

United States were present and made attle that the construction of a Farnsworth & Theyer of Boston, was bay, on the northern shore of found to be the highest bidder, bidding Cook's inlet, across the heart of 121 cents, and therefore received the the Territory to Cape Prince of wool. In addition to this sale of wool, Wales, with feeders for Golofin T. S Hamilton sold 70,000 pounds for bay and Nome City, the ultimate pounds for 113, and Fletcher & Co. 40, with the Transsiberian railway, Cough Remedy for the past five years | 000 pounds for 12 cents -Antelope Re | The cape is the nearest point on this continent to the Siberian shore of Behring strait. Preliminary surveys of the route are said to have been already made. The weeks and have bought over a million railrand construction, there being no very great elevation to overof st was bought at 103, but on Saturday will cross the Yukon in the neighcome at any point. The route county this year will amount to about sented to have substantial Eastern

The route selected traverses a region heavily mineralized, and the primary object will be its development, the opening of the lower Yukon valley and providing a short land route to the Koyukuk and Nome mining districts. The enferprise is a gigantic one, but it illustrates in a marked manner the faith which capital has in the un it is evident that there are many Others in store for the near future
