

GREENHORN ACTIVE

GREAT MINING DISTRICT ON VERGE OF DEVELOPMENT.

A New Town Built up in Six Months—Capital Becoming Interested.

Frank DuPratt, contractor for the stone work on the new court house, returned Thursday evening from a visit to the Greenhorn mining camp. Mr. DuPratt also visited his home at Pendleton, and at Baker City and Sumpter.

He owns a half interest in the Carbonate group consisting of four claims in the Greenhorn district. Other Pendleton parties are interested in these mines.

At the activity and progress now going on in the Greenhorn country, Mr. DuPratt was much surprised and impressed, and being interested he looked over the district for several days. He is of the opinion that this country will some day be a great mining center where immense capital will be invested in mining and treating the great body of rich minerals existing in this district.

In early days there was quite an excitement at the old Robinsonville camp where rich placers were struck and the nuggets were taken out with pick and

pan.

This great district is now on the verge of development, and Mr. DuPratt states that a dozen or more stamp mills will be put in before another year.

The Bonanza is a very rich ledge and is now working about 75 men. A 40 stamp mill is pounding a way which will soon be increased to 50 stamps.

The Phonex is working 30 men.

Recent developments at the Blue Bird mine have shown great property. A large amount of capital is behind this property.

The I X L mine is now being worked.

About 80 men are employed at the Horseshoe mine in making preparations for a stamp mill which will soon be put in.

The Sharkey mine is very rich and 80 men are at work in getting ready for a stamp mill. The machinery is now on the road.

Six miles from the mines above mentioned is the Tempest group owned by Spokane capitalists. For this property machinery is now on the road for a smelter and a sawmill.

The Chloride mine joining the Tempest has been bonded for \$40,000.

The Ruby mine, owned by a Salt Lake company is also being worked. This property was formerly owned by a Nebraska man who spent \$30,000 in de-

velopment work and then abandoned it. A new company has charge of this mine and a rich ledge has been discovered for which the company has refused a \$30,000 offer.

The Carbonate group owned by Mr. DuPratt and Pendleton parties is near the Ruby. This property consists of a 32 foot ledge between the walls. The ore assays about \$12 per ton in gold. Being easy of access, this is valuable. The Tempest Smelter Co. of Spokane has made an offer to bond the Carbonate for \$80,000. The Carbonate ledge shows croppings at intervals of from 200 to 300 feet for a distance of four miles.

On the South end of the Carbonate lead is located the Mayflower group, owned by the Heppner Mining Co. Dan Stalter is there and will work a force of six men all winter.

The Mayflower mines are located only six miles from the big mining center.

Mr. Stalter now has about 150 tons of ore on the dump.

With the outlook at the Mayflower group, Mr. DuPratt was greatly pleased and has great faith in the prospects. He will invest in a good block of Mayflower stock as a result of his trip.

Mr. DuPratt visited the new town of Greenhorn City. Like the palmy days '62, Greenhorn City has grown up like a mushroom. Six months ago where there was not a sign of habitation, now there is a bustling town which supports two good hotels, a good representative of different lines of business, and five saloons. Like other live mining camps, business is lively and money is plentiful.

Greenhorn City is a new town and but few people have heard of it outside of the Greenhorn mining district.

Horses Recovered.

The two horses that were stolen from a Chinaman out at McLaughlin's sawmill last week, have been recovered. The animals were found in a pasture about eight miles from where they were taken. The bells had been removed from the horses. It is the supposition that the thieves thought that the horses would not be found and were waiting for matters to get quiet to take them out of the country.

Southern Oregon is again excited over the prospect of the construction of the Salt Lake & Coos Bay railroad.

Two young men, students of the Oregon Medical College, were seriously injured in a football game at Portland Wednesday.

Five hundred telephones are in use at Olympia.

Theodore Roosevelt on "The Presidency."

Before his nomination for the Vice-Presidency Theodore Roosevelt wrote expressly for The Youth's Companion an article on "The Presidency." It will be published in the number for November 6th, this being one of the remaining weekly issues of 1902 sent free from the time of subscription to every new subscriber who at once sends \$1.75 for The Companion's 1903 volume. When this article on "The Presidency" was written no one could have foreseen or dreamed even that its author would so soon be called upon to take up the duties of the great office. For this reason alone what Mr. Roosevelt has to say possesses extraordinary interest, and will be eagerly awaited by persons of all shades of political opinion.

A twenty-eight-page Prospectus of the 1903 volume of The Youth's Companion and sample copies of the paper will be sent free to any address.

THE YOUTH'S COMPANION, 144 Berkeley Street, Boston, Mass.

Farmers Attention.

The undersigned, a well known business man of Portland, formerly of Albers & Schneider Co. has taken charge of the Heppner Flouring Mill and is prepared to buy all number one wheat at a premium for cash. Bluestem, Fife, Sonora wheat especially desired. Barley wanted. Will store wheat free of charge, exchange flour and feed for wheat and will do a general custom of grinding at reasonable prices.

81-D25 THOMAS SCHNEIDER.

Mrs. Tupman, a prominent lady of Richmond, Va., a great sufferer with woman's troubles, tells of her cure by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—For some years I suffered with backache, severe bearing-down pains, leucorrhœa, and falling of the womb. I tried many remedies, but nothing gave any positive relief.

"I commenced taking Lydia E. Pinkham's Vegetable Compound in June, 1901. When I had taken the first half bottle, I felt a vast improvement, and have now taken ten bottles with the result that I feel like a new woman. When I commenced taking the Vegetable Compound I felt all worn out and was fast approaching complete nervous collapse. I weighed only 98 pounds. Now I weigh 109½ pounds and am improving every day. I gladly testify to the benefits received."—MRS. R. C. TUPMAN, 423 West 30th St., Richmond, Va.

When a medicine has been successful in more than a million cases, is it justice to yourself to say, without trying it, "I do not believe it would help me"?

Surely you cannot wish to remain weak and sick and discouraged, exhausted with each day's work. You have some derangement of the feminine organism, and Lydia E. Pinkham's Vegetable Compound will help you just as surely as it has others.

Mrs. W. H. Pelham, Jr., 108 E. Baker St., Richmond, Va., says:

"DEAR MRS. PINKHAM:—I must say that I do not believe there is any female medicine to compare with Lydia E. Pinkham's Vegetable Compound, and I return to you my heartfelt thanks for what your medicine has done for me. Before taking the Vegetable Compound I was so badly off that I thought I could not live much longer. The little work I had to do was a burden to me. I suffered with irregular menstruation and leucorrhœa, which caused an irritation of the parts. I looked like one who had consumption, but I do not look like that now, and I owe it all to your wonderful medicine.

"I took only six bottles, but it has made me feel like a new person. I thank God that there is such a female helper as you."

Be it, therefore, believed by all women who are ill that Lydia E. Pinkham's Vegetable Compound is the medicine they should take. It has stood the test of time, and it has hundreds of thousands of cures to its credit. Women should consider it unwise to use any other medicine.

Mrs. Pinkham, whose address is Lynn, Mass., will answer cheerfully and without cost all letters addressed to her by sick women. Perhaps she has just the knowledge that will help your case—try her to-day—it costs nothing.

FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness. Lydia E. Pinkham Medicine Co., Lynn, Mass.
