

TO GATHER EXHIBITS.

Morrow County Lewis and Clark Club Organized.

Jefferson Myers, president of the Lewis and Clark Fair Commission and G. Y. Harry, a member of the commission were in Heppner a couple of days this week for the purpose of getting the people of Morrow county interested in getting an exhibit for the big fair to be held in Portland next year.

Both President Myers and Commissioner Harry are hard workers and are deeply interested in the matter of county exhibits and succeeded in creating considerable interest and enthusiasm in the matter of collecting a creditable exhibit from this county. Two meetings were held. Tuesday evening temporary organization was effected and Judge T. W. Ayers was elected chairman and R. F. Hynd, secretary.

Wednesday evening an organization was effected to be known as the Morrow County Lewis and Clark Club, with Judge T. W. Ayers as president and C. K. Woodson as secretary. A committee was appointed consisting of Judge T. W. Ayers, Mayor Frank Gilliam, and Geo. Conser, who is one of the commissioners, to take the matter in hand of gathering exhibits.

President Myers delivered an interesting address and impressed the importance of early action in order to get the exhibits of grain, grasses, fruits, etc, this year, which is absolutely necessary for an exhibit at the fair. Mr. Myers explained that for transportation from Morrow county for all exhibits will not cost one dollar. That a suitable and attractive booth would be furnished free of charge, and that it all depended upon the patriotism of our home people in collecting an exhibit of our resources in order for Morrow county to be properly represented.

Silver Dollars Will Not be Coined.

"There will never be another silver dollar coined in this country," said George E. Roberts, director of the United States Mint, in an interview in the Oregonian.

"No there will be no more new silver dollar pieces turned out of the Government's money plant unless by some chance a 16-to-1 Congress should be elected, for the supply of silver bullion purchased under Sherman act is exhausted."

From July 14, 1890, when the Sherman law went into effect, until it was repealed in 1893, the Government bought 155,000,000 ounces of silver. This has gradually been worked up into dollars until the present time, when such coinage has ceased, in all probability never to be resumed, Mr. Roberts continued:

"Our records show a remarkable increase in the gold production of the world during the past decade. For the year 1890, the output of the world's gold mines amounted to \$120,000,000, in 1893 it was \$125,000,000, in 1903 between \$325,000,000 and \$330,000, our figures are not complete, and for 1904 it will, in all likelihood, be \$350,000,000. The annual gold output of the world has nearly trebled in ten years. That's why there is no 'silver question.'

"Most people think the mints are busy coining gold. They are mistaken. The bulk of the work we do is in the making of copper cent pieces and nickels. The profits derived from the coinage of these two coins last year amounted to almost \$2,000,000, which paid all the operating expenses. We buy a pound of copper for 15 cents and make 14 cent pieces out of it, Nickel costs 40 cents a pound, and a pound makes

over \$4 worth of nickels, so you see what a nice profit there is in the business.

"Formerly very few pennies were in circulation on the Pacific Coast, or in the Rocky Mountain country, but now they are used everywhere, and the demand is increasing.

"Don't get the impression, however, that we are going out of the gold-coin business. For the fiscal year ending today, our coinage of gold will reach \$200,000,000, the largest in the history of the country, and the largest gold mintage ever turned out by any country in the world in one year.

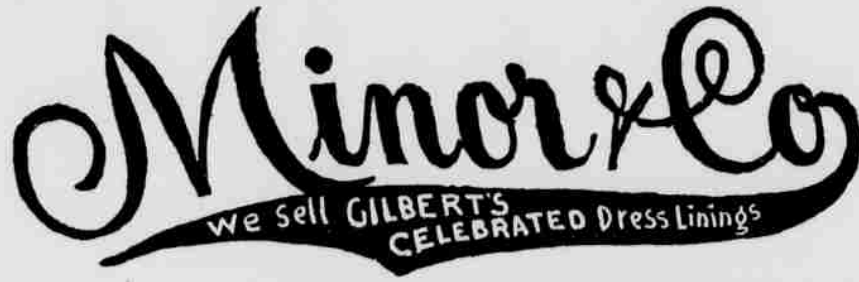

MARRIED.

WATKINS-COX—At the residence of the bride's parents Mr. and Mrs. D. Cox, Sunday, July 3, 1904, Mr. Eliasha C. Watkins and Miss Emma E. Cox, Judge T. W. Ayers officiating.

To District Clerks.

Heppner, Or., July 1, 1904.—Your district will not be entitled to any part of the state or county school funds unless your report is filed in my office by or on the 11th day of July this year. Please do not delay this matter.

J. W. SHIPLEY,
County Superintendent.

Verdict of Guilty.

Portland, June 30.—It took the jury just thirty minutes to decide upon the return of a verdict of guilty in the first degree, in the case of Frank Guglielmo, charged with the murder of Freda Guarascio, the 16-year-old Italian girl whom he killed on June 14. Miss Guarascio had spurned the attentions of her murderer. Guglielmo's attorney will take an appeal to the supreme court, but it is not stated on what grounds.

For 1905 Souvenirs.

Washington, June 30.—Secretary Shaw today approved a design for the Lewis and Clark souvenir gold dollar, which has been prepared at the Philadelphia mint in accordance with the wish of the Exposition authorities. It calls for a likeness of Lewis on one side, encircled by the words "United States of America, One Dollar," while a portrait of Clark will appear on the other side, with the words "Lewis and Clark Exposition, Portland, Oregon."

In returning the design to the Philadelphia mint, Secretary Shaw directed that the dies be prepared at once, and that 25,000 dollars be immediately

coined. Mint officials say it will be impossible, with this first lot of coin, at least, to use Oregon gold, as requested by Senator Mitchell. It is desired to complete these coins as soon as possible, in order that they may be turned over to the Exposition authorities, who will purchase them at par value. As the Exposition authorities may desire from time to time, additional souvenir dollars will be coined up to the maximum limit of 250,000 fixed by law.

The law forbids the publication of pictures of United States money. For this reason Secretary Shaw could not give out copies of the design of the Lewis and Clark dollar.
