\$1,000,000 RELIEF FUND.
San Francisco Does Not Know
What to Do With Vast
Accumulation.

San Francisco, Nov. 23.—With \$1,-
000,000 still on hand to be devoted to
the relief of the refugees, it is said that
the relief committee has held several
executive meetings to determine what
shall be done with this money. It is
claimed that the directors of the relief
fund find that the need of relief has
passed except in such cases as can be
taken care of by the regular charity
organizations.
Allan Polok, it is said, is in favor of
establishing a \$2,000,000 hospital with a
part of the fund while Herbert E. Law
would turn the fund over to the regular
charity organizations. As the wishes of
the donors of the relief funds may have
to be consulted, no decision has as yet
been arrived at by the relief committee.

Little Money.

When your Christmas present is a
year's subscription to THE YOUTH'S
COMPANION you give as much in
good reading as would fill twenty 400-

the cost of quality. For more than half
a century the wisest, most renowned,
most entertaining of writers have been

PANION will be inappropriate or un-
welcome. The boy, the girl,—every
other member of the family,—will in-
stist upon a share in it. There is no
other present costing so little that goes
so far.

On receipt of \$1.75, the yearly sub-
scription price, the publishers send to
the new subscriber THE COM-
PANION'S Four Leaf Hanging Calendar

REPORT OF GRAND JURY

**Deliberations Show Many Recom-
mendations.**

We, the grand jury, regularly drawn
for the November term of Circuit
Court, respectfully report to the Court
as follows:

We have been in session eight days,
and during that time have investigated
a great many cases presented to us by
interested persons, and have returned
into court seven true bills and one
presentment. In a number of cases we
have examined numerous witnesses,
but have not deemed the evidence
sufficient to warrant the returning of
indictments. Our work has been
necessarily prolonged on account of the
necessity for the examination of intri-
cate accounts, and expert reports, in
addition to the ordinary matters usually
brought to the attention of the grand
jury.

We have examined the various county
offices and investigated the different
county officers and the conduct of their
respective offices, and generally speak-
ing we find the officers attentive to their
duty, accommodating and obliging.

One of the most important matters
brought to our attention was the ex-
amination of the various books and
records and accounts of the various
officers of this County. In this investi-
gation we have been greatly assisted by
the report of the accountants heretofore
employed by the County Court to
examine the said books and records and
to report their findings to the Court.
Such report has been made and will be
filed for public record where the public
will have an opportunity of examining
each report, and for that reason we will
not go into detail in making up our final
report. The shortages in the office of
clerk and sheriff have been made good,
and all money paid to the county except
such as should and must be adjusted
through the county court where the
objections to liability can be made.

In the office of the County Clerk we
find a shortage to exist amounting to
\$446.16 and covering a period of the last
eight years. We have no hesitancy in
saying, however that we believe that
none of the shortage reported by the
accountants in the Clerk's office was
intentionally appropriated by the
County Clerk for that period or his
deputies, but that such shortage was
brought about, to a large extent, by
misinterpretation of the law as regards
the collection of certain fees and by
mistakes in book keeping.

In the office of the County sheriff, we
find that the sheriff spent but little time
in his office proper, but left the details
of the office work, such as keeping the
books and records and cash accounts to
his deputies; and that the sheriff him-
self performed the duty necessary to be
performed other than the keeping of the
books and accounts and attending to the
indoor office work. In this office we
find a shortage amounting to \$458.56;
and in this office, like the office of the
County Clerk, we have made careful
investigation and have reached the con-
clusion that no money was intentionally
appropriated by either the sheriff or his
deputies, but that such shortage was
brought about entirely by the failure of
the deputy who kept the books to
properly and correctly balance his
accounts, or to keep a proper system of
the records as they should be kept.

The shortage in this office covers a
period of several years, but so far as
this report is concerned we speak only
of the last four years. We are satisfied
under such careful examination as we
have made that there is nothing upon
which to base an indictment or criminal
prosecution, and that the system of
book keeping in effect in this county is
largely responsible for the mistakes
that have occurred, and we most
earnestly recommend that the County
Court provide for a better system of
book keeping and that, if necessary,
some accountant be employed to
establish such system and acquaint the
various county officers with it, and that
at least every two years such books be
checked up and audited. We think
this will protect the public and the
officers alike and will be a saving to the
County.

We have investigated the County
Hospital for the poor and find the same
reasonably well kept and have no
recommendations to make.

We have also examined the County
jail and it has been reported to us that
the County Court is making pre-
parations to repair the same so as to
make it secure so that prisoners cannot

escape as easily as they have been dis-
ing frequently in the past. If such
action has not been taken by the
County Court we recommend that it be
done at once.

We also recommend that the County
Court establish a small incandescent
light near the steps at the front of the
Court house.

We also recommend that the County
Court furnish a suitable desk or table
for the grand jury or district attorney's
room in the court house where evi-
dences before the grand jury or Dis-
trict Attorney may be properly cared
for and protected.

We also recommend that in the grand
jury room the court provide racks for
hats and books for coats.

We would also recommend that some
provision be made for beds for the trial
jury room where juries deliberating up-
on a case during the night and unable
to agree many have an opportunity to
rest.

Some matters have been brought to
our attention where further investi-
gation should be made which would re-
quire considerable time, and we feel
that it is not necessary for us to remain
in session, but that such matters will
be further inquired into by the Dis-
trict Attorney and such action as to him
seems proper will be taken, and now
having finished our labors, we respect-
fully ask to be discharged.

Thanking the Court for its kind and
courteous treatment during our sitting
as a grand jury, we are

Respectfully,
