THE PASTIME

SHOOT A SUCCESS

Many Expert Rifle Shots
in Attendance.

Four Hundred and Eighty-three
Dollars and 50 Cents Di-
vided in Purses.

The big rifle shooting tourna-
ment pulled off in this city Friday
and Saturday last was a great suc-
cess.

The attendance was large and
the interest and competition was
at a high ebb all the time.

Morrow county has some great
rifle shots and most of them were
here to compete for the fat purses.

The weather was about all that
could have been desired. A clear
sky with little or no wind, warm
and pleasant furnished a combina-
tion of ideal shooting conditions.

The distance shot was 60 yards
with a rest and the scores were
counted string measure.

Each shooter shot five shots at a
target, the distance of each bullet
ho'e from the center being meas-
ured and the whole being added
which constituted the string.

The first event was pulled off
Friday afternoon. Purse \$25.00;
33 entries; entrance fee of 10 per
cent added.

First, W. Kennedy, \$44. String
21. Second, T. W. Rippert, \$33.
String 2 11-16. Third, A. H. Mc-
McFerren, \$22. String 2 13-16.

Fourth, Jeff Jones, \$11. String,
2 29-32.

There were two events on Sat-
urday as follows:

Purse \$30: 35 entries, entrance
fee of 10 per cent added.

First, Frank Matteson, \$54.
String 2 7-16. Second, John Mc-
Ferren, \$40.50. String 2 31-32.

Third, Jack Devore, \$27. String
3-16. Fourth, T. W. Rippey,
\$13.50. String 3 2-16 full.

Last event, purse \$30, 37 entries,
entrance fee of 10 per cent added.

First, John McFerren, \$55.20.
String 2 3-4. Second, Jeff Mc-
Ferren, \$41.40. String 3. Third,
Frank Matteson, \$27.60. String
3 1-4. Fourth, Harley Matteson,
\$13.80. String 3 3-8.

LOWER RATE
ON WOOL

Baker City Gets Concession From
Railroads.

One of the greatest advantages
ever secured by Baker City has
come to it through the efforts of
the Baker County Woolgrowers'
Association, which has secured
from the O. R. & N. a reduction
in the wool rate from Baker City
to Boston. The shippers have
been paying \$2 per hundred on
wool to Boston and a rate of \$1.75
has been secured.

Akers-Comner.

Mr. Anley Akers and Miss Effie
Comner, both of Eight Mile, were
married this forenoon in the Star
Hotel parlors by Judge Ayers.

The young couple are members
of some of Morrow county's best fam-
ilies and are well known on Eight
Mile.

\$50 Reward.

The above reward will be paid for
the return of a small purse which was
lost in Heppner. The purse contained
a diamond ring with engraving on inside:
"From A to A." A gold band ring, and
a ring with garnet setting. The purse
also contained money. Finder please
leave at this office.

CLIP WILL BE HEAVY

Shearing Will be Com-
menced Early in April.

Large Majority of the Sheep Will
be Sheared by Machinery
This Season.

Sheep have wintered exception-
ally well in Morrow county owing
to the mild and open winter. Be-
ing in good condition, the wool
clip will be heavy and of fine
quality.

The shearing season will soon
be here. Already preparations
are being made for the shearing
season. Indications are that most
of the sheep will be sheared by
machinery in Morrow county this
season.

The days of hand shearing are
numbered. The Penland Land &
Livestock company will put in a
new Q. & C. 18 machine plant this
season.

The Whetstone plant will be
operated and other new plants are
talked of.

Jake Wattenburger will have a
crew of 24 expert machine opera-
tors. Some of these men are the
fastest shearers in the country.

Mr. Wattenburger has leased a
plant at Echo where he has en-
gaged to shear 60,000 head. He
will start the Echo plant about the
9th of April and expects to finish
this run about the 4th of May.

Mr. Wattenburger has contract-
ed to run the Penland plant. The
company owns 21,000 sheep.

Machine shearers will receive
eight and one half cents per head
for shearing this season.

BASE BALL
TEAM ORGANIZED

Heppner Will Have Strong Team
This Season.

Heppner fans can enjoy the na-
tional game of base ball this sea-
son.

Base ball enthusiasts were solici-
ting funds among the business
men this week and ample funds
were secured to put the grounds in
good shape and get the necessary
equipment.

The team will be known as the
Heppner High School team.

There are some crack players
among the boys.

Dr. Hunlock has been selected
as manager, which is a guarantee
that nothing will be overlooked in
bringing out the strong points of
the team.

Patriotic Lecture.

D. J. Haynes, lecturer for the
G. A. R., spoke to an enthusiastic
crowd last evening at Roberts' hall.
The subject of his lecture was "Pa-
triotism" and in his discourse he
showed that patriotism and love of
country could only be sustained by
the raising of the standard of citi-
zenship. Mr. Haynes said "that
the 'Almighty dollar' was upper-
most in nearly every American's
mind and not so much as that of
producing a good healthy body and
mind."

The lecture was very interesting
from start to finish and the stories
of the war of the Rebellion were
pleasing.

Mr. Haynes spoke to the school
children at the school house in the
afternoon.

He left for his home in Portland
on this morning's train.

ENGLAND SAYS NO ALUM IN FOOD

and strictly prohibits
the sale of alum
baking powder—
So does France
So does Germany

The sale of alum foods
has been made illegal in Washington and the District of Colum-
bia, and alum baking powders are everywhere recognized as
injurious.

To protect yourself against alum
when ordering baking powder,

Say plainly—

**ROYAL BAKING
POWDER**

and be very sure you get Royal.
Royal is the only Baking Powder made from Royal Grape
Cream of Tartar. It adds to the digestibility and whole-
someness of the food.

Portland News Notes.

The Oregon National Guard is very
active in its efforts to obtain a suitable
and permanent rifle range near Portland.
Besides being immediately available for
the use of six companies, including
those stationed at Vancouver, Washing-
ton, the range would attract any United
States cruisers and other naval vessels
to this port, since this practice is re-
quired of the navy as well. The matter
has been taken up with the United
States War Department and a strong
possible endorsement has gone forward
from the Portland Commercial Club and
other organizations of Portland.

In celebrating the opening of the new
electric interurban line between Port-
land and Salem on February 18th, the
latter city entertained numerous delega-
tions from the various cities of the Wil-
lamette Valley. Over a hundred busi-
ness men went from Portland in two
special cars. Great enthusiasm was
aroused by the speeches of both visitors
and Salem men, and all united in em-
phasizing the necessity for wide-awake
aggressive advertising to develop both
city and country. Salem contemplates
an immediate campaign as a result.

A branch of the work of the Portland
Commercial Club which many people
know nothing about is the maintenance
of an Ore on Information Bureau in
Los Angeles, which has been wonder-
fully successful in its efforts to so inter-
est Californian tourists that they may
return to their Eastern homes by way
of Oregon. Oregon literature is distrib-
uted from several of the most centrally
located offices in Los Angeles, and it is
eagerly taken. The colonist rates, and
particularly the \$30 fare from the great
middle West to all stations in the "Bea-
ver State" is emphasized in every pub-
lication given out. Eastern lectures are
also employed to a limited extent, and
Mr. Robert J. Weyh, Jr., of New York
City, has just reported a most success-
ful series, with audiences frequently
numbering in excess of one thousand
adults. "They take in every word
about Oregon," he writes, "and then
fire questions at me."

The oldest known English picture is
one of Chaucer, painted on panel in the
year 1380.

RESIGNATION OF DEPUTY CLERK

L. D. McCall Forced to Quit
Account of Failing Health.

L. D. McCall, who has acted as
deputy county clerk during the
absence of W. O. Hill, has re-
signed his term of office, having been
suffering with poor health for some time,
which will not permit continuance
of his position.

County clerk W. O. Hill has ap-
pointed Pruitt Cox to fill the
vacancy. Mr. Cox will enter upon
the discharge of his duties on the
first of March.

Plants with white blossoms have a
larger proportion of fr grant
than any others; next comes red, then
yellow and blue. Many of the flowers
of spring are white and highly fragrant,
those of autumn and winter being less
with less perfume.

There are reckoned to be at least
1,000,000 coconut trees in exist-
ence full bearing.

Of Interest To Women

To such women as are not seriously con-
cerned with health but who have exacting duties
to perform, either in the way of house-
hold cares or in social duties and func-
tions, who seriously tax their strength,
as well as nursing mothers, Dr. Pierce's
Favorite Prescription has proved a most
valuable supporting tonic and invigorat-
ing nerve. By its timely use, much
serious sickness and suffering may be
avoided. The operating table and the
surgical knife, would it be believed,
seldom have to be employed if this in-
valuable woman's remedy were resorted
to in good time. The "Favorite Prescrip-
tion" has proven a great boon to expectant
mothers by preparing the system for the
coming of baby, thereby rendering child-
birth safe, easy, and almost painless.

Bear in mind, please that Dr. Pierce's
Favorite Prescription is not a secret
patent medicine, against which the many
intelligent people are quite naturally
averse, because of the uncertainty as to
their composition and harmful character,
but is a mixture of known constitu-
ents, a full list of all its ingredients being
printed, in plain English, on every bottle-
wrapper. An examination of this list of
ingredients will disclose the fact that it is
non-alcoholic in its composition, chemi-
cally pure, triple-refined glycerine, taking
the place of the commonly used alcohols
in its make-up. In this connection it
may not be out of place to state that this
"Favorite Prescription" of Dr. Pierce's
is the only medicine put up for the cure of
woman's peculiar weaknesses and ail-
ments, and sold through druggists, and
the ingredients of which have the un-
animous endorsement of all the leading
medical writers and teachers of all the
several schools of practice, and that it is
as a remedy for the ailments for which
"Favorite Prescription" is recommended.

A little book of these endorsements will
be sent to any address, post-paid, and
absolutely free if you request same by
postal card, or letter, of Dr. R. V. Pierce,
Buffalo, N. Y.
