

A Score of New Styles of Lingerie Waists

They have fluttered in dainty as butter flies, full of the spring newness that women find so fascinating just now. Quite elaborate many of them with rich combinations of lace and insertions. These waists as they are the first of the season, are naturally built of the pick of the makers' materials and trimmings. Later on if we try to duplicate these styles the manufacturers will probably be out. He will have no more of a particular lace or nothing to quite match a certain material. These waists placed on sale are of the finest quality for medium priced waists and are easily worth the money we ask. Come in, look these values over and you will agree with us.

Big Reductions

Some features make this event decidedly different from usual waist sales. For example, every waist is perfect as far as we know, the style being this spring's fashion, made up of clean and dainty lawns and linens. These waists are not seconds, or in other words having no flaw in the weave of the goods or in workmanship. This special sale on waists will be an orderly one; there will be no hunting through fumbled and tumbled stocks for your size, but expect to find unusual prices, that are not even attempted by any other store. Sizes 34 to 42.

The Highest Price for Hogs.

D. I. Huff, of Carlton, yesterday filed suit in the State Circuit Court, asking judgment against the Southern Pacific Railway Company and the Oregon Railway & Navigation Company for \$100,730.

The case is the result of the alleged death of 11 hogs and the mental anguish suffered by the owner, who is alleged to have had an attack of nervous prostration during the three days the carload of hogs were en route from Carlton to Kenton, and the five days the railroad company held the animals pending the payment of a charge of \$5, alleged to be due in excess of the freight rates paid in advance by Mr. Huff.

Mr. Huff was at the Federal building yesterday asking for a warrant for the arrest of the officers of both roads, but the shipment being made under intrastate laws, he was referred to District Attorney Cameron, who, it is said, has promised to issue the warrants this morning.

The complaint recites that in February the principal worldly assets of the plaintiff consisted of 52 hogs, and informs the court that the hogs were of real use to mankind, to-wit, "Berkshire hogs." It is said that the animals were on track three days, during all of which time they were without care or attention. Huff declares he was refused possession of his shipment until an additional charge of \$5 should be paid, which he later paid. His car of hogs is alleged to have remained on the sidetrack eight days and when delivered 11 were dead. The value of the hogs is fixed at \$730.

The complaint alleged that "the action of the defendants was wilful and malicious, and that if he had been a man of wealth or high standing, or even a politician," the defendants would not have treated him as they did.

Mr. Huff alleges that he suffered great physical and mental pain, and his belief that the hogs were likewise afflicted. As the owner of the hogs he feels that he should be compensated for their anguish, to the extent of \$100,000.

School Notes.

In answer to many inquiries, the next eighth grade examination will be held Sept. 8 and 9.

Two pupils of District No. 51, Samuel McDaniel and Chester Musgrave, report that they have repaired the outbuildings of the school. This shows commendable enterprise on the part of the boys.

On July 5, I visited the school in District No. 42. The work is moving along nicely. The pupils are making a special effort to thoroughly master the arithmetic combinations and acquire speed as well as accuracy in calculation.

In the afternoon, I visited the school in District No. 3. The teacher, Mr.

R. G. Dykstra, and the pupils were somewhat worn out with the work of preparing and presenting a program at the celebration in Devore's grove, hence the work was not fully up to standard. However, everything seemed to be moving along smoothly. The building was slightly damaged by a run-away team on the 4th.

One of the enterprising young teachers of the county was in to inquire about some professional books to read during vacation. Young teachers who have thoroughly read White's Art of Teaching, will find Parker's Talks on Teaching, Hughes' Mistakes in Teaching, and Earhart's Teaching Children How to Study valuable books. The last named is a recent book and is well worth careful study. These books are all comparatively inexpensive. I have several other professional books at the office, which you may be interested in examining. Let me say again, do not try to read many professional books during vacation. One or two will be enough.

Respectfully,
S. E. NOTSON, Co. Supt.

Republican County Assembly.

At a meeting of delegates from all of the precincts of Morrow County in an assembly held at Heppner, Oregon on the 1st day of July, 1910 it was unanimously decided to hold a Republican County assembly at Heppner, Oregon on August 6, 1910 at 7:30 p. m. for the purpose of recommending Republican candidates for county offices to be voted for at the coming primary election.

It was further unanimously decided by such meeting that the basis of representation in such county assembly should be two delegates at large from each precinct and in addition one delegate for each ten votes for major fraction thereof cast for R. R. Butler for presidential elector at the last election. This entitled the various precincts of the county to the following representation to-wit:—Alpine 3, Cecil 5, Dairy 11, Dry Fork 4, Eight Mile 5, Gentry 6, Heppner 8, Irrigon 4, Lena 5, Lexington 8, Matteson 10, Mt. Vernon 12, Pine City 4, South lone 8, North lone 4, Well Springs 3, total 100 delegates.

It was further unanimously decided that Precinct Assemblies for the purpose of electing delegates to the County assembly be held in each precinct on Friday August 12, 1910 at such time of day as the precinct committeeman for such precinct may determine, and that in case a meeting should not be held the precinct committeeman appoint the number of delegates to which his precinct is entitled; that no proxies be allowed but that the majority of the delegates attending from any precinct vote the entire strength of such precinct in the County assembly.

The secretary was instructed to give notice through the press of the action taken by the meeting first named and to urge the Republican voters of each precinct to meet in precinct assembly on August 12 and elect delegates to the County Assembly, and to see to it that their respective precincts are fully represented in the County Assembly in order that the same may be thoroughly representative of the entire county.
