J. H. Bellenbrock this week sold his mammoth Missouri Jack, Sampson, to R. B. Rice. Mr. Rice will stand the animal for the season at the Andrews ranch, north of Lexington. This is a fine animal and the getter of some good colts. Mr. Bellenbrock had a colt born to a 4-year-old mare this week, sired by this jack, that stood 40 inches high, when it was four hours old. He has some other jacks left that are just as good as this one.

Rufus Farrens and wife were in Heppner over Thursday night, returning home by way of Ione on Friday. While there is not quite as much moisture in his immediate vicinity as Mr. Farrens would like to see, yet he thinks prospects were never brighter for a good yield than they are at the present time, and he does not expect to be worried over what the future may bring forth. Rufus is one of our most successful farmers and is the right sort of a booster.

F. E. Bell was in from Blackhorse, Saturday. He has not disposed of his last season's crop of wheat yet, but as prices are now steadily advancing, he expects to let go pretty soon. Prospects for this season are excellent; plenty of moisture and soil in fine shape. While digging post holes the past week to put in a new gate, Frank says he went down more than three feet and found nothing but good wet dirt all the way, so there seems to be plenty of moisture in reserve.

R. G. Jones, of Lone Rock, returned Thursday evening from a visit of several months at his old home at Galax, Virginia. He was accompanied by Rufus Higgins, who expects to take up his residence in this part of the country. Guy says the weather was mighty fine in Old Virginia when he left; that they had experienced a fine winter, but he is glad to get back to Oregon—the best spot on earth after all.

W. P. Dutton came near having to call in the fire department one morning last week to help subdue a blaze that started in the kitchen after the fire had been lighted to get breakfast. The house to be fire over the kitchen range and was making good headway when discovered. It was necessary to pour several buckets of water on the flames before they were subdued.

Oregon spends a half million to induce eastern capital to come and develop the resources of our state, and then sends over six millions out in insurance premiums. Is this consistent when we realize that the Columbia Life Insurance Company, of Portland can furnish as good insurance as the best eastern companies, and at no higher cost? See L. W. Briggs, the local agent, who will be glad to explain its contracts. tf.

## Ladies Footwear--

Inasmuch as the narrow, short skirt is to be more than ever the vogue this spring, it means an increased demand for walking shoes that possess every possible bit of character--shoes strictly in keeping with the natty tailored costumes. Pumps in Russian calf, patent colt and gun metal and in most cases with straps, are proclaimed the more correct in style. In Oxfords, the three-button effect is a promising favorite. Rather high shapely heels, vamps cut extremely low and a gracefully lined arch, are the characteristic points that one cannot help but admire in all of these newer spring footwear styles.

Our present assortment of styles and leathers is more complete than ever before at this time of year, so that we are ready to show them to you at any time convenient to yourself.

We have a popular assortment of Ladies' Pumps and Oxfords at from \$2.00 to \$4.50.

**Men's Shoes and oxfords**—We have both high and low cut shoes this season which are sure to please. Styles that are exclusive with us. Men's oxfords in patent, gun metal, Russian calf, and vici, from \$3.75 to \$5.00.

### Warning to Railroad Men.

Look out for severe and even dangerous kidney and bladder trouble resulting from years of railroad. George E. Bell, 639 Third St., Fort Wayne, Ind., was many years a conductor on the Nickel Plate. "Twenty years of railroad left my kidneys in terrible condition. There was a continual pain across my back and hips and my kidneys gave me much distress, and the action of my bladder was frequent and most painful. I got a supply of Foley Kidney Pills and the first bottle made a wonderful improvement and four bottles cured me completely. Since being cured I have recommended Foley Kidney Pills to many of my railroad friends." For Sale by all Druggists.
