Horse Sense.

"Any fool can take a horse to water, but it takes a wise man to make him drink," says the proverb. The horse eats when hungry and drinks when thirsty. A man eats and drinks by the clock, without regard to the needs of nature. Because of careless eating and drinking "stomach trouble" is one of the commonest of diseases. Sour and bitter risings, belching, flatulency, unnatural fullness, after eating, dizziness, headache, and many other symptoms mark the beginning and progress of disease of the stomach.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It cures through the stomach diseases of other organs which have their origin in a diseased condition of the stomach, and allied organs of digestion and nutrition. It strengthens the stomach, purifies the blood, cures obstinate cough and heals weak lungs.

"I was taken with Grippe, which resulted in heart and stomach trouble," writes Mr. T. R. Canfield, Montclair, Alleghany Co., N. C. "I was unable to do anything a good part of the time. I wrote to Dr. Pierce about my condition, having full confidence in his medicine. He advised me to take his Golden Medical Discovery, which I did. Before I had finished the second bottle I began to feel better. I have used nearly six bottles. I feel thankful to God for the benefit I have received from Dr. Pierce's Golden Medical Discovery. I can highly recommend it to all persons as a good and safe medicine."
