Wanted to know why the women will not marry as they grow from childhood? That is the question that is being asked by the public.

It is well that a young woman should be educated in the home. This is the best preparation for the life she will lead.

Education in the country is being neglected. The government should take more interest in the progress of our schools.

How can we improve the state of our country? The answer lies in the hands of the people.

The population of Oregon is increasing rapidly. This is a source of pride for our state.

Editorial mention of the Wallowa Chieftain has been made in the national press.

THE QUESTION OF Good Reading Matter.

It is our opinion that in a great many minds, men, women and children have begun to think about good reading matter for each member of the family.

Stop and think
Let us recall the question: You will feel better satisfied, because the most popular and most progressive newspapers are the monthly and weekly magazines. They are interesting and instructive and look on every paper. We are the agent for every magazine published in the United States or Europe, and we can furnish you magazines for the children of any age as well as for grown people.

Another Point

Good magazines are not expensive these days. A few of the most popular "dollar a year" magazines are given below. They contain the best literature of modern times, which cannot fail to please all who are fortunate enough to be a reader. Here they are:

- The National Magazine.
- Ladies' Home Journal
- Woman's Home Companion.
- Delicacies.
- Designer.
- Mystery.
- McClure's.
- Cosmopolitan.
- Leche's.
- Scoones.
- Saturday Evening Post.
- Junior Munchy.

The higher priced magazines, varying in price from \$2 to \$4 per year are:

Review of Reviews,
World's Work,
Harper's publications,
Scientific American, etc.

If you want a Teacher's magazine, or one devoted to Music or any other profession, we can secure it for you.

Scarcely all the magazines are published so as to reach the publisher between the 20th and 25th of each month.

They in fact see the samples, and if they suit you, you can have your order.

PULLMAN ORDINARY SLEEPERS.

The tourist travel between the East and the Pacific Coast has reached enormous proportions in the last few years, and calls for a special class of equipment.

To meet this demand the Pullman Company has issued from its shops what it technically calls the "Pullman Ordinary Sleeper." These sleepers are similar to the regular sleepers being built on the same plan, but are furnished with the same equipment. They are equipped with mattresses, blankets, pillows, pillow-cases, towels, comb, brushes, etc., requiring nothing of the kind to be furnished by the passenger.
