ON FIRE.

An exploding lamp; the clothing in a blaze; a paragraph in the paper telling of horrible suffering from burns. Tragedy in this form moves a man to tears. But for women who are daily being consumed by the smoldering fire of disease there is little sympathy. Inflammation, with its fierce burning; ulceration, eating into the tissues; the nervous system almost shattered by suffering, these are only part of the daily agonies borne by many a woman.

Dr. Pierce's Favorite Prescription puts out the fire of inflammation, heals ulceration, and cures female weakness. It tranquilizes the nerves, restores the appetite, and gives refreshing sleep. "Favorite Prescription" is the most reliable put-up medicine offered as a cure for diseases peculiar to women. It always helps. It almost always cures.

"When I first commenced using Dr. Pierce's medicines," writes Mrs. George A. Strong, of Gausevoort, Saratoga Co., N. Y., "I was suffering from female weakness, a disagreeable drain, bearing-down pains, weak and tired feeling all the time. I dragged around in that way for two years, and I began taking your medicine. After taking first bottle I began to feel better. I took four bottles of Dr. Pierce's Favorite Prescription, two of 'Golden Medical Discovery,' one vial of the 'Pleasant Pellets,' also used one bottle of Dr. Sage's Catarrh Remedy. Now I feel like a new person. I can't thank you enough for your kind advice and the good your medicine has done me."

Dr. Pierce's Common Sense Medical Adviser, paper bound, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

Mr. and Mrs. Willis Wright and Mrs. Fleet of Arko, were guests of Mr. and Mrs. W. H. Baker Sunday.

R. M. Needham went to Paradise last Thursday to speak on Fraternism. He expects to organize a lodge in Flora of the Modern Woodmen of America.

CHICO.

George Miller will begin fencing in the near future on Elk creek.

Weather here.

The grass is growing rapidly.

The outlook for food is good at present, as the cold weather did little if any damage.

Several of our citizens went out to the valley the first of the week.

Some of the farmers are cowing grain—all are plowing.

Thos. P. Rich is improving his farm in the way of a new fence.

Fred Mitchell acting as deputy U. S. Marshall visited the Park looking for a witness.

The stock has wintered fine and there is plenty of hay left, in case a second winter comes.

The Park Literary gave a social and entertainment for the purpose of raising funds for improvements on the school house. All went home well pleased.

Many people fall into the error of believing that a thorough education unfits for the common walks of life; or at least it is unnecessary. This is certainly a great mistake. Any man can use an axe or a hammer all the better for knowing something of mechanics; and any girl can cook a better dinner if she has some knowledge of chemistry. Then again you cannot educate one faculty without developing them all. Intellectual development is physical development. Mental training makes the man a better working man, besides it adds to his enjoyment and usefulness. Get all the education possible when young, without sacrificing health. The young man or young woman cannot be too well equipped to battle with the world when they go forth to earn a living and to take a position.

The St. Paul Ry. has adopted a wonderful new electric head light on their locomotives. Besides a very powerful electric flash which throws a light ahead for many miles, a vertical ray streams straight up and is reflected in the sky above. This heralds the approach of a train when rounding curves, where the straight ahead light is useless. In a recent test the approach of a train ten miles away was made known by the reflection in the sky. The officials of the road have given the new head light thorough tests, and will likely adopt it on all their engines.
