VIKS GET P. HILL'S GOATS

By NED HICKSON
Siuslaw News

SIUSLAW: 00 07 03 14 — 24
P. HILL: 06 00 00 00 — 06

When junior runningback Cade Clawson scampered into the end zone late in the fourth quarter for his first varsity touchdown, it capped an evening of football that was a mixture of excited fandom as well as some silent reflection.

Held on 9-11, Friday's game began with a moment of silence as a nearly packed stadium reflected on what happened that day 14 years ago, as well as the liberties we enjoy as Americans —

Viking runningback Cade Clawson gets a first down early in the first quarter. Clawson scored Siuslaw's last touchdown of the game for the final score, 24-6.

including Friday night football at high schools around the nation.

Following that reverent moment, there was another kind of silence as Viking fans watched Pleasant Hill drive its way into the end zone for a quick 6-0 lead less than two minutes into the game.

It was the last time there would be any kind of silence in the game.

Sailors whoop Wasco County

By NED HICKSON
Siuslaw News

The Sailors opened their football season with a solid road win, taking on South Wasco County last Friday and dominating the Redsidés for a 36-14 nonleague win.

"When you only have 12 kids for an eight-man team, everyone has to do their job," said Mapleton coach Jeff Greene. "Everyone worked hard and did what they

SHS shows well at Ash Creek Inv.

By NED HICKSON
Siuslaw News

After getting a taste of Far West competition last week, Siuslaw took things up a notch over the weekend during the Ash Creek Cross Country Festival in Monmouth, where the Viks faced off with some of the region's top runners in several divisions.

Once again, junior harrier Celie Mans was Siuslaw's top points-maker, finishing 11th individually with

On the Bite

A WEEKLY
FISHING REPORT FOR
THE LOCAL REGION

www.dfw.state.or.us/RR

MID COAST LAKES

Fishing for the various warm water fish species is fair to good during the summer months. There are numerous lakes in the Florence area that can provide good opportunity and have boat and bank access.

SIUSLAW RIVER:
Cutthroat trout

The cutthroat trout fishery is slow to fair. Fishing during the early mornings or in the larger tributaries is the most productive. River conditions are very low and warm for this time of year. Bait is not allowed above the head of tide but small spinners, spoons and fly fishing can be very productive.

ALSEA RIVER: cutthroat trout

The cutthroat trout fishery is fair in the mainstem and in some of the large tributaries. With the low and warm river conditions the best opportunities will be in the early morning when water temperatures are the coolest. Small spinners are typically productive as well as small spoons or fly fishing with nymphs or streamers.

SILETZ RIVER:
Steelhead, cutthroat trout

Summer steelhead fishing is fair in the upper river. Low flows and warming river temperatures are making new fish race up into the cooler holding waters of the gorge area. New fish will continually be moving into the river through the summer and early fall. River flows are much lower than normal for this time of year so think small and subtle presentations.

Typical steelhead tactics apply such as bobber and jig / bait, or casting spoons or spinners. Cutthroat trout are now also open to harvest and can be found throughout the main stem river and many large tributaries.

WILSON RIVER:
Steelhead, Chinook, cutthroat

Summer steelhead fishing is slow. Fishing for cutthroat trout should be fair. Use lighter gear for best results as the water is extremely low and clear. Spring Chinook fishing is closed. All angling is closed after 2 p.m. above tidewater until further notice.
