A real estate exchange has been organized at Portland.

Job printing, cards, tide tables, bill heads, letter heads, etc., at lowest prices at THE ASTORIAN job office.

The Columbia sailed yesterday for San Francisco; she carried from here 275 M lath, 920 pkgs. shooks and 40 sks. oysters.

Work progresses at the Clackamas salmon hatchery. The work of hatch-ing the eggs will, it is thought, be begun next August. The transfer of the Hoosac tunnel

by the state of Masachusetts to the Fitchburg road may be considered a The fine weather has started work in the logging camps, and general ac-

tivity has taken the place of the former dullness in that department. Messrs. Brain & Elbon yesterday leased from H. Oliverson, Young's river falls for ten years, and will im-

Baird's mammoth minstrels will be here on the 31st inst., and will give one of their renowned perform-ances at Ross' opera house. The sale of reserved seats will begin at the New York Novelty Store on the 26th They will have a big house.

The Portland Rowing Association invite all amateur oarsmen on this coast to take part in their annual re gatta. They solicit correspondence from all clubs asking for their views as to the best times for all to participate. The races will be rowed under the rules of the National Association of Amateur Oarsmen.

For some time F. Campbell has been making life a burden to A. Brungardt by threatening to bruise and beat him on sight. Last Sunday night he found Brungardt and bat tered him plenty for alleged cause The second act in the drama was played yesterday before Justice Cleve-land, costing Campbell \$23.

It is thought a new deep sea fish ing scheme will shortly be organized and a sail schooner put on to fish outside the bar and along the coast. It does seem as though the business could be made to pay. There is a constant demand for such fish as are in plenty outside and with a perma-nent depot at Portland it is probable all that was caught could be disposed of here and there.

Capt. Al. Harris, late chief of the life saving station at Cape Hangock, received a present yesterday of which any man might well be proud. It is a binocular telescope, handsomely fitted and suitably engraved, the inscription setting forth that it was presented to him by A. McLean, J. M. Erp, J. Q. Church, F. C. Marden, A. Brown, C. D. Stuart, Wm. Fry, W. H. Helmken, surfmen and members of the life crew with which Capt. Harris was so long and creditably connected. The glass cost \$43, and is highly valued by its owner by rea-son of the kindly feelings that prompted the gift.

The examination for public school teachers' certificates begins at county superintendent Page's office at noon to-morrow. This is the first examination under the new law. There will be three grades of certificates, first, second and third. A first grade certificate entitles one to teach for a period of two years in any of the pubic schools of the state; second grade, a term of one year; third grade, for six months. In obtaining certificates, the following percentages are necessary: First grade, 90 per cent; second, 80 per cent; third, 70 per cent. All examinations must be public, and no one under eighteen years of age will be granted a certificate.
