Is often the beginning of serious affect tions of the Throat, Bronchial Tubes and Lungs. Therefore, the importance As you have not had the output of of early and effective treatment cannot this hatchery for this year and the be overestimated. Ayer's Cherry Peclast of 1887, I will try and give toral may always be relied upon for the you the particulars. In the first speedy cure of a Cold or Cough. Last January I was attacked with a severe Cold, which, by neglect and frequent exposures, became worse, finally settling on my lungs. A terrible cough scom followed, accompanied by pains in the cliest, from which I suffered intensely. After trying various remedies, without obtaining relief. I commenced taking place there is no good water, on account of chalk, and also it is in a poor location at the extreme end cess in its present location. It was out obtaining relief. I commenced taking Ayer's Cherry Pectoral, and was aged 16 degrees and 18 degrees for a month during the time you I contracted a severe cold, which suddenly developed into Pneumonia, presenting dangerous and obstinate symptoms. My physician ordered the use of Ayer's Cherry Pectoral. His instructions were followed, and the result was a rapid and permanent cure.

H. E. Stimpson, Rogers Prairie, Tex. ley, and we lost at least 100,000 eggs by the cold. Our water in the hatching house was frozen over for two weeks at a time, and ice formed in the hatching house from thick. There was at one time at least fifty tons of ice on the floor of the hatching house. Young fish and eggs could not be seen to work for at least the same length of time. It is also the same length of time. the dripping of water, three feet of time. It was the worst winter I ever experienced in the state, of twenty-nine years residence. This place could not be made a success Lung diseases, ever used in my family.

— Robert Vanderpool, Meadville, Pa. under any circumstances, as it is Some time ago I took a slight Cold, which being neglected, grew worse, and settled on my Lungs. I had a hacking cough, and was very weak. Those who knew me best considered my life to be in great danger. I continued to suffer until I commenced using Aver's Cherry ing ground, and fish are done spawning before they get there. Salmon generally spawn before they get here on the first smooth, sandy and small gravel bottom, and up this high, it is poor spawning and there is a rocky bottom. Old residents here say there were more salmon this year, up here than for ten years past, and out of all this we caught nearly 4000 salmon and seven female spawners, so you see they don't come up this high to spawn. Well we have closed down for good. We have turned out

until I commenced using Ayer's Cherry Pectoral. Less than one bottle of this valuable medicine cured me, and I feel that I owe the preservation of my life to its curative powers.—Mrs. Ann Lockwood, Akron, New York. MIDDLE-AGED MEN There are many at the age of 30 to 60 who are troubled with too frequent evacuations of the bladder, often accompanied by a slight smarting or burning sensation and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits, a roop sediment will often be found, and sometimes small particles of albumen will appear, or the color will be of a thin, whitish hae, again changing to a dark, torpid appearance. There are many men who die of this diliculty, ignorant of the cause, which is the second stage of seminal weakness. DR. SPINNEY will Guarantee a Perfect Cure in such cases, and a healthy restoration of the genite-urinary organs.
