Ayer's Hair Vigor keeps the hair soft and pliant, imparts to it the lustre and freshness of youth, causes it to grow luxuriantly, eradicates Dandruff, cures all scalp diseases, and is the most cleanly of all hair preparations.

AYER'S Hair Vigor has given me perfect satisfaction. I was nearly bald for six years, during which time I used many hair preparations, but without success. Indeed, what little hair I had was growing thinner, until I tried Ayer's Hair Vigor. I used two bottles of the Vigor, and my head is now well covered with a new growth of hair.

—Judson B. Chapel, Peabody, Mass.

A Number of Annoying Traditional

NATIONS ABOUT EATING.

Bubbles Pircked by Prof. White. It has been an old notion from way back that certain kinds of food must be avoided because they tend to produce certain kinds of disease. This notion has been fostered by alleged physicians who publish health journals, and are always laying down rules about living, which if any one undertook to follow literally and scrupulously, would make life a burden from the cradle to the grave. Some years ago Dr. Dio Lewis, who was regarded as somewhat of a health of cancers, loosened and desbutter or their faces would break out with "butter sores." It is an old time tradition that buckwheat cakes are productive of skin diseases, and the Scotch are said to be cursed with the itch because they eat so much oatmeal. Dr. James C. White, professor of dermatology in Harvard University, in a recent article on cutaneous diseases, pricks some of those annoying traditional bubbles. He says that uncooked butter is perfeetly harmless food so far as the skin is concerned, and it is difficult to conceive how any one would have otherwise unless, possibly, the use of bad butter in food otherwise indigestible may have disturbed the stomach and produced impure blood. Buckwheat cakes do not produce cutaneous diseases. unless improperly cooked and eaten hot with too much syrup, they upset the digestion. Oatmeal is perfectly harmless food, and the British woman is made up - Chicdea that tomatoes cause cancer is ridiculous. Dr. White says that the eating of fruits, nuts and fish may lead to irritation of the skin in certain individuals, but this arises from some cause peculiar to

the individual. The notion that

Attention has been called to the fact that the extravagant real estate speculation which has been carried on all over the country for months has created a large amount of new rotted by freshets, is laid bare to the sun's rays by the retiring flood, Millions of square and additional debts in the form of acres, in the vicinity of the great tributaries of the Mississippi and the Missouri in the South and South-west, give forth this fever-inden miasmatic vapor, disseminating malariai pestilence broadcast. Not only throughout the great West, but wherevor on this continent fever and ague makes its periodical appearance—and what locality is wholly exempt from it!—Hostetter's Stom-Bitters is the recognized defense, the most highly accredited and popular means of cure. Fever and ague, billious remittent, durbague and ague cake are eradicated by it. Nor is it less potent when used to remove constipation, liver complaint, and dyspepsia, kidney troubles, nervousness and rheumatic ailments. Use it upon the first appearance of these troubles, and with persistence. first, second and third mortgages, which multiply rapidly as prices are marked up. It is a very moderate estimate to say that the average prices of real estate in the most prosperous towns and cities of the United States have been marked up at least 50 per cent in the last six months, some of it two or three times, and the lessons of history tell what must be the final result of such reckless and dangerous inflation. Senator Mitchell has given notice that next Wednesday he will
