The A. B. Field left yesterday for Tillamook.  
 The pilot schooner C. G. White goes to sea this morning.  
 The pilot schooner Gov. Moody came in from the offing last evening.

The Terpsichorean social club will give a grand party next Friday evening the 26th inst.  
 Capt. Young invites proposals for dirt and pile work at Dry Stocking bar, Tillamook bay.

Chief of police W. J. Barry has appointed Geo. Evans poundmaster. Now get your dogs licensed.  
 The steamer Gen. Canby will leave for Fort Stevens and Ilwaco at 7 o'clock this morning instead of eight.

The lawn tennis club will inaugurate a series of games this evening at their grounds next to the opera house.  
 The Educational Review, is received. Its editor and proprietor is Albert Lyser. He is a thief and a liar.

The seventh annual convention of the Woman's Christian Temperance Union, of Oregon, will be held in Salem, May 8, 9 and 10.  
 The new law which goes into effect on the 28th inst., requires all the physicians practicing in the county to register at the county clerk's office.

The pilot boat Enoch Turley has been given up as lost. She has been out from Philadelphia ten days. She carried five pilots and a crew of six.  
 Large numbers of seals and sealions are still reported at the mouth of the river. They have probably heard of Paul Boyton, and want to get a look at him.

Fractional surveys of T. P. N. R. 8 E., and T. P. S. R. 8 E., W. M., have been made and the plats will be filed in Register Burney's office on the 6th of May.  
 The Salvation Army has left Albany to its final fate and marched away with drums beating and banners flying. The Albany folks are greatly pleased.

Bids are asked for the laying of two pipe lines of 600 feet each, one just east of John A. Devlin's cannery; the other just west of the Columbia cannery.  
 There will be a rehearsal of the Cantata of David at Ross' opera house next Monday evening, the 22nd. All the members of the class are requested to be present.

The suit of the Ilwaco railroad company against B. A. Seaborg has been amicably settled. Mr. Seaborg giving the company 500 feet of the property for terminal facilities.  
 At 2 p. m. to-day B. S. Worsley will sell the entire furniture of the restaurant on the roadway, opposite the Pacific Union cannery. Splendid new range, tables, chairs, castors, crockery, etc.

Portland will celebrate the centennial inaugural on the 30th. Co. "H" is thinking of going, but as they have to pay army rent and other expenses their ardor is slightly dampened.  
 Passengers holding first-class tickets will, by order of the Southern Pacific, henceforth be permitted to take second class Pullman sleeping accommodations on the payment of additional charges.

At a compromise caucus held in Detroit the other night the burden of all the speeches was that the best man should be voted for. After the ballot it was discovered that every man had voted for himself.  
 Repairs and refittings have been bestowed on the M. E. church to an extent that makes its interior compare favorably with that of any other church edifice in the state. Divine service will be resumed here to-morrow.

Some time ago two of the fire alarm boxes were burned out and the necessary appliances for repairs were sent for. They arrived yesterday from San Francisco, and yesterday electrician Worsley was putting the system in repair for active service again.  
 Yesterday afternoon a man named Charles Bergman, working at the Occident cannery, slipped from the roof of a shed and stuck his right foot in a tank of boiling tan bark, scalding it very severely. Medical attendance was called and the sufferer left as comfortable as possible.

The memory of Lord Beaconsfield, the great English premier, is annually observed by many Englishmen the world over on April 19th, by wearing a primrose, his favorite flower. He died April 19th, 1881, and yesterday several were seen on the streets with a primrose in their buttonholes.  
 Freddie Wilson, the boy in the jail is incorrigible. He plays all manner of tricks, turns the loose on the other prisoners, whenever he gets a chance, steals the grub, breaks the broom and capers all over. Sheriff Smith has been compelled to lock him in the tank to keep him from throwing the house down.

In the case of John Drouillard, second assistant engineer of the steamship Corona, charged with having killed Pedro Riberos, a fireman on that vessel, on March 26, shortly after she sailed from San Francisco, the U. S. grand jury at Portland last Thursday returned a true bill charging Drouillard with wilful murder.

A flag at half mast on the German bark Solide yesterday attracted a reporter's attention. "Some death has occurred aboard," was the first thought, but inquiry elicited the fact that the flag was half mast because the day was good Friday, the day on which the Christian world commemorates the crucifixion of Christ.

The New England fishing schooners Edward W. Webster and Mott Adams, which came out to this coast from Gloucester, Mass., a year ago, and are now out on a sealing cruise, have been sold to William Huddler, now master of the Webster, by captain Solomon Jacobs. The price of the former was \$7,000; of the latter \$10,000.

The Orting Oracle says: The south fork of the Puyallup is becoming a fruitful field for the skillful trapper. The trappers who came to town this week report a catch of nearly \$900 worth of beaver, otter and mink along the banks of that stream. The otter caught were of the black kind, whose coats are the finest found anywhere. This catch was the result of about three weeks' work.

Fish commissioner Thompson tells the Oregonian that the pack at the Clackamas hatchery has been closed so that the salmon cannot go further up where the hatchery is located. Mr. Thompson thinks the pack should have been closed two or three weeks ago, as the season is an early one and the salmon have been ascending the river for some time.

The Idaho is now on the Portland-Astoria-Sound route. Her former master, Captain Hunter, has been transferred to the Geo. W. Elder, soon to take the Idaho's place between here and Alaska. The Idaho will have as her master, Captain Augustine, and will run as a freight vessel exclusively, carrying no passengers. After a time it is altogether probable that a passenger steamer will be put on this route.

So few burglaries happen in Astoria, that they are not looked for much by the purveyors of news items. How ever there was a little one for a bit as it were, at the residence of H. Kirchoff at an early hour yesterday morning. The bold bad man got \$4 out of Mr. K's trousers pocket, and going into another room awakened the inmates who raised an alarm when the burglar fled up to present writing has not been apprehended.

Yesterday morning Willie Laws was driving one of Sherman & Ward's buggies and had occasion to get out at the Occident. While standing alongside the buggy the horse started to run and before the driver could get hold of him he was going at a rapid rate, but before going far struck Wherry's butcher wagon taking a wheel off. After going a little farther the buggy capsized, when the fiery steed was stayed. The buggy and horse sustained no damage.

Last Thursday morning fire was kindled in a general merchandise store in Cheney, eastern Washington. The fire apparatus, on being brought out for work, was found to have been tampered with. Wooden plugs had been inserted in the hose nozzles, and before they could be removed the fire had gained such headway as to be beyond control. It swept down Main street, and the flames destroyed fully half of the beautiful city. Flares are under way to erect four or five large brick blocks, and work will be commenced on rebuilding as soon as the ruins can be cleared away.

The O. R. & N. Co. is having printed a folder descriptive of summer towns on the Columbia river route. It has some thirty-five illustrations of striking bits of scenery on this coast, including our snow peaks, the Cascades, Elito's glacier on Mount Hood, the Illumination rock, the falls of the Willamette, Hood river, Cape Hancock, the mouth of the Willamette, the big Portland hotel, the steel bridge, Ilwaco, fish traps, this city and many other points of interest. The folder will be printed in several colors, and will give travelers a good idea of what this section has in the way of fine scenery.

State Board Pilot Commissioners.  
 Mr. A. Montgomery yesterday morning received his commission from secretary of state Geo. W. McBride, a member of the board of pilot commissioners of the state of Oregon, for two years, ending on the 16th inst. Mr. Louis Wilson, the other Astoria member of the board, expects to receive his about the 26th. Capt. J. A. Brown, the third member, is in California, and on his return it will be decided when the board will have its first meeting.

Coming Theatrical Attractions.  
 The following companies are booked for Ross' opera house: Monday and Tuesday, May 6th and 7th, J. K. Grismer and Phoebe Davies; Wednesday, May 22nd, Bill Nye and Joshua Whitcomb; Wednesday, June 26th, Lilly Clay Burlesque Co.; Saturday, August 17th, Margaret Mather the great Shakespearean actress; Saturday, September 28th, the Little Lord Fauntleroy Co.

Attention No. One.  
 A special meeting of Astoria Engine Co. No. 1 will be held this Saturday evening, April 20th, 1888, at 7:30 o'clock, to take action on the election of chief engineer. By order  
 F. H. SURPRENANT, Foreman.  
 C. J. CURTIS, Secretary.

Attention Alert H. & L.  
 There will be a special meeting of Alert H. & L. No. One, on Monday evening the 22nd inst., at eight o'clock sharp. A full attendance requisite.  
 P. W. WEEKS, Pres't.  
 F. I. DUNBAR, Sec'y.

THE LADIES DELIGHTED.  
 The pleasant effect and the perfect safety with which ladies may use the liquid fruit laxative, Syrup of Figs, under all conditions make it their favorite remedy. It is pleasing to the eye and to the taste, gentle, yet effectual in acting on the kidneys, liver and bowels.  
 Easter Eggs: Easter Eggs.

H. M. Thatcher, opposite the Parker house, will give away those fine Easter eggs in his show window to purchasers of goods at his store to-morrow.  
 Coffee and cake, ten cents, at the Central Restaurant.  
 Tender, Juley Wren at Jeff's.

**THE CZAR IN DANGER.**

Plot to Assassinate Russia's Ruler.  
 Stanley's Work in The Dark Continent.  
 St. Petersburg, April 19.—The police have discovered the existence of a nihilist plot to assassinate the czar with dynamite while attending the funeral of the late Gen. Paucker, the minister of roads. The czar was immediately warned not to attend the funeral. A number of persons have been arrested.

STANLEY'S LETTER SUMMARIZED.  
 LONDON, April 19.—The Times summarizes fully the substance of Stanley's discoveries, as reported to the Royal Geographical society, and says: Stanley shows the region traversed by him is probably the most extensive forest region in all Africa, resembling in many respects the tropical forest region of South America. He has definitely settled the courses of an important affluent of the Congo and its tributaries, has defined the southern limits of the Albert Nyanza, and found that it is radically decreasing. He has all but established the fact of the existence of a separate lake to the south of his own lake, discovered on his great journey across Africa, which it will probably be found, drains into the Congo, and not into the Nile; and, no doubt, on his return Stanley will be able to tell us more of the snowy mountain rivaling the Kilimanjaro, far away to the southeast of his standpoint on the west shore of the Albert Nyanza. It now seems fairly clear that the natural outlet of the region around the Albert Nyanza is not by Aruwimi, with its many rapids and almost impenetrable forest, but eastward by the Victoria Nyanza and British east Africa.

THE PROMISED LAND.  
 WICHITA, Kan., April 19.—Among other outfits for the Oklahoma border are three wagon loads of coffins. That trouble is anticipated is evidenced by the number of wills that have been made and lodged with bankers during the last few days. Much money has been deposited, with instructions to send it to certain addresses in case the depositors are not heard from within a reasonable time.

AN IMPORTANT RULING.  
 WASHINGTON, April 19.—Secretary Windom, in response to a letter of inquiry from T. O. Hague, of New York city, has decided that machinery belonging to a foreign manufacturer, who desired to transport his entire plant and workmen to the United States cannot be allowed to enter free of duty, and that the transportation of workmen in such manner cannot be allowed, as it would be in violation of the law prohibiting the importation of contract labor.

THE U. P. BACKS OUT.  
 CHICAGO, April 19.—It is reported that the Union Pacific has concluded to withdraw its guarantee of 6 per cent. for the Oregon Navigation stock, which it agreed to with the Northern Pacific when it entered into a compact with the latter company a year ago, dividing up the territory embracing western Montana, Oregon and Washington territory. The alliance has been unprofitable to the Union Pacific and the compact, it is said, will be abandoned.

PERSONAL MENTION.  
 H. S. Gile, of Ilwaco, is in the city.  
 Coroner Surprenant returned yesterday.  
 Fish commissioner F. C. Reed is in the city.  
 C. W. Fulton arrives from Chicago this morning.  
 Mrs. J. H. D. Gray has returned from Vancouver.  
 J. E. Ferguson came down from Portland yesterday morning.  
 C. B. Allen is convalescent, and again able to be on the street.  
 G. C. Fulton and wife returned from a trip to Portland, yesterday.  
 County clerk Trenchard returned from Portland yesterday morning.  
 Ben Yale, the popular steward of the Occident, went to Portland last night.  
 Peter Crain takes the place of the insane engineer Copperwith on the steamer Michigan.  
 Miss Hattie Bitley returned from Portland yesterday where she has been visiting her sister.  
 Ex-senator Benj. Stark, of Connecticut, is in Portland. He represented Oregon in 1862. That was before you came here.  
 W. H. Vanderbilt's son-in-law is headed this way. His name is Webb. He is going to Alaska and has chartered a steamer at \$460 a day.  
 Lieut. J. E. Runcio, 1st Art., acting engineer officer, has been ordered to Fort Canby under special instructions from Gen. Gibbons.

How Men Die.  
 If we know all the methods of approach adopted by an enemy we are the better enabled to ward off the danger and postpone the moment when surrender becomes inevitable. In many instances the inherent strength of the body suffices to enable it to oppose the tendency toward death. Many however have lost these forces to such an extent that there is little or no help. In other cases a little aid to the weakened lungs will make all the difference between sudden death and many years of useful life. Upon the first symptoms of a Cough, Cold or any trouble of the Throat or Lungs, give that old and well known remedy—Boschee's German Syrup, a careful trial. It will prove what thousands say of it to be, the "benefactor of any home."

A gentleman who has just returned from Portland says he's often heard of tussels on boots, but he never heard of bells on garters before. Those tussels hadn't struck The Dalles yet—Mountaineer. In this city the order of things is reversed. Instead of garters having bells, our bellies all have garters.—Pasco Headlight.

C. R. F. F. U. Notice.  
 A special meeting of the members of this Union will be held at Ross' Opera House, on Saturday, April 20th, at 2 p. m. sharp. All members in good standing are earnestly requested to attend. By order of the Ex. Committee.  
 A. SUTTON, Sec.  
 Astoria, April 15, 1888.

Meals Cooked to Order.

**OUR PORTLAND LETTER.**

Verdict of Guilty in the Cody Case.  
 The New O. & N. Manager Going East.  
 PORTLAND, April 19.—John Kuhnholz, a restaurant keeper, was arrested this afternoon for threatening to take the life of W. H. Novie, a barber. The latter interfered in a family quarrel between Kuhnholz and his wife, hence the above threat.  
 A VERDICT OF GUILTY.  
 The jury in the case of A. J. Cody, charged with mayhem on the body of one Joe Morin at the Holton house last March, returned a verdict of guilty at 1:25 p. m. to-day, after being retired an hour.

CHARGED WITH LARCENY.  
 A Block, keeper of the Globe hotel, of this city, was arrested to-day, on a charge of larceny by bailee, by a former waiter.  
 GOING BACK EAST.  
 C. J. Smith, the new manager of the O. R. & N. Co., will leave the city to-morrow for the east to return about May 1. He reports himself as well pleased with the company's affairs so far as inspected.

An Unhappy Home.  
 "I wish my wife would get well or something," said a husband who had been sorely tried with an invalid wife. It seems a heartless speech, but who can tell the discomforts of a home where the wife is always sick. Poor food, crying children! No wonder the man grows desperate. But if he would get Dr. Pierce's "Favorite Prescription" for the wife, he would find that the sunshine would return to his home. "Favorite Prescription" is a positive cure for the most complicated and obstinate cases of leucorrhoea, excessive flowing, painful menstruation, unnatural suppressions, prolapsus or falling of the womb, weak back, "female weakness," atony, retroversion "bearing-down" sensations, chronic congestion, inflammation and ulceration of the womb, inflammation and tenderness in ovaries, accompanied with "internal heat."

Arms For The State Militia.  
 Representative Hermann called up on secretary of war Proctor and chief of ordnance last Thursday in regard to immediately supplying the militia of Oregon with the arms and equipments provided by the special act of the last congress. As a result of the conference an order was issued to forward the arms at once, and to abbreviate the delay the main portion of the equipments will be drawn from the Benical arsenal, California. Others will be sent from the Rock Island arsenal and the cadet rifles will go from there. The articles provided for consist of 1,600 stands of improved Springfield rifles, several Gatling guns, a quantity of cadet rifles, shell extractors, arm chests, bayonet scabbards, cartridge boxes, belts, carriages for Gatling guns and many thousand rifle-ball cartridges.

The New Discovery.  
 You have heard your friends and neighbors talking about it. You may yourself be one of the many who know from personal experience just how good a thing it is. If you have ever tried it, you are one of its staunch friends, because the wonderful thing about it is, that when once given trial, Dr. King's New Discovery ever after holds a place in the house. If you have never used it and should be afflicted with a rough, cold or any Throat, Lung or Chest trouble, secure a bottle at once and give it a fair trial. It is guaranteed every time, or money refunded. Trial Bottles Free at J. W. Conn's Drugstore.
