THE DAY.

P. E. Butler, of pack-train No. 3, writing from Santiago de Cuba on July 23, says: "We all had diarrhoea in more or liess violent form, and when we landed we had no time to see a doctor, for it was a case of rush and rush night and day to keep the troops supplied with ammuni-tion and rations, but thanks to Chamberlain's Colle Cholera and Diarrhoea Remedy, we were able to keep at work and keep our health; in fact, I sincerely believe that at one critical time this medicine was the indirect savior of our army, for if the packers had been unable to work there would have been no way of getting supplies to the front. There were no roads that a wagon train could use. My comrade and myself had the good fortune to lay in a supply of this medicine for our pack-train before we left Tampa, and I know in four cases it absolutely saved life,' The above letter was written to the

manufacturers of this medicine, the Chamberlain Medicine Co., Des Moines, lowa. For sale by Charles Rogers.
