AMERICANS FIRED UPON

Havana Is Terrorized by the
Rioting Which Is Now
Occurring.

MORE TROUBLE FEARED

Cubans and Spaniards Clash
Hourly and Many Persons
Killed and Wounded.

DISREGARDING ALL ORDERS

Cubans Fire Upon the Spaniards and
Enter Private Residences at Will
Terrifying the inmates.

CHICAGO, Dec. 27.—A special cable to the Tribune from Havana says: The American troops were fired on in Havana tonight. The whole city is in an uproar and serious rioting is threatened. A detail of company M, Tenth regular United States infantry, while quelling a riot which broke out on Bombay street at 6 o'clock this evening, was fired upon. The regulars returned the fire and sent volley after volley into the crowd of rioters as they fled out of the street. Two Spanish sailors were wounded and a Spanish marine was killed by the Americans. A number of others were wounded. A Spanish soldier, marching with his company to the wharf, attempted to pull down the Cuban flag and the American flag over the door. This started a fight. The Spaniards were fired on from huge tops and windows. They returned the fire, riddling the front of the buildings with bullets. The soldier who attempted to take down the flags fell on the steps of the house, bleeding from his wounds. The Spanish soldiers withdrew, carrying their injured comrades.

CUBANS RUNNING WILD.

HAVANA, Dec. 27.—The whole population is in a state of unrest—the Spanish residents fearful, the Cubans eager to do something to show they have gained their freedom. Bands of Cubans freely enter the residences of the Spanish, call upon them to hoist the American and Cuban flags and to shout "vive Cuba libre," and terrifying them with their machetes. A dozen of such cases were reported to the American authorities today. In all instances American guards were sent to the house invaded, but the Cubans were invariably gone when the patrol arrived.

No attention whatever is paid to the order against discharging firecrackers, and pistols are fired in the streets continuously. Three persons have been killed and 25 wounded, among the latter being three women and two children. The shooting has been, for the most part, indiscriminate.

As General Ludlow was standing on the balcony of his hotel at dusk today a man waved the Cuban flag. Another cried out "an insult! an insult!" whereat the man who was waving the flag fired upon the objector. A Spanish company that was retiring from Fort Principe was deliberately fired upon from a private residence.

Major General Brooke has this evening formally taken command of the United States forces in Cuba and has issued the necessary orders.

Senor de Castro, civil governor of Havana, acting with General Ludlow, has issued an order forbidding any further firing of firearms or exploding of firecrackers in public thoroughfares. He also prohibits the assemblage of crowds in the streets or parks after 6:30 p. m.

A cab-driver was shot last night for refusing to enter territory within Spanish jurisdiction with the Cuban and American flags on his vehicle; an omnibus-driver and two women were shot today and the body of a lieutenant of the guerrillas has been found near Ziba de Agua, this province. He was taken from town by a band of Cubans and killed. The Spanish alcalde of Ziba de Agua has arrived here and his son has advised him not to return, or he will be killed.

Several guerrillas are reported to have been killed in Sancti Spiritus after the evacuation of that place by the Spaniards. Four Spaniards, residents of San Luis, in the province of Pinar del Rio, have arrived here, saying they fear they will be killed by the Cubans. Police reports show that 12 more persons have been wounded, four of them being international cases.

MOTHER AND CHILDREN DROWNED
WATERTOWN, N. Y., Dec. 27.—A special to the Standard from Alexandria Bay says: Yesterday three children of Charles Hagerman were playing on the

ice in the St. Lawrence river, when the ice broke and they all fell in and were drowned. Mrs. Hagerman rushed to the scene, and in her endeavors to rescue the children, broke through the ice, and she, too, was drowned. Hagerman arrived home an hour after the drowning to take Christmas dinner with his family. Arriving home he went to the river, and alone, recovered the four bodies.

DEWEY CABLES TO THE
NAVY DEPARTMENT.
Requests That Buffalo Be Dispatched as
Quickly as Possible—Conditions in
Philippines Improving.

NEW YORK, Dec. 27.—A special to the Tribune from Washington says: Admiral Dewey cabled to the navy department asking when he might expect the Buffalo to arrive at Manila, and requesting that she might be hurried as much as possible. The Buffalo is carrying 600 men to the Asiatic squadron to take the places of those whose terms of service have expired, and who are exceedingly anxious to return to the United States. Many of these men would ordinarily have come home on the flagship Olympia, which was on the point of starting for San Francisco when the Maine was blown up, but was retained by Admiral Dewey on a cable warning from Secretary Roosevelt.

The admiral has now informed the navy department that conditions in the Philippines have so materially improved that he will send a few officers and men to San Francisco on the next transport which leaves Manila. He is not yet willing, however, to recommend any reduction of the fleet and, notwithstanding the reports to the contrary, he has never intimated any desire to come home himself, but in fact refused to take advantage of the permission extended to him of temporarily leaving the east and visiting Paris, when the peace commission was there.

COUSIN OF THE CZAR ARRIVES AT SAN FRANCISCO.

On a Tour of the World and on His Way
to St. Petersburg—Other Passen-
gers From the Orient.

SAN FRANCISCO, Dec. 27.—Among the passengers on the steamer China, which arrived from the Orient late last night, were Grand Duke Cyril, of Russia, and his aides, Lieutenants Couzan and Couze. The grand duke, who is a cousin of the czar, is on his way to St. Petersburg, having nearly completed a tour of the world.

Other passengers on the China were Captain Biddle, commander of marines on the Olympia, and L. J. Kuhlwein, chief gunner of the Olympia, who are on their way to Washington for orders; Mr. Kinney, chairman of the chamber of commerce of Honolulu, en route to Washington; Professor Bell and daughters, who have been traveling in Japan; Mrs. L. L. Dellaplain and daughter, of Wheeling, W. Va., and seventeen discharged soldiers.

It was expected that Lord Charles Beresford and Sanford B. Dole would be among the passengers, but both were detained and will probably arrive on the next vessel from Honolulu.

GREAT CROWDS VISIT THE OREGON AND IOWA.

The Big Battleships the Center of At-
traction at Callao—Cubans Present the
Warships With Gold Plates.

NEW YORK, Dec. 27.—The Herald's correspondent at Callao telegraphs that the arrival of the United States battleships Oregon and Iowa at that port has caused the greatest excitement and enthusiasm. They entered the harbor at 7 o'clock in the morning and great crowds went out to see them during the day.

Delegations representing the Cuban residents of Peru went to Callao to meet the warships. They presented to each a gold plate. With the name changed, each bore the inscription:
"All honor to the commander, the officers and crew of the United States warship Oregon, victorious in the naval combat off Santiago de Cuba on the third day of July, 1898. This plate is given as a testimony to the patriotic gratitude of all Cuban citizens of Peru."

OTIS CABLES FROM MANILA.

WASHINGTON, Dec. 27.—A long cablegram was received during the day from General Otis at Manila describing the situation there. Its contents were not made public, but it is known that he mentions no outbreak, which gives a negative encouragement to the officials, although it is apprehended that General Otis is meeting with difficulty in securing the release of the Spanish prisoners which he was charged to effect.

ARMY OFFICER SUICIDES.

KNOXVILLE, Tenn., Dec. 27.—Captain John M. Tobin, until recently quartermaster of the First brigade of the division at Camp Poland, committed suicide today by firing a pistol ball into his mouth. He had been morbid for some time, presumably on account of his discharge from the volunteer army when it was being reorganized.

BRILLIANT LIFE ENDS

Death of Hon. Justin Morrill,
United States Senator
From Vermont.

THE END WAS PEACEFUL

Deceased Had Been Ill but a
Week, Having Contracted an
Attack of Grippe.

SENIOR MEMBER OF SENATE

Began His Congressional Career Be-
fore the Civil War and Had Served
Continuously for 31 Years.

WASHINGTON, Dec. 27.—United States Senator Morrill, of Vermont, died at 1:25 this morning.

Hon. Justin Morrill was senior United States senator from Vermont and was in the 84th year of his age. The senator never recovered from the unconscious state into which he lapsed early in the day, and his death was calm and peaceful. The immediate cause of death was pneumonia, which developed from an attack of grippe, contracted about a week ago.

In the death of Senator Morrill the senate loses its senior member in point of service, as also in age. He had served continuously in the senate for more than 31 years. With the single exception of Hon. Galusha Grover, of the house of representatives, he was the only man in congress whose congressional career began prior to the beginning of the civil war and he had the honor over Mr. Grover in that his congressional service had been continuous, covering in the senate and house combined almost 41 years.

GARCIA'S DAUGHTER DEAD.

THOMASVILLE, Ga., Dec. 27.—Miss Mercedes Garcia, daughter of the late Gaito Garcia, the Cuban leader, died at the Masury hotel, in this city this evening of consumption. The body will be taken to Cuba on a warship which the United States has designated to convey the remains of General Garcia back to his native country.

STEAMER CHINA BRINGS NEWS FROM PHILIPPINES.

Thanksgiving Day Observed by Ameri-
can and Foreign Residents—Dewey
and Otis Dined by Williams.

SAN FRANCISCO, Dec. 27.—The following advices were received from Manila today by the steamer China:
Manila, Nov. 25.—Thanksgiving day was observed and celebrated in this city yesterday, not only by 15,000 Americans, but also by the British and many other foreign residents.

Rev. J. T. Owen, a Methodist missionary from Portland, Ore., and Chaplains Cressy, of the Sixteenth Minnesota, and Daly, of the First South Dakota volunteers, officiated.

The feature of the Thanksgiving celebration was a dinner given by United States Consul General Williams to Admiral Dewey and his captains and to Major General Otis and his generals.

CAROLINES WOULD BE OURS HAD WAR BEEN PROLONGED.

Dewey Would Have Taken Them, but
Was Forbidden by Secretary Long—
Coal Stations Being Supplied.

NEW YORK, Dec. 27.—A special to the Herald from Washington says:
Had the war with Spain lasted a short time longer it is probable the flag of the United States would now be floating over the Caroline Islands, as the navy, from the time of Rear Admiral Dewey's victory, was anxious to take this group. The islands would probably have been taken anyhow, but for the fact that Secretary Long, by direction of the president, called Rear Admiral Dewey forbidding him to do so.

Officers of the navy still hope that some way may be found of acquiring these islands which, it is believed, Spain would sell for a reasonable consideration. They don't want any other nation to obtain the power to establish coaling stations and naval bases there.

In the meantime the navy is taking active steps to prevent a recurrence of the conditions as to coal supply which prevailed at the beginning of the war with Spain. Coal sheds are being erected at all the navy yards and stations in the United States not already supplied with shelter for large quantities of fuel, and coal is to be sent to Havana, Santiago, San Juan, Honolulu, Guam, Manila and

Pango Fango.

As there is little good steaming coal on the Pacific, it is the intention of the department to supply all the Pacific stations with coal from the Atlantic, which will be sent around Cape Horn in colliers. Large supplies will be stored at all the stations, but San Francisco will be the great coal base, and it is proposed to store there not less than 100,000 tons of the best quality of steaming coal.

SENTENCED TO NINETEEN YEARS IN STATE PRISON.

William F. Moore Convicted of Robbing
Martin Mahon, While Jury Disagreed
In the Case Against Payne Moore.

NEW YORK, Dec. 27.—William F. Moore, convicted of robbing Martin Mahon, a hotel keeper of this city, by a "badger game" was today sentenced to 19 years in the state prison.

The charge against Moore was that he conspired with his wife, Payne Moore, to rob Mahon, and that Mahon was enticed by the woman to apartments occupied by the Moore's, and there, compelled by the husband to pay a blackmail. Moore was convicted on his second trial, the jury in the first instance having disagreed. In the case of his wife, Payne Moore, the jury also disagreed, and the woman is now awaiting her second trial.

Justice Daly, in the supreme court today, granted a stay of execution of the sentence passed on Moore by Recorder Goff, until a motion could be argued for the granting of a certificate of reasonable doubt in order to enable an appeal.

ATTEMPT TO RESTORE LONG-LOST TREASURE.

Effort Is Again Being Made to Locate the
Sunken Sloop De Braak, Laden
With Gold.

PHILADELPHIA, Dec. 27.—An attempt is again to be made to locate the sunken British sloop of war De Braak, which lies off the Delaware breakwater, and bring to the surface some, if not all, of the vast amount of treasure that, according to tradition, is confined within the hull of this old craft. It is stated that the methods and appliances that will be used are entirely new. This is by no means the first attempt that has been made to raise the De Braak.

The history of the De Braak is an interesting one. It was a British sloop of war, captured from the Dutch and, like all vessels of its time, was built of oak and oak. The British government came into possession of it in 1787, and Captain James Drew, who is buried in Lewis, Del., was its commander. Shortly before it foundered in a squall off the Delaware, it captured a Spanish ship from La Plata, bound to Spain with a cargo of gold from the mines. Soon afterward, according to reports, it overhauled the St. Francis Xavier and transferred much precious metal to its own hold. While making for Cape Henlopen for fresh water it went down in a sudden squall. Some of its crew escaped, but the majority perished. Reports then became frequent of the existence of the treasure and ever since then the locality where it went down has been pointed to as one beneath which is buried a vast amount of treasure.

ILOILO SURRENDERED TO THE AMERICAN FORCES.

Such Is the Interpretation of Rather a
Vague Dispatch to Madrid From
General Rios.

MADRID, Dec. 27.—General Rios, the Spanish commander in Visayas, has telegraphed to the government from Iloilo, capital of the island of Panay, under date of December 24, as follows:

"Am preparing to embark on the steamer Leo XIII for Zamboanga, island of Mindanao, having yesterday (December 23) formally surrendered Iloilo in the presence of the military and naval commanders, the mayor and foreign consuls. I have charged the German consul with the protection of Spanish interests. I shall arrive at Manila by the end of the month."

Though the dispatch is ambiguous, it is assumed here that the surrender of Iloilo was to the Americans.

GANS BESTED DALY.

NEW YORK, Dec. 27.—Joe Gans, of Baltimore, out-pointed Jack Daly, of Wilmington, Del., in a 2-round bout before the Lenox Athletic Club tonight, and the referee decided in favor of the Baltimorean.
