LAST "EAGLE" LAUNCHED AT FORD SHIPYARD

500 Bodies Daily To Be Made in Plant.
Ford "Eagle" Boat Number Sixty—the last one to be built by the Ford Motor company under the stipulations of its war-time contract with the Navy Department—was launched at the River Rouge (Detroit) yard August 16, at 3:30 p. m., and the long assembling building which is a third of a mile long and housed twenty-one of the submarine chasers at a time, is already being transferred into a body building plant with a proposed output of 500 bodies daily.

Ford officials, workers, sailors and many invited guests witnessed the launching. Number Sixty was dressed with flags and bunting and as it found its level in the Rouge and floated free from the railroad tracks which had carried it onto the elevator-like launching table, the factory whistled took part in the ceremony by blowing sixty blasts—one for each boat launched at the Ford yard.

Twenty-five "Eagles" have already been commissioned by the navy, and it is expected that the remaining boats will be entirely completed by November 1. One thing which greatly prolonged the work was the changes made in the outfitting of the boats shortly after the armistice was signed. As rapidly as the "Eagles" are commissioned, they are

joining different squadrons of the U. S. Fleet.—Six of the Ford boats are going to the Philippines to replace six old destroyers and gunboats; another squadron will join the International Patrol off the coast of China; "Eagles" 1, 2 and 3 are now doing patrol duty adjacent to Archangel, Russia, and it is quite probable that a small fleet will be sent to Italy.

The "Eagles" were designed particularly to carry the submarine detecting devices or "listeners," depth bomb protectors and three-inch guns with which to combat the U-boat once it had been located by the "listener." They are practically noiseless in operation, light, speedy and so constructed that a quick getaway is possible—it being necessary to often stop to "listen" while chasing down a detected sub. Had the signing of the armistice prevented—they would have operated in flotillas of three.

Commander Nicholas, stationed at the Rouge Yard, said he knew of no statement or report issued by the Navy Department relative to the merits of the "Eagles," but that they have performed remarkably well on their trial trips and all tests given them just before leaving the Ford Yard. And that had they been called into actual service, they would have proven a very formidable enemy of the submarines.

FIGHT AGAINST PINE BEETLES

KLAMATH FALLS, Ore., Oct. 21.—Every important matter bearing upon the conservation of the timber supply of Klamath and Lake counties will be discussed at a meeting here today and tomorrow of federal and state foresters, entomological experts and members of the Klamath and Lake Counties Fire association. Control of the pine beetle and the assignment of an airplane fire patrol to Klamath and Lake forests next year are two important matters for discussion. There are more than 40,000,000,000 feet of standing timber in the two counties. The fire association believes that it is urgent necessary to have the patrol established by the next dry season.

Of far greater importance, however, is control of the pine beetle. The annual timber loss from the beetle's stealthy boring is said by timbermen to be ten times as great as the fire loss. Up to this time the Klamath and Laae Counties Fire association has waged a single-handed fight against the pest, but has found it too much of a problem, and is calling in the experts in hope that some cheap, speedy and effective means of eradicating the beetle may be devised.

"IS IT ANYBODY'S BUSINESS?"

(Contributed.)
Is it anybody's business
If a gentleman should choose
To wait upon a lady,
If the lady don't refuse?
Or, to speak a little plainer
That my meaning all may know,
Is it anybody's business
That a lady has a beau?
Is it anybody's business
If that gentleman should call,
Or when he leaves the lady,
Or if he leaves at all?
Or is it necessary
That the curtains should be drawn
To save from further trouble
The outside lookers on?

Is it anybody's business
But the lady's, if her beau
Rides out with other ladies
And doesn't let her know?
Is it anybody's business
But the gentleman's, if she
Should accept another escort
Where he doesn't chance to be?

If a person's on the sidewalk,
Whether great or whether small,
Is it anybody's business
Where that person means to call?
Or if he's calling anywhere,
Is it any of your business
What his business may be there?

The substance of our query
Simply stated, would be this:
Is it anybody's business
What another's business is?
If it is or if it isn't,
We would really like to know;
For we are certain if it isn't,
There are some who make it so.

The young man who is content to remain stationary will never be a success in life. If he fails to press forward he will soon find himself slipping to the rear, and the devil takes care of the hindmost.

Do You Want to Save Some Money?
Re-insulating a battery is about the most expensive repair there is. And there's only one kind of battery in general use that isn't practically certain to be re-insulated—or junked—within the next year or two.

That one exception is the Willard Battery with Threaded Rubber Insulation. Come in and we'll tell you why.

Mass Meeting

All members of Organized Labor, Farmers and Consumers in general all interested in the high cost of living are invited to meet at Moose Hall at 7:30 p. m., Wednesday, Oct. 22, 1919.

The practical side of this question will be discussed by the manager of The State Exchange, of Portland, Oregon.

O. Winter and R. P. Cornelius left this morning for the Dead Indian country where they will spend several days hunting. If the weather holds good they may go as far as the Lake of Woods.

Mr. and Mrs. C. A. Cotter spent the week-end in San Francisco visiting with friends.

WILL DISCUSS LIVING COSTS
The speaker at the Parent-Teacher circle at Valley View last week was Mrs. Susie Arnold Good, a former well known nurse in Ashland, who gave a talk on the history, nature and symptoms of influenza.

U. S. TRAPSHOOTERS TO GO TO ANTWERP.
NEW YORK—Uncle Sam will send a team of trapshooters to compete in the Olympic games at Antwerp next year.
Showing made by America's best gun men in the mid-winter trap shooting tournament at Pinehurst, N. C., from January 19 to 24, will have much to do with the selection of the men who will fly the colors of the United States against the world.

COMPLIMENTS CITY EATING HOUSES
"If you hear anyone knocking Ashland eating houses you tell them they should go to some we struck in northern cities," remarked F. E. French, who has just come home with his wife by automobile from Portland. "Some of the places we struck were simply dreadful, and they were in much larger towns than Ashland, also. We always stopped in a town at night to stay, and if we were too late to get into the hotel dining rooms it was almost impossible to get anything fit to eat. Don't knock your own eating houses. Ashland has better than the most outside the very large cities."

A call has been issued to all members of organized labor, farmers and consumers in general, who are interested in the high cost of living, to meet at Moose hall Wednesday, October 22, at 7:30 p. m. The practical side of this question will be discussed by the manager of the State Exchange of Portland.

HELPFUL WORDS
From an Ashland Citizen.
Is your back lame and painful? Does it ache especially after exertion?
Is there a soreness in the kidney region?
These symptoms suggest weak kidneys.
If so there is danger in delay. Weak kidneys get weaker fast. Give your trouble prompt attention.
Doan's Kidney Pills are for weak kidneys. Ask your neighbor? Your neighbors use and recommend them.
Read this Ashland testimony.
Mrs. S. O. McDonald, 685 B St., Ashland, says: "I can recommend Doan's Kidney Pills just as highly today as I did a few years ago when I gave my first statement. I have taken Doan's on several occasions for lameness across my kidneys and it required only a few doses to relieve me of the misery. Doan's Kidney Pills have also proven beneficial to another member of our family who has had considerable kidney trouble."
Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. McDonald had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

No person ever really profits from a gift unless he makes an effort to deserve it. To accept and forget is but to forge another link in the fetters which chain you to a future without hope and without reward.
