### THE FRANCHISE.

Lane County Leases the Mohawk and Tributaries for 90 Years.

As stated in last week's Messenger the Booth-Kelley Lumber Co., a corporation, leased for a period of 90 years Lane county's right and interests in the Mohawk river, Mill creek and tributaries thereof, in said Lane county.

This lease goes into effect 90 days from date, Jan., 10, 1899.

The above is a pretty good indication that something of a gigantic nature will develop in the mill business of Lane county at no far distant day.

### BOND FILED.

The following order has been made by the commissioners court:

"In the matter of the contract between Lane Co., and The Booth-Kelley Lumber Company: Now at this time, The Booth-Kelley Lumber Company files the approved bond in the sum of \$10,000, with S. H. Friendly and S. B. Eakin sureties." The bond provides for the fulfillment of the contract.

It has been reported that the Booth-Kelley Lumber Company will lay out \$50,000 on the proposition this season. Success to them.

### CEDAR CREEK ITEMS.

[Received too late for last week's issue.]

### OF INTEREST TO MINERS.

#### The Law Govering and Relating to Mining Claims.

[The following is of interest and interest to mining men. Owing to lack of space the Nugget could not publish it in full this week, but will conclude the article in next issue.]

#### AN ACT.

Relating to mining claims, and repealing Chapter XIII of the code of civil and criminal procedure in justice's courts, and sections 3827, 3828, 3830, 3831, 3832, 3833, 3834, 3835 and 3836 of chapter LX, Hill's Annotated Laws of Oregon.

Be it enacted by the legislative assembly of the State of Oregon:

Section 1. Any person, a citizen of the United States, or one who has declared his intention to become such, who discovers a vein or lode of mineral bearing rock in place upon the unappropriated public domain of the United States within this state, may locate a claim upon such vein or lode so discovered by posting thereon a notice of such discovery and location, which said notice shall contain: first the name of lode or claim; second, the name or names of the locator or locators; third, the date of the location; fourth, the number of linear feet claimed along the vein or lode each way from the point of discovery, with the width on each side of the said vein or lode; fifth, the general course or strike of the vein or lode as nearly as may be; and by defining the boundaries upon the surface of each claim so that the same may be readily traced; such boundaries shall be marked within three days after posting of such notice by six substantial posts, projecting not less than three feet above the surface of the ground, and not less than four inches square or in diameter; or by substantial mounds of stone or earth and stone at least two feet in height, to wit: one such post or mound of rock at each corner and at the center ends of such claim.

Section 2. Such locator shall file for record with the recorder of conveyances, if there be one, who shall be the custodian of mining records and miners' liens, otherwise with the clerk, of the county wherein the said claim is situated, a copy of the notice so posted by him upon the lode or claim within thirty days after the date of posting the same upon the claim, and shall pay a fee of one dollar for such record thereof, which said sum the said recorder or clerk shall immediately pay over to the treasurer of such county and shall take his receipt therefor as in case of other county funds coming into his possession as such officer. Such officer shall immediately record such notice.

Section 3. Before the expiration of ninety days from the date of posting the said notice of discovery upon his claim as aforesaid, the locator must sink a discovery shaft upon the claim located to a depth of at least ten feet from the lowest part of the rim of such shaft at the surface, or deeper if necessary to show by such work a lode or vein of mineral deposit in place.

What's the matter with Cottage Grove? She's alright!
