How to Prevent Pneumonia.

You are perhaps aware that pneumonia always results from a cold or from an attack of la grippe. During the epidemic of la grippe a few years ago when so many cases resulted in pneumonia, it was observed that the attack was never followed by that disease when Chamberlain's Cough Remedy was used. It counteracts any tendency of a cold or la grippe to result in that dangerous disease. It is the best remedy in the world for bad colds and la grippe. Every bottle warranted. For sale by the Benson Drug Co., Cottage Grove and Joe Lyons of Drain.

I take particular pains to keep the best and freshest rolled oats, Grandma's mush, Germea, morning meal, fresh corn meal and buckwheat flour. F. B. Phillips.

ST. PAUL, MINN.

A YOUTHFUL COMPOSITOR.

Florence West: Probably the youngest compositor in Lane county if not in Oregon is Hazel Weatherson daughter of the publisher of the West.

Though only seven years of age having been born Sept. 27th, 1891, she has already learned to assist her father in the printing office and is the one who set up this article.

Girls are warned not to marry editors, says an exchange. An editor in a neighboring town came near killing his wife recently. A servant was awakened by the screams of the mistress, and found her being choked by her husband. The editor had dreamed that a delinquent subscriber had paid up his subscription, and he was grasping his wife by the throat, thinking he had the money in his hands.

MANILA LETTERS.

From Soldier Boys—Over the Pacific.

The following are extracts from letters received in this city, one from Henry Landess, the other from a Dakota soldier:

Manila, Dec. 26, 1898.

The transport St Paul came steaming up the bay on the 23rd with mail and several thousand Xmas boxes, which the boys were anxiously awaiting. Some of the boys received their boxes on a former transport, but we boys received ours on Xmas eve, a most appropriate time. In general they were in very good condition. Mine was in as good condition as when leaving home. We had a very pleasant Xmas, everyone enjoying themselves hugely, under the circumstances. A good many of the boys became rather hilarious but I don't think anyone was sent to the guard house. I was on guard and did not get to enjoy myself as well as I would like to have done, but some one had to be disappointed, and it might as well be me as anyone. We had a splendid dinner, with several invited guests, two ladies being among them. After dinner toasts were in order, which causes a great deal of merriment. In the afternoon the Oregon boys played the 13th Minnesota boys a game of base ball defeating the latter by a score of 9 to 4. The Oregon boys have the best record here and have only the 10th Pennsylvania to beat to carry off the silver cup, but they have a good team to conquer, and the event is looked forward to with great interest. I received a letter from James Hemenway, and enjoyed it very much, he is a good newsy correspondent. I have answered every letter I have received, and have written to a few who do not seem to appreciate them, as I have not received answers. There has been some little excitement here of late, on account of Aguinaldo and his little band of monkeys. But we Oregon boys would never get to enjoy the sport if it should happen, for we and the Minnesotas have to stay here in these abominable old walls and guard Spaniards. We rather expect to be relieved by those regulars coming from New York. The 5th Iowa, the 18th Regulars and two batteries of artillery was or is to start for Ilo Ilo today. They are welcome to their place, I'm far enough south to suit me. The coldest weather we have had was 69 degrees above, and Xmas day they sprinkled the streets.

DAKOTA LETTER.

We were on post last night within 50 yards of the insurgent out post and had the opportunity of seeing the great Aguinaldo, the would be ruler of the Philippines. The situation here is very peculiar, in fact it is just the same as when we came. The insurgents surround the city and will not allow an American armed on their territory, so we treat them the same by not allowing them in the city of Manila, with arms, but apparently both sides are friendly, but I think there will be trouble when the peace talk is settled. Next week we will be fully prepared for them with the new Krag Jorgenson rifles.

One night last week we were aroused by the alarm of fire, and of course we thought it was an attack by the insurgents, and in six minutes every man was in line with gun and 100 rounds of ammunition. The natives do a big business with our boys on credit and often times we are loser to a great extent. If an American has no money he goes to a native's house, helps himself to what he wants, writes it on a piece of paper, tells the native he will have, mucha dinero polka tempo and walks away. Polka tempo means any time within a month. Rice is the natives chief food. The pickaninies hang around our quarters and gather up everything we leave after a meal. They live in little bamboo huts and are very dirty, but as a rule they are temperate, seldom you see one intoxicated. They wash their clothes by beating them with a stick, and using very little soap. They are fond of music, and they play well. They are also fond of rooster fighting, and it is a poor Phillipino who does not own a rooster. They are very lazy, and so they let the Chinese do all the hard work. The women share the hard work with the men, in fact they do the greater part of it. Water buffaloes are used for hauling heavy loads instead of horses. Tomorrow is Xmas, many of the boys received Xmas boxes yesterday from home, and we will have a feast tomorrow.

Wish you all a Merry Xmas and a Happy New Year.
