BOHEMIA NOTES.

Devoted to Mines and Miners---A Nugget Correspondent's Batch of News.

Fingal Hinds is now at work on his Glenwood property.

Mr. G. Meadows has begun work on his property on Grizzly Creek.

At the Helena mine workmen are still taking out rich free milling ore.

The Fairview Mining & Milling Company started up their five stamp mill for a short run one day last week.

W. P. Ely is working a force of men on his property below the Noonday mill, having packed in supplies over the snow.

Bert Nunn and Jas. Duval have finished their contract with the Noonday Company and are now employed by the day by the company.

Jas. Sears is highly elated, and well he may be, over a new find on Grizzly Mountain. Specimens of ore from this find fairly glistens with free gold.

Geo. Thompson is now employed at the Noonday 20-stamp mill, putting the machinery in first class shape, preparing to start the same at an early day.

Stocks & Harlow started their 5-stamp mill some 10 days ago and are running full blast. They are raising from their lower tunnel a large body of free milling ore.

Graber Bros. & Zinneker are now at work on their Vesuvius claim and have lately found a body of very rich free milling ore. The Vesuvius will surely become one of the best gold producers in the camp.

Messrs. Johnson, Klopfenstein & Byrne Bros. certainly have the best showing in the way of a base ledge in the camps. They are now drifting on a 10 foot vein of solid ore. If this does not prove to be a rich mine it is useless to look any farther.

Louis Betters has sold his interest in his group of claims on Elephant Mountain to Mr. John Brund, lately from Florence, Oregon. Mr. Brund will shortly leave for the Philippines, where he goes to seek the precious metal. Mr. Brund, with a force of men is pushing development work on his new purchase.

LATHAM LINES.
Interesting Notes—Hits the Road Question a Lick.

The scent of the creosote at the S P wood preserving works floats potently upon the air. They are treating large timbers and piling and the huge derricks are constantly at work.

Our school had a forced vacation Wednesday by Teacher Woodcock taking the measles.

Miss Lulu Hull is laid up this week with the mumps.

Miss Claudia Carper of Cottage Grove came out to spend a few days with friends in the country last Sunday but had to return Monday owing to having a well developed case of mumps.

Mr. Ira Hull of Crawfordville has purchased land near the Divide and will commence improving it at once.

One day last week as one of our farmers was going to Cottage Grove he entered into conversation with some men traveling from Southern California. They were hunting for a location for a furniture factory and talked of locating at Cottage Grove, but became so disgusted with the terrible state of the roads between Latham and Cottage Grove that they said that they would not locate in any town whose citizens were so unenterprising as to allow the roads to remain almost impassible so near the town. They went on toward Eugene. Who knows but what many others are deterred from locating there by the same cause?
SCRIBBLER.

DIVIDE ITEMS.
Mr. Jacob Geiwity left for Yoncolla last Friday to visit his sister Mrs. Meinzer returning Monday. He reports an average crop of Petit prunes but says Italian prunes will be scarce.
Mr Alec Wright has been helping E F Smith the last few days building fence.
Mr Seth Rowe and wife returned from their trip last week.
Will Mackay went to Salem Sunday.
Mr. Ira Hull has begun work on his farm and will soon move on to it.
