BOHEMIA NOTES.

Devoted to Mines and Miners---A Nugget Correspondent's Batch of News.

A. D. and J. F. LeRoy are going ahead with development work on the Laura group and have a four foot vein of high grade galena ore in sight.

Peterson and company are developing some promising property on the east side of old Fairview.

Frank Wooley has been engaged in doing assessment work on his prospects in Horse Heaven the past two weeks. Mr. Wooley thinks he has something pretty good.

The property of Joe Young south of Bohemia, is showing up in fine shape. Mr. Young has and is having done considerable development work and a substantial cabin has been erected.

It is said that the Helena mill is now completed and ready to run.

Al Elledge of the Noonday is off on a vacation. Al has not been feeling well for some time.

Dan Beck foreman of the Musick Mining and Milling Company visited Cottage Grove last Saturday.

The Mayflower Mining and Milling Company, under the management of W. P. Ely as superintendent and M. W. Welch as foreman, is undergoing considerable development work this season. The property consists of eight claims in Horse Heavens gulch on the north side of Table Rock about 1 1/2 miles below the Noonday. The principal part of the work is being done at present on the Vreka ledge. This ledge shows seven feet of pay ore, plentifully besprinkled with gold visible to the eye.

Mr. J. F. Hard of Colorado, is in the camp making his headquarters at the Broadway. Mr. Hard it is said has his eye on that property.

The Riverside people are still busy at work in development and one of these days they will have something for publication, mark you that.

The Winchester Mining and Development Company, composed of J. I. Jones, G. U. Snapp and C. H. Jones, located in Snapp creek between the Johnson Meadows and the Noonday, are extremely well pleased with the showing. The development work is being equally divided thus far on the Hobson and McKinley claims, the group consisting of three claims the Hobson McKinley and Monte Zuma. They are now in about 15 feet on either ledge, having a well constructed tunnel started, and the dip of the ledges are toward each other. The ore going \$50 to the ton in lead and is said to run high in gold and silver. The ore is attracting wide spread attention. The work is being pushed right along and it is authentically reported that the company will incorporate this week.

Deputy U. S. Mineral Surveyor Briggs has been engaged for a week or more surveying for the Helena Mining Company.

Mrs. James Hart and daughters of your city, are visiting on Grouse mountain.

Harry Wynne, formerly with the Booth-Kelley Co., is now chief engineer at the Helena Mining Co's new stamp mill.

Jack Morgan, the veteran prospector is now at work on the Johnson Meadow trail.

The Helena Mining Co's new stamp mill is nearing completion, and when so completed will be one of the most substantial buildings and best arranged machinery in the camp. Much credit is due to Mr. James Jennings, superintendent of construction.

Mr. J. D. Fletcher and wife left camp for your city one day last week.

KITSON SPRING NEWS.

Special Correspondent to Nugget.
Kitson Springs, Ore., Sept. 15, 1899.
After a two days journey over roads which were much better than we expected to find, we arrived here tired but happy. We found Mr. and Mrs. Jones and daughter of Lake View, Mr. and Mrs. H. E. Walker, Mr. and Mrs. John Tait and daughter, and W. E. Bowen of Walker, Miss Emma Wallace of Goshen, J. W. Johnson of Silvertown, and the Misses Woodruff of Haseldell. Mr. Tait returned to the valley Tuesday but intends coming up again as soon as fall work is completed. There was a quiet home wedding near here Tuesday. At the home of her parents, Mr. and Mrs. Jim McClain, Miss Mae McClain to Mr. Volney Robinnett of Shedd's. Mr. and Mrs. Robinnett and two of their friends from Shedd's spent Wednesday here.
