

..... We Told You So

We have disposed of our Fine Selection of Christmas Goods; but we are still at the old stand with a choice line of Drugs and Medicines.

When wanting anything in our line, be sure and call on us.

The drawing of the Toilet Case will occur next Saturday, and the lucky number will be announced in the next issue of the Nugget.

BENSON DRUG COMPANY.

The Largest Stock of HOLIDAY GOODS ever opened up between Portland and Sacramento is now displayed at Eugene at

BARKER GUN WORKS.

This magnificent selection is selected by a man of experience and taste. It is gorgeous to behold, magnificent to think about and Low Priced to buy.

The winds of the world blow from all lands as from the Southern tropics as well as from the frozen North, from the Flowery Kingdom and from wily France, from kraut-eating Germany and from the rice-eating Chinese and also from the tea-drinking Japanese.

We have gone to more trouble and expense this year than ever before to offer the public the newest things in Xmas presents. We do this for two purposes; one is for an advertisement, the other is to make money. We know we can't make money unless we have what the people want and sell it at the lowest price, and that is why we have such a large selection. Bigger and better than ever.

You ought to know I couldn't afford to put an advertisement in this paper advertising this class of goods if I didn't have the goods. I have the goods and have them at the right prices and this is the only way I have to tell you of it. I can tell you of it through the paper cheaper than I can send a man to you to tell you. You are under no obligations to buy goods if you come and see for yourself. That is all we ask. If you are not satisfied you are at liberty to go and trade where you please.

We have the goods, the facilities and the room; our stock of this class of goods is just as much larger than our competitors as our advertisement is larger than theirs. We make a specialty of this line and they don't. They get a few from some jobbing house to trade for bacon, eggs and butter. You have no stock to select from and you will not be as well satisfied as if you would come and see us. It is worth your time to come and see this stock even if you don't

want to buy, as it is equal to a common fair.

American Goods

Probably no nation has come to the front in making fine decorated and handsomely designed Xmas goods as the Americans, and you can rest assured we have bought heavily of these goods. They are the handsomest you ever saw and the latest creations of American ability and art. Acme of perfection in machine-made and hand-decorated ware goods, made to please and to last, and to please the eye as well as to be useful. We invite you to come in early as we will not be so busy and can give you more attention than later, as the nearer it is to Xmas the busier we are, and the last few days its like a bee hive. Please remember your friends with presents bought at

Barker Gun Works,

Eugene,

Oregon

FOR YOUR PRIVATE EAR!—

We are called the Biggest Liar on Earth, but THIS is no lie. Read it:

We have the goods, you have the money; we want your money and you want our goods; let's swap!
BARKER GUN WORKS.
