

CURE OF CHRONIC DIARRHOEA AFTER THIRTY YEARS OF SUFFERING.

"I suffered for thirty years with diarrhoea and thought I was past being cured," says John S. Holloway of French Camp, Miss. "I had spent so much time and money and suffered so much that I had given up all hopes of recovery. I was so feeble from the effects of the diarrhoea that I could do no kind of labor, could not even travel, but by accident I was permitted to find a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and after taking several bottles I am entirely cured of that trouble. I am so pleased with the result that I am anxious that it be in reach of all who suffer as I have." For sale by Bessox Drug Co., Cottage Grove, LYONS & APPLIGATE, Drain.

A NIGHT OF TERROR.

"A awful anxiety was felt for the widow of the brave General Barnham of Machias, Me., when the doctors said she would die from Pneumonia before morning" writes Mrs. S. H. Lincoln, who attended her that fearful night, but she begged for Dr. King's New Discovery, which had more than once saved her life, and cured her of Consumption. After taking, she slept all night. Further use entirely cured her. This marvellous medicine is guaranteed to cure all Throat, Chest and Lung Diseases. Only 50c and \$1.00. Trial bottles free at Bessox Drug Co's drug store.

STOOD DEATH OFF.

E. B. Munday, a lawyer of Henrietta, Tex., once fooled a grave-digger. He says: "My brother was very low with malarial fever and jaundice. I persuaded him to try Electric Bitters, and he was soon much better, but continued their use until he was wholly cured. I am sure Electric Bitters saved his life." This remedy expels malaria, kills disease germs and purifies the blood; aids digestion, regulates liver, kidneys and bowels, cures constipation, dyspepsia, nervous diseases, kidney troubles, female complaints; gives perfect health. Only 50c at Bessox Drug Co's drug store.

CHAMBERLAIN'S COUGH REMEDY A GREAT FAVORITE.

The soothing and healing properties of this remedy, its pleasant taste and prompt and permanent cures have made it a great favorite with people everywhere. It is especially prized by mothers of small children for colds, croup and whooping cough, as it always affords quick relief, and as it contains no opium or other harmful drug, it may be given as confidently to a baby as to an adult. For sale by Bessox Drug Co., Cottage Grove, LYONS & APPLIGATE, Drain.

SOUTHERN CALIFORNIA.

Notably among the pleasures afforded by the Shasta Route is the winter trip to Southern California and Arizona. Renewed acquaintance with this section will ever develop fresh points of interest and added sources of enjoyment, under its sunny skies, in the variety of its industries, in its prolific vegetation and among its numberless resorts of mountain, shore, valley and plain.

The two daily Shasta trains from Portland to California have been recently equipped with the most approved pattern of standard and tourist sleeping cars, but the low rates of fare will still continue in effect.

Illustrated guides to the winter resorts of California and Arizona may be had on application to C. H. MARCHAM, G. P. A., Portland, Oregon.

PECULIAR TO THE HORSE.

The horse possesses one peculiarity not common to other of the lower animals, and that is the great tendency of its skin to sweat profusely, says "Western Horseman." The sweat glands of the horse are located all over the surface of its body and not confined to any particular part, as on the muzzle of the ox and the footpads of the dog and cat. The horse not only sweats freely while at work, but does so while resting in his stall during excessive warm weather. He likewise is given to "breaking out" in a profuse perspiration at intervals after having finished some severe task. To the latter characteristics may be attributed many of the violent attacks of catarrhal fever or pneumonia that he is subject to. The horse may be presumed to have cooled out properly and been left for the night; he "breaks out" into a profuse sweat after being left by the groom and as the night grows cooler he catches cold. Horses die of pneumonia more easily and quickly in summer than in winter, and this tendency to "breaking out" and then catching cold when no one is expecting such a condition is responsible for the trouble. The horse will also sweat when he is cold. He is subject to cold sweats when suffering great pain, just the same as man, and he is also subject to hot sweating after a violent death. Strangulated hernia, rupture of the stomach or intestines, severe cases of retention of urine, etc., produce cold sweating with the horse. A number of drugs will readily produce perspiration in man, but there is no known drug that will act as a sudorific on the horse. When elimination is desired in the case of the horse it cannot be secured through the skin, but must be accomplished by remedies that act upon the kidneys; hence the free use of nitre in veterinary practice, which compels the kidneys to perform a function that in man may be accomplished by sweating.

When you want a pleasant physic try the new remedy, Chamberlain's Stomach and Liver Tablets. They are easy to take and pleasant in effect. Price, 25 cents. Samples free at Bessox Drug Co's drug store.

PENSIONS GOOD AND BAD.

The payment of liberal pensions to honorable soldiers who rendered valiant service to their country is a duty cheerfully and gladly performed by every good citizen. The money wasted on unworthy soldiers is the smallest of the evils of a dishonest pension roll, but the fraud, perjury, deceit, injustice and dishonesty which surrounds a gigantic rotten pension roll is a menace to the strongest nation.—Phil. Ledger.
