FRIDAY, DECEMBER 13, 1901.

WE DON'T KNOW.

Aurora Borealis: Eugene is putting forward too many candidates for governor. She will in all probability be ignored in that respect.

Aurora's "Borealis" should remember that men are usually selected for high places on their merit, and when it comes to merit, Eugene can produce a pretty thorough class.

A telegram from Dublin to the London Times and New York Times says that William H. K. Redmond, M. P., speaking at a Gorey, County Wexford, meeting of the United Irish League, said there never was a time when there was a better chance than at present to strike a blow for Ireland.

A dispatch from Las Cruces, N. M., announces that the oil borers at Engle, N. M., have struck an artesian well at a depth of 200 feet, which swept 1000 gallons per hour through a two-inch hole.

A petition is being circulated this week to raise a fund for the repair of the Noonday road above the Warehouse that was washed out during the heavy storm two weeks since.

Agitation has been started in Northern Idaho in favor of opening the Coeur d'Alene Indian Reservation to white settlers.

A great many bills are being introduced in congress but few of them will become laws.

BOHEMIA LOOKING UP

R. J. Jennings Returns from Tour of Inspection.

Extensive Development of Bohemia--Golden Star Also Promising--Railroad and Telephone Line.

Evening Telegram Dec. 10.

R. J. Jennings, secretary of the Helena Consolidated Mining & Milling Company, has just returned from a tour of inspection of the company's property in the Bohemia mining district.

In reference to the Helena mine, Mr. Jennings says: "The 10-stamp mill on this property is dropping night and day, grinding out the yellow metal, and with the present capacity of the mill the great ore reserve of the mine could not be worked out in 100 years."

"The Helena mine is worked from five levels, the greatest depth reached being 400 feet. Only the free-milling ores are treated at the mill, and the average ore in this class runs about \$23 in free gold to the ton."

"Since the consolidation of the Helena No. 1 and Helena No. 2 and the purchase of the White Wings intervening, for the more economical working of the property, a tunnel has been started from the Champion creek side of Grizzly Mountain, at the terminus of the projected Cottage Grove & Bohemia Railroad, that will tap the ledge nearly 900 feet below the present deepest workings on the Helena side of the mountain."

"Work on the survey of the projected railroad is progressing satisfactorily, over 28 miles of the survey having been completed already, but owing to the unfavorable condition of the weather progress during the past 10 days has been somewhat retarded."

"The telephone line connecting Cottage Grove with the Helena, Helena No 2 and the Musick mines has been completed, and now Bohemia camp has direct telephonic communication with the City of Portland. This line has long been needed, and it will prove of great convenience to the mines of the Bohemia camp."

"The property of the Golden Star Consolidated Mining & Milling Company, consisting of 14 claims and situated 1 1/2 miles west of the Musick, bids fair to become one of the big producers of the district. There are six parallel veins on the property, and over \$20,000 has already been spent in actual development work."

"There is one interesting fact in connection with the development of the Helena mine, that is producing from \$15,000 to \$18,000 monthly, that is perhaps not generally known, and that is the high standing of its consulting engineer. This distinguished individual is Professor James Putnam Kimball, a graduate of the scientific department of Harvard and the Universities of Berlin and Gottingen, and the Freiburg

School of Mining. Professor Kimball was connected with the state geological surveys of Wisconsin and Illinois, and for a time was professor of chemistry and economic geology in the New York State Agricultural College.

Court Bohemia No. 33, Foresters of America, on December 10:

Dr. George Wall, Chief Ranger; T. W. Blew, Sub Chief Ranger; F. G. Eby, Treasurer; B. K. Lawson, Financial Secretary; C. A. Wilson, Recording Secretary; A. L. Nichol, Senior Woodward; H. M. Wagner, Junior Woodward; H. Brehaut, Senior Beadle; E. C. Lockwood, Junior Beadle; E. A. Wilson, Trustee 3 years; S. E. Lawder, Trustee 2 years. After election all enjoyed themselves in trying to satisfy the inner man with good things.

AN EASTERN LETTER.

The following letter from a Nugget subscriber who is dwelling this winter in New York state, will be of interest to her many friends in this section:

Hunts, N. Y. Dec. 2, 1901.

Editor Nugget--Dear Sir--I will write you a few lines this morning as I wish to make a change in my address. Well we have been having somewhat different weather here than they are having in Oregon. Everything has been froze up with mercury down to 19 degrees, and I think below that one night. I took a sleigh ride Thanksgiving, something I had not done in thirteen years before.

LYDIA B. LETSON.

The Labor Convention in session at Scranton, Pa., on Tuesday was unanimous for the exclusion of Chinese, but tabled the resolution to exclude the Japanese.
