The important wit nesses of the day were called to contradict the showing made by witnesses for the defense for calling out the militis of Colorado other than a desire upon the part of the mine owners to drive members of the Western Federation of Miners from the mining district. One witness fiatly entradeited the evidence introduced by the defense to show that the explosion at the Vindicator mine was due to an accident.

While the big trial was going on in the District court, before Judge Fremost Wood, as interesting offshoot of the case was being heard by Justice of the Peace Savage. W. H. #### Vice President Starts East After His Portland Banquet.

Portland, July 17 .- Charles Warren States and generally conceded to be a candidate for the presidency in 1908, spent yesterday in Portland. His coming was attended by no salute of artiflery nor rataplan of drums. He was here in a purely unofficial capacity and save for the informal dinner tendered him by the Portland Press club at the Sargent Grill, there was no public demonstration in his honor.

The second citizen of the land was accompanied only by Private Secretary

The Press club had, the night before, extended Mr. Fairbanks an invitation by telegraph to be the guest of honor at dinner, which invitation he accepted by wire, and that dinner was the feature of his visit and one of the most successful affairs ever held here in compliment to a public man.

Vice President Fairbanks had already diners by his unaffected friendliness, but it remained for his address, which was entirely impromptu, to disprove completely the charge of frigidity so often made against him.

While he attempted no oratory, his address was eloqueont in the highest sense, and its sincerity was so at parent that all his auditors were deeply impressed.

### MAKES THE DEFENSE FURIOUS

Judge Wood Rules Out Evidence of Mineowners' Conspiracy-Point Won for Prosecution.

Boise, Idaho, July 20 .- The field for argument both for the prosecution and defense of William D. Haywood has been limited by Judge Wood, who in a feciaion handed down yesterday removed from consideration by the jury all evidence bearing on the alleged conspiracy by mincowners and others against the Western Federation of Miners. Judge Wood decided that the defense of Haywood bad made no legal connection of the Mineowners' association, the Citizens' alliance, of Colorado, and the Pinkerton agency with the crimes as aying a foundation for the evidence introduced by the defense to show that he charge against Haywood and his codefendants is the outcome of a conspir-

cy to exterminate the Federation. Immediately following the announcement of this decision, argument commenced. J. H. Hawley, leading counsel for the state, spoke for two hours and 15 minutes of the afternoon session, the morning session having been adjourned to enable the judge to prepare his decision.

Counsel for the defense repeatedly interrupted Mr. Hawley with protests. and objections, but these only seemed

to stir him to greater efforts. Mr Hawley concluded with the statement that already he had shown enough Fairbanks, vice president of the United to convict and that any juryman not . willing to convict on the evidence connecting the conspirators with the blowing up of the Bunker Hill & Sullivan concentrator in 1899 and the explosion test the Vindicator mine in 1903 alone 'sought only to rid himself of an unpleasant duty to his state."
