

## SIMPLE SATIN HAT NOW IN FAVOR; COLOR-TRIM IDEA WINS APPROVAL

NO LONGER is millinery reckoned by seasons. Modern woman scorns the calendar when it comes to buying a new hat. "When the spirit moves," and it moves very often in this day and age, she betakes herself to the milliner of her choice, and asks to see the latest arrivals in head-gear. It's at this time of year when winter hints of leaving and spring promises to come, that the "urge" to discard the old for the new becomes insistent. Certain it is that millinery displays are never more enticing than during midseason.

There's a vast range of ideas to choose from for one's "first hat"—the

ing the same fabric in several colors. Not only for children but for grown-ups as well, a styling wherein color complements color is being linked up with thoughts of coats and dresses for spring.

The charming little coat in this picture, which, if you please, bears a Paris label, carries out the new color-trim idea most attractively. For this model, rose-colored wool velours is inset into a foundation of red wool velours. In coats of twill or flannel, the tendency is to exploit fabric effects in an ornamental way. For instance, a coat of navy charmeuse has a long tuxedo collar and cuffs of lighter

sort which breathes of spring yet is not untimely even if snow still whitens the landscape. We are hearing much of felt with straw ornamentation, also belting ribbon with straw combinations. These and other similar types are in most excellent fashion for mid-season. Another mode of interest to the woman of fashion who seeks smart simplicity in her between-seasons chapeau, is the close-fitting satin hat.

Of stunning style are the satin models in this picture. Clever lines give to these hats "a dash and a go" which no amount of "fuss and furbelows" could accomplish.

No, that is not a feather trim on the satin shape at the top of the group. It is a plume-like effect of black monkey fur.

Close-fitting hats which come down over the ears like an aviator's cap are the newest of the new. The effectiveness of this type is bespoken in the

blue self-fabric, scalloped along the edges.

Many and novel are the developments along the line of thought of fabric effects for trimming. One cunning spring coat is bordered all around, also collared and cuffed with a banding composed of three strips of the broadcloth, each of a different color. There is a clever pocket also in this tri-color compose.

Sometimes fabric incrustations are applied in the form of scalloped side panels with a deep scalloped yoke to match. A pretty navy coat interprets color contrast in that it is slashed here and there so as to reveal a lining of bright red.

When facings, bandings and insets are not of a contrasted or blended solid coloring then they are apt to be of bright plaid, for gay plaidings are foreseen as very popular for spring; juvenile cloaking. Plaid taffeta used

as trimming is one of the popular themes for spring. A coat of suede-like cloth with collar, cuffs and pocket taffeta-lined is charming for the little tot.

In harmony with color exploitation are smart ombre novelty woolen materials. These are often made in straightline with narrow belts of leather and there is apt to be a collar and pocket of calfskin. Quite a sophisticated styling, to be sure, for youth but then that is as it should be for stylists declare the general tendency in coats is to duplicate grown-up fashions.

### FOR BREAKFAST

As 85 per cent of the housekeepers in the land are maidless, it is wise to prepare as much of it as possible the night before, so that a satisfactory breakfast may be quickly prepared.

An alarm clock to insure the right time of rising will give ample time to arrange the meal unhurriedly. He who goes mornings from a quiet, comfortable and well-ordered home is twice as capable as a business man who leaves with a hasty breakfast, perhaps prepared by himself, often leaving home with the unpleasant memory of a disordered home.

The uniform breakfast is a most convenient one, as it saves brain fag, and you know just what you are to prepare and they know just what they will have; however, the most of us like to avoid monotony and like an occasional break in the daily round. The usual fruit, cereal, bacon, eggs or toast with a cookie or doughnut to finish off with, with the cup of coffee, is so usually served that we all know how to prepare such a breakfast, providing we have the food.

A pleasing change is secured by serving a variety of cereals as well as those which need no cooking. By serving a variety the food is never monotonous, and the favorites may be served more often.

Broiled or baked mackerel, codfish balls, flunan baddie, smoked fish are all admissible for the first meal of the day.

Of the meats, the favorites are bacon, ham, chops, sausage, corn beef hash, frizzed beef and calf's brains.

Eggs are usually a favorite breakfast dish for the majority and are served in such a variety of ways that they need never become monotonous.

Omelets form an especially desirable dish and they, too, are of an endless variety. Scrambled, fried, poached and cooked in the shell, cooked in ramekins with cream, and eggs in combination with rice and other foods too numerous to mention, are all desirable breakfast dishes.

**Good Everyday Foods.**  
The use of leftovers is a daily problem in most homes. How to serve them without appearing to be leftovers is not always easy.

**Baked Codfish Puffs.**—Put a cupful or two of shredded codfish into a bowl, add boiling water to cover and let stand to cool, then drain and add to a pint of mashed potato, then add a cupful of white sauce, one

teaspoonful of onion juice, two teaspoonfuls of butter, salt if needed and plenty of paprika. Beat until light, then put into a baking dish, brush with fat and bake twenty-five minutes or until brown.

**Ham Loaf.**—Put three cupfuls of boiled rice and two cupfuls of cold boiled ham through a meat chopper, add one-half cupful of white sauce, one-half cupful of bread, one tablespoonful of minced parsley, one tablespoonful of onion juice, salt, pepper to taste, one teaspoonful of Worcestershire sauce, and a well-beaten egg. Mix all together and press into a brick-shaped pan. Bake thirty minutes in a moderate oven. Serve with a sauce or sliced cold.

**Scalloped Onions With Peanuts.**—Peel and cook six onions, chop two-thirds of a cupful of roasted peanuts. Cook two tablespoonfuls each of fat and flour, add seasonings and a cupful of milk. Put the onions and peanuts in layers in a buttered baking dish, cover with buttered crumbs. Bake until brown.

**Raisin and Apple Salad.**—Wash one cupful of raisins, add one-fourth of a cupful of apples and one cupful of mayonnaise. Line a bowl with lettuce, pile in the diced apples and raisins, cover with the mayonnaise. Serve with neufchatel cheese balls and garnish with cubes of tart red jelly.

**Eggs a la Suisse.**—Heat an omelet pan, put in a tablespoonful of butter and when melted add one-half cupful of cream. Slip in four eggs one at a time and sprinkle with salt and pepper, with a few grains of cayenne. When the whites are nearly firm sprinkle with two tablespoonfuls of grated cheese. Serve on buttered toast.

**Cauliflower With Cheese Sauce.**—Cook the cauliflower broken into flowerets in boiling salted water until tender. Prepare a white sauce with one cupful of milk added to two tablespoonful each of flour and butter cooked together, add salt and pepper and a cupful of grated cheese. Cover the cauliflower with the sauce and bake in a hot oven until well heated.

**Grapenuts Pudding.**—Dissolve one package of lemon Jello, add one cupful of steamed raisins, one-half cupful of sugar, one cupful of grapenuts, six walnut meats cut fine. Mix all together and mold. Serve with whipped cream.

## LIFE'S LITTLE JESTS

### DETERMINED

A man intent on emigrating stopped before a news agent's shop and read a placard: "Situation in the East." He strode eagerly into the shop. "I've come for that situation you're advertising," he said. "Pooh! That's on the state of affairs—" began the news agent, but the other interrupted: "I don't care whose estate it's on, I'll take it."—Tit-Bits.
