

With The Churches

FIRST BAPTIST CHURCH
Rev. J. W. Cabeen—Pastor
Phone 5704

Though the special meetings have closed, the interest in the great task of the church, the winning of souls still continues. There were sixteen who came forward during the meetings and a number of these will unite with the church. We are planning to unite our services for two Sunday evenings, April 10th and 17th, with our Evangelical friends in their special gospel campaign.

Morning service at 11 o'clock. The Pastor will preach upon the subject: "How to be a Successful Christian Soldier."

Bible School at 10 a. m.
Young People's Union at 6:30 p. m.

On Sunday evening we unite with the other churches and with the whole community in a meeting at the Normal chapel. R. E. Close of Portland will put on the great Prohibition Film "Lest We Forget."

Choir practice Tuesday eve at 7 o'clock.

Prayer meeting Wednesday eve at 7:30.

Woman's Society Thursday afternoon from 2 to 5.

CHRISTIAN SCIENCE

Sunday School at 9:45 a. m.
Sunday morning service at 11 o'clock.

Wednesday evening meeting at 8 o'clock.

Subject for Sunday March 27th, "Reality."

THE EVANGELICAL CHURCH
L. H. Willard—Pastor
Phone 3204

A profitable way to spend the hour of ten to eleven Sunday morning is in a Bible school, learning more about Life's Great Guide Book. Visitors and friends always welcome in the school conducted by this church.

Morning worship at eleven o'clock. The singing itself is always uplifting at this service. Then there will also be special music to enjoy. The pastor announces as his sermon subject, "The One Hope of the Church."

Junior C. E. at eleven in the basement.

Senior and Intermediate C. E. at 6:30 p. m.

This church is uniting with the other churches of the city in a union meeting in the Normal Chapel at 7:30. This mass meeting is under the auspices of the Anti-Saloon League of Oregon.

Beginning with April 3, and lasting for two weeks, there will be a series of special meetings in the Evangelical church. The first week, Rev. W. F. Rademacher of Vernonia, Oregon will bring the messages, and the second week the pastor of this church will preach. This is all for the benefit of the community, and every service is being carefully planned from the standpoint of good music (special and congregational), helpfulness, interest, and good fellowship. Remember the dates, April 3 to Easter Sunday, April 17th.

We have been treated to some Willamette valley real March weather this week and lawns and shrubbery have received attention previously neglected. Some early gardening was also indulged in.

ELKINS

Mrs. Emma Haggard of Independence and Miss Elsie Montgomery of O.N.S. visited Mrs. C. C. Marks last Sunday.

Mr. and Mrs. C. O. Allen attended grange in Saver Saturday.

Misses Arne, Philpot and Dickinson were Monmouth visitors Saturday.

School closed Wednesday noon for the spring vacation. Miss Harding will visit friends in Eugene and Miss Hallyburton will visit her parents in The Dalles.

Mr. and Mrs. W. H. Harman were Independence visitors Tuesday.

Mr. and Mrs. Scott Campbell of Portland and Mr. and Mrs. Lee Fenton of Dallas visited Mr. and Mrs. J. A. Tetherow Sunday.

Mr. and Mrs. Ben Beldon and sons, Victory and Bennie were Salem visitors Saturday.

Pauline Blodgett has been quite ill with the flu and was taken to Dallas Sunday for ear treatment.

JUNIOR HI-WAYS

VOLUME 2 NUMBER 19

PARENT-TEACHERS' MEETING VOTES SCHOOL IMPROVEMENT

The Monmouth Parent-Teachers association met March 17. The program consisted of a talk on Switzerland given by Miss Brenton and readings by Miss Stanbrough. Miss Brenton also showed some beautiful and interesting pictures.

After the program, President, Mrs. Chambers took charge of the business. The members adopted a constitution and voted to buy oil cloth for the tables in the children's lunch room. They also voted to have the annual meeting for election of officers at the last of the year rather than the first in order that the president may make plans for the following year.

After the business, tea was served, Mrs. Morlan pouring and the first and second grade teachers serving. The shamrock cookies were especially good.

At the next meeting of the association which will be on the last Thursday of April, this question will be discussed: "To what extent should our pupils participate in social affairs during the school week? Think the question over. We want to hear your opinions."

"WHO'S WHO?"

Verl White: Student in the Monmouth junior high, was born in Monmouth, Oregon, August 15, 1913.

His mother before her marriage was Minnie Hockema. His father is Orval White.

As a child, his chief interest was to be a farmer and have stories read to him. Often when his father went to milk the cows he would go along since his biggest desire was to be able to milk, and to become a farmer. He was also fond of out of doors, and when his father went hunting or fishing Verl would be allowed to go along. His earliest years were spent at the school in Kelso, Washington and at Yamhill, Oregon. The latter part of his education was at the training school in Monmouth. In his early manhood he is planning to finish the Monmouth high school and attend the Oregon Agricultural college.

After he finishes school he plans to devote his later life to farming. He has high ideas and plans for the future. He hopes to own a huge farm fully equipped with cattle and machinery.

February Weighing and Measuring Report

The February check on the weight of the pupils shows a general improvement.

The 5th and 6th grade room leads the other grades in having the most improvement for February. Their percent of improvement is 6.8%. This room has taken much interest in weighing and measuring. Those who were underweight were weighed once a week and a record of their weight kept. These records showed that every underweight boy and girl in the room had made a gain in weight by the end of the month.

During the month of February, six underweight pupils have come up to their normal weight, while four pupils who were up to their normal weight last month have lost in weight until they are slightly underweight. The total improvement of the pupils for the entire school for the month of February is 1.5%. The report is by Miss Barger.

DEPARTMENTAL NEWS

The 3rd and 4th grades welcome Lucretia Shambrook to their room. Lucretia comes as a special student from Roseburg. The boys are pleased to have Arthur Stump back to help them in their baseball practice. Arthur has spent the past month in California.

STUDENT TEACHERS DEPART

It is with regret that we see the present corps of teachers leave. We have enjoyed having them and are fully appreciative for the patience, kindness and the skill with which they have handled their work. As we go to press the student teachers are about to entertain their pupils, in vaudeville stunts in the assembly. Account later.—A. S.

FAN BROKEN

The motor of the fan that furnishes the heat for the training school was broken March 17. As the day was not very warm, many pupils expected a holiday. Miss Gentle's room, being on the north side of the building, dismissed school. The other rooms had school. The fan was ready for use again Friday.

The training school students, however, will have their spring vacation the same time that the Normal school does.

Debate Property Destruction

The question: Resolved, that the parents of the children who destroy school property should be held responsible, was won by the affirmative in the recent 8th grade debate.

A JOKE ON MY GRANDFATHER

Once when my grandfather was visiting a cousin in California he remembered about how nice and sociable the people are in Oregon.

"Yes," replied his cousin, "and they are so intelligent, too. Now there is an old fellow living near here, who is from Oregon. Perhaps you would like to go over to visit him?" Of course grandfather wanted to go, so his cousin took him over and introduced him.

"It seems good," said my grandfather, "to see some one from dear old Oregon." The old man looked at grandfather questioning and answered: "I'm not from Oregon," and then added proudly "I'm from the state of Tillamook." Grandfather was rather astonished at the man's ignorance, but his cousin thought it a very good joke on Oregon. So grandfather thought, and told it a great many times when he returned to Oregon.

Once when he was invited to a friend's house to dinner it happened that the friend's son and daughter-in-law were present. Grandfather repeated this story, but observed that everyone looked rather queer. The daughter-in-law seemed greatly embarrassed. Finally the father-in-law said: "Well, Mabel, that's just like your Uncle Ben."

Grandfather said that incident certainly taught him a lesson. Never to mention names in relating jokes on people, for after all, the world is not very big.

A CHRISTMAS PRESENT

The Training school received a Christmas present Friday, consisting of some dried currants and a letter from the Greek Junior Red Cross at Athens. The letter was written October 17, 1926.

Training School Closes Wednesday

The Training school will close Wednesday at noon for the only vacation before the close of school. School will begin again on the following Monday.

Farewell

This issue of the Junior Hi-Ways closes the work of the present editorial staff. We wish our successors the joy of soliciting items for this department. We thank all who have lightened our burdens with their cheerful contributions.—The Staff.

A PRIZE OFFERED

Last week there appeared in these columns the first chapter of an inter-

esting story written by a pupil in the 8th grade. A prize will be given to the person, old or young, who writes up the best ending to that story. Look up your last week's paper and find the story to be continued. In addition to the prize you may have the pleasure of seeing your story in print.

JOKES AND CONUNDRUMS

Gordon: (After finishing history exam.) Well, I have all but one teacher-question.

Mr. Dodds, it gets so windy in Kansas that the mole holes stick up an inch out of the ground.

If your uncle's sister is not your aunt, what relation is she to you?

She is your mother.

What two letters do boys delight in to the annoyance of their elders?

Two T's.

On which side of the pitcher is the handle? Outside.

COUNTY AGENT WILL TALK FROM RADIO KOAC MONDAY

Farmer radio fans of Polk county will be interested in the announcement for radio station KOAC, Oregon Agricultural College at Corvallis, to the effect that at regular intervals starting Monday evening March 28th County Agent J. R. Beck of Polk county will broadcast on items of interest to the farmers of this district.

In commenting on this item of the program, W. L. Kadderley, director of the station states that this is the first time, on the Pacific Coast at least, that radio will have been systematically used by county agricultural agents to talk directly to farmers in their respective counties about current activities associated with the Agricultural Extension Service. The press, the telephone, the farm visit and the farm meeting have been the means of contact for the county agent and the farmers of his county. Because of the increasingly large number of receiving sets on the farm, estimated to be over 200 in Polk county, radio is now to be used as means of direct communication by county agents.

According to Mr. Beck the first talk will be given at 8:30 Monday evening the 28th, the next one on April 11th and a third one on April 25th. As is the case with all beginners in radio broadcasting, Mr. Beck has stated that he would especially like to have listeners inform him as to the reception and criticize delivery so that later talks may be improved.

GYPSY COSTUMES BRIGHTEN STAGE

MacDowell Club's First Program is Given a Cordial Hearing

Music, color, dancing; love, play, song—all were portrayed in a very pleasing harmony in the Choral-Dance-Cycle given by the MacDowell Club in the Normal chapel Saturday night. From the opening of the gypsy festival and the crowning of the queen Carita, to the capture of the maiden's heart by the brave youth, the story proceeded with an air of gaiety and laughter which left a pleasant sense of optimism with the audience. The gypsy costuming of the chorus and dancers made a bright setting for the unfolding of the story. As a whole the operetta was one of the prettiest ever presented in Monmouth.

The presentation on Saturday night demonstrated the ability of the MacDowell Club to please its audience. Since its organization in January of this year the club has set as its aim the preparation of music to fill demands for such entertainment, and it is to be hoped

that it will not be long before the students and friends of the school may hear these singers again.

EUGENE BIBLE UNIVERSITY DOUBLE WINNER IN DEBATE

Our debate teams again met defeat Thursday evening. Leon Blankenship participated in his first Normal debate. Much credit is due both teams for putting up such a good argument. The teams failed to agree on the word "immediate" and the Bible University speakers were able to persuade the judges that they were correct. It must be remembered that the Normal runs up against very experienced men and we should feel justly proud of our men. (In the Lamron)

The Book of Songs

Perhaps you never realized that a Bank Book is a book of songs.

Every depositor who has one of those highly prized books in his possession can tell you that just to leaf it thru and see column after column of dollars saved makes the heart sing with joy.

A dollar starts a savings account and gets you one of these books of happiness. Every dollar saved and entered in it will add another note to your hymn of happiness.
