## SOUTHERN WASCO FAIR WILL ATTRACT CROWDS FROM MAUPIN AND OTHER SECTIONS OF PROSPEROUS WASCO

**Tygh Valley Dressed in "Glad Rags" and Bright with Electric Lights Assures Good Time to all Visitors at the Fair Now in Progress--- Wild West and Other Features Will Entertain Crowds**

Tygh Valley, Sept. 15—Our little city looks this afternoon like a county seat on circus day, with a good old fashioned country fair added. The grounds and buildings are in perfect condition and all ready for the big crowds that will commence to arrive tonight. In fact a number of gay parties are already on the grounds. An occasional camping outfit and party are dotting the camping grounds with their temporary homes assuring success to the efforts of the management which has done everything possible for perfect conditions upon and about the fair grounds. The second annual Southern Wasco Fair is going to be a success, the biggest success of any thing in the way of entertainment ever offered or undertaken here.

The wild west feature of the fair will be a scream. You don't need

to go to the seat of war in Europe to find excitement, or to the much advertised Wild West shows in distant towns to see real horse and bull riding by the best riders in this part of the country. The best riders and the wildest horses will be here and perform during the three days of the fair. You can see a REAL wild west show right here at the home of the cow boy and the bucking broncho, where both have received their schooling and where both are at their best. There will be no inhuman "stunts" but the wild west performances will be thrillers. A special arena has been just completed for these performances.

Exhibit buildings and covered sheds for displaying and taking care of agricultural exhibits and live stock are all in readiness. Exhibits are beginning to arrive in a manner that is most gratifying. It appears that there will be entries in every class of exhibit.

The camping grounds are a regular picnic place. They have been cleaned and prepared with especial care. If there were no other attraction here it would be a splendid vacation to come and camp in our splendid park. The grounds as well as the town will be brilliantly illuminated with electric lights. Restaurants, lunch counters, ice cream

stands, confectionary stands have been arranged for in abundance, and it is possible that good old fashioned circus lemonade will be purchasable. A twenty piece band will be on tap at all times and will furnish the best of up-to-date music as well as all the old favorite pieces. An old-fashioned bowery dance will be in progress each night, when the best of dance music will be furnished. A rest room and every thing for the especial comfort of the ladies have been provided.

The big home talent show at the opera house Wednesday and Thursday nights is attracting much attention. Tygh Valley people have established a reputation in Southern Wasco County as amateur performers. And with the training they have had and the excellent piece they are billed to produce they should do themselves proud Wednesday and Thursday nights.

### Porcupine Quills.

The spines both of the hedgehog and the porcupine are nothing more than excessively enlarged hairs, and on the bodies of these animals every graduation between hairs and spines can be found.

### Telegraph Wires.

A telegraph wire in the open country lasts four times as long as one in a city.
