THE MYSTERY MEETING

(Continued from page 1)

who signed up a new member would be given a dinner free at his hotel—and of course the new member will be entitled to dine with the member who ropes him in. This announcement was greeted with vigorous applause and there was a wild scramble for new members.

A committee of three was appointed to send a telegram to R. A. Booth, who has tendered his resignation as a member of the state highway commission, asking him to reconsider his action and remain as a member of this important board. Governor Olcott has also requested Mr. Booth to remain on the highway board.

At this juncture came shouts from all parts of the house "Let's eat," and a rush was made for the tables containing various kinds of delicious sandwiches, pickles and coffee. It was not a business meeting in the true meaning of the word, but almost the entire evening was given over to pleasure—and it was a success—an evening of fun which everyone present thoroughly enjoyed.

Grants Pass can stand more such get-together affairs, and those who perpetrated the trick demonstrated that they are not sleeping.

"CAN I BE CURED?" SAYS THE SUFFERER

How often have you heard that sad cry from the victims of disease. Perhaps the disorder has gone too far for help, but oftener it is just in its first stages and the pains and aches are only nature's first cries for help. Do not despair. Find out the cause and give nature all the help you can and she will repay you with health. Look after the kidneys. The kidneys are the most overworked organs of the human body, and when they fail in their work of filtering and throwing off the poison that constantly accumulates in the system, everything goes wrong. **GOLD MEDAL Hearson Oil Capsules** will give almost immediate relief from kidney and bladder troubles and their kindred ailments. They will free your body from pain in short order. But be sure to get **GOLD MEDAL**. Look for the name on every box. In three sizes, sealed packages. Money refunded if they do not help you.

Amethysts for Mourning— Amethysts will be much worn in this country during the post-war period as mourning jewelry. Amethysts and jet are the most widely used mourning stones. The vogue of amethysts in the mourning was fixed after the Franco-Prussian war, when the gems became popular in France and Germany.

An abundance of good amethysts are found in the mountain region of the western United States. The best amethysts come from Cambay, in India, from Ceylon, Persia and Siberia. There are also large amethyst mines in Uruguay. The war, which curtailed imports of all gems to the United States, gave American amethysts a wider market than they ever had before.

MARY PICKFORD

In Her Newest Arcraft Picture

"Johanna Enlists"

She lives on a lonely farm, does Mary Pickford in this picture, and then the soldiers came.

Never a beau before and now Lovers three! A hardy aristocratic Captain, a handsome Lieutenant, and a peppery private! Who gets her? Bet you can't guess. The private knows he is heavily handicapped and calls the Lieutenant "a piece of cheese"—which naturally gets him introduced to Guard House, followed by a Court Martial. The Captain is the Prosecutor in the case, but Cupid addles the brains of everybody concerned * * * and eventually Mary Pickford rides away on a gun carriage to be married.

"Take One."

"Oliver Window" of the Daily Chronicle of London was once told a pleasing little anecdote of Dame Agnes Weston, the friend of sailors, concerning jam tarts. Some lady helper at a sailor's rest had been mistaken enough to hand the sailors tracts while they were having a meal. Miss Weston advised that some better method should be adopted. The tracts were then placed in a pile on the buffet counter, with a card inscribed, "Please take one." A sailor with a sense of fun transferred the card to a dish of jam tarts, and, as the rush to the buffet began, the servers were amazed to see sailor after sailor lift a tart and walk away, while the tracts remained in an undiminished pile.—Christian Science Monitor.
