Returns Coming Slowly

Mrs. Alice Bacon reports that the returns of questionnaires with information relative to soldier service are coming in slowly. There seems to be a lurking suspicion that to return the questionnaire would mean further military service. This is not the case. The effort is made in order to secure a history of every Oregon soldier, that a permanent, reliable record may be kept. Such a record will be of inestimable value in time to come and all soldiers should make an effort to report before the time limit of May 1.

"YELLOW PERIL" NO WORRY TO MONTANANS

Helena, Mont., Apr. 23.—The "Yellow Peril" no longer looms large in this state. Quite to the contrary. The Chinese are going—and making their absence felt.

Helena once had a thriving colony. It is reduced to a handful. Chinese laundries are closing because they cannot get help; Chinese gardeners report the same condition; citizens who once hired Chinese cooks and butlers are unable to find them.

The Chinese say little of the migration, but it is declared the Pacific coast, where there is said to be a revival in Chinese business, is attracting many; and that others are going home to China, where, since the republic was set up, conditions are better and life safer and more congenial.

The enmity between the Chinese and the white labor unions has been dying since the war began, and regret, if anything, is expressed at the departure of the Mongolians.
