Cure has brought them. To make assurance doubly sure, it can be added that Messrs. H. H. Warner & Co., have for years published a standing offer of \$5000 to anyone who will prove to an impartial referee that any testimonial published by them is not, so far as they know, bona fide and absolutely true. What more does "Subscriber" desire to convince him, in addition to his own statement that his neighbors all tell him that Warner's Safe Cure has done more good for them than they have received from

he doctors.

In view, Mr. Editor, of the many persons who are sacrificed daily to the bigotry and ignorance of physicians who persist in treating patients for symptoms, called consumption, apoplexy, brain troubles, and nervous disorders when the real cause is disease of the kidneys-which should be detected and quickly eradicated by the use of Warner's Safe Cure-I maintain that the value of those pamphlets, which place in the hands of the public the means of knowing the truth, cannot be overestimated.
