REOCCUPIED BY RUSSIA.

Chinese Fail to Keep Their Promises at Mukden, Manchuria.

St. Petersburg, Oct. 31.—An official dispatch from Mukden, Manchuria, says: A detachment of Russian troops entered the town yesterday and reoccupied the guardhouse. This action was in consequence of the weakness displayed by the Chinese authorities who do not fulfill their promises and owing to general ferment prevailing here.

The rumors coming from Japanese sources relative to the erection of Russian forts on the Yalu river, Corea, are declared to be exaggerated. It is explained that only a rampart has been built for the secretion of the Russian settlements against the Chunchus.

The reports of the entry of Japanese troops into Corea are also unconfirmed and the anti-Russian demonstrations in Japan are now stated to be less frequent.

Gives Russia Full Swing.

Washington, Oct. 31.—Diplomats here say that the Associated Press cable from St. Petersburg telling of Russia's reoccupation of Mukden indicates an agreement between Russia and Japan by which the former is to have free swing in Manchuria, so far as Japan is concerned.

Mr. Takahira, the Japanese minister, said tonight he had read the cablegram with deep interest, but was still without official confirmation. The minister seemed to be more hopeful of a satisfactory conclusion of the Tokio negotiations but said positively he had not been advised that an agreement had been reached. He pointed out that Russia had agreed to the opening of Mukden to the world's commerce and said he did not think it necessary for Russian troops to remain there to carry out this promise.

PORTE TO DEFY POWERS.

Russo-Austrian Plan in Macedonia is Distasteful.

Constantinople, Oct. 30.—A feeling of unrest prevails here, and the feeling is so general that the sultan is contemplating defying the powers that seek to compel him to accede to the demands of Austria and Russia in the matter of reforms in Macedonia. These reforms are distasteful to the people of Turkey, and there is no doubt Abdul Hamid will have all of his subjects with him in any action he may take to combat the plan to place Austrians and Russians on the staff of the Macedonian inspector-general.

It became known today that the disarmament policy that has been in progress for some time in connection with the understanding between Bulgaria and Turkey has been annulled. This is taken to mean that the sultan has made up his mind to defy the powers and decline to obey the suggestion of Austria and Russia.

REBELS JOIN FORCES.

Santo Dominican Capital is to be Attacked.

Cape Haytien, Hayti, Oct. 31.—General Navaro, the revolutionary governor of Monte Cristo, San Domingo, at the head of a strong force of troops, has joined General Morales, commander in chief of the forces of the Dominican revolution, with the reported intention of moving the combined forces on the capital, Santo Domingo.

The blockade of the port of Puerto Plata, on the north coast of Santo Domingo, which is held by revolutionists, has caused provisions there to become very dear.

A force of Dominican revolutionists has occupied Cotuy. It is presumed the Dominican government forces will be concentrated at the capital, where heavy fighting is expected to take place.

It is rumored that the French cruiser Jean de la Gravier, now at Port au Prince, Hayti, has been ordered to Santo Domingo.

Friar-Land Problem Easier.

Manila, Oct. 31.—Monsignor Guidi, the Roman prelate sent to Manila as apostolic delegate to conduct negotiations between the vatican and the United States government regarding the sale of land held in the Philippines by the friars, is urging a settlement of the matter before Governor Taft leaves for America. The governor upon his part says that he is in hopes that the sale will be concluded before his departure.

READY TO EXPLODE

DYNAMITE FOUND IN SEATTLE INTERURBAN DEPOT.

Twelve Sticks, Done Up in Two Packages, With Fuses Ready to Light—Mystery Surrounds the Find—Street Railway Manager Says Company Has Had No Trouble to Inspire Deed.

Seattle, Oct. 30.—Twelve sticks of dynamite done up in two packages, with split fuses attached all ready to light, were found concealed in the toilet-room of the Interurban depot, First avenue south and Jackson street, at 3 o'clock this afternoon. There was enough of the explosive to have blown up all buildings within a radius of two blocks and to damage property for a distance of ten blocks from the depot.

One package containing six sticks, had been carefully rolled up and placed behind the washstand bowl. The other, containing the same amount, had been wrapped in the same manner and secreted from view behind the toilet bowl.

Around each of the packages, inside the paper in which they were rolled, was a long fuse so arranged as to connect with the sticks. The end of each of these fuses had been split with a knife for a distance of about an inch exposing the powder to view through the wrapper and would permit immediate ignition.

The discovery was made by a laborer named Wilson. When his eye fell on the package behind the washstand and the fact that it was concealed struck him as peculiar. He pulled it out and discovered it was dynamite.

An explosion of dynamite occurred at First and Jackson streets to the rear of the Capital hotel early Tuesday morning not more than 150 feet from the depot building. Then it was supposed that the explosion was the work of some drunken man for his own amusement. Now the matter is viewed in a different light and a searching investigation is being made by detectives.

Two days after the arrest of Shannon a man named Robinson, while walking on the Arlington dock came across two sticks of the explosive hidden between a pile and the run-beam of the wharf.

General Manager Grant, of the Street Railway company, when informed of the find in the depot, said: "I cannot imagine why it should be placed there. We have not had any trouble with anyone which would be likely to inspire such a hideous crime."

SECESSION IS URGED.

Halifax, Nova Scotia Chronicle Makes an Appeal to Canada.

Halifax, N. S., Oct. 30.—The declaration that present relations between Canada and Great Britain cannot exist much longer was made today by the Halifax Chronicle, the leading newspaper supporter in the maritime provinces of the liberal party. In an unusually outspoken editorial on the Alaskan boundary award the Chronicle expresses what it alleges to be unanimous dissatisfaction of Canadians at the action of the British government in the matter. The paper says:

"This Alaska episode has made it clear that our existing relations to the empire cannot be continued much longer. We are even now at the parting of the ways. Our subordinate position has been so clearly and so humiliatingly revealed that it must speedily become unbearable."

The Chronicle adds that there are now only two courses open for Canada—complete legislative independence within the empire, acknowledging the sovereignty of the king of England alone, or the status of an independent nation. The paper says there is much to commend the latter step, because it would free Canada from the danger of ever being embroiled with the United States on account of its European connections, and at the same time would secure for the Dominion the benefit of the protection of the Monroe doctrine.

American Cruiser to Scene.

Washington, Oct. 30.—Acting Secretary of the Navy Darling this afternoon set orders to the Norfolk navy yard for the cruiser Baltimore to proceed forthwith to Santo Domingo, to look after interests at the blockaded port in that country. It is expected the Baltimore will leave tomorrow and she should arrive at her destination by Tuesday.
