Public Notice

NOTICE OF BUDGET COMMITTEE MEETING

A public meeting of the Budget Committee of the Dayville School District 16J, Grant, State of Oregon, to discuss the budget for the fiscal year July 1, 2015 to June 30, 2016, will be held at Dayville School Computer Lab, 285 School House Dr., Dayville, OR. The meeting will take place on April 28, 2015 at 7:00 p.m. The purpose of the meeting is to receive the budget message and to receive comment from the public on the budget. This is a public meeting where deliberation of the Budget Committee will take place. Any person may appear at the meeting and discuss the proposed programs with the Budget Committee. A copy of the budget document may be inspected or obtained on or after April 17, 2015 at Dayville School Office, between the hours of 8:00 a.m. and 4:00 p.m.

Public Notice

Legal Notice Objection Period USDA Forest Service- Malheur National Forest Prairie City Ranger District Prairie City, Oregon Elk 16 Landscape Restoration Project Notice of 45-day Objection Period

The Prairie City Ranger District of the Malheur National Forest has prepared a draft decision notice and finding of no significant impact (DN/FONSI) and a final environmental assessment (EA) for the Elk 16 Landscape Restoration Project. This draft DN/FONSI identifies the forest ecosystem, fuels, watershed and aquatic habitat restoration activities to be implemented under this decision based on the analysis in the final EA. These documents may be viewed on the Malheur National Forest website at: <http://www.fs.usda.gov/project/?project=32129>. Hard copies of this final EA and draft DN/FONSI are available at the Prairie City Ranger District Office, 327 Front Street, PO Box 337, Prairie City, OR 97869. Additional information can be obtained by contacting Greg Moon, District Ranger, at 541-820-3800, gmoon@fs.fed.us. The Elk 16 Project area is located on the Prairie City Ranger District, approximately 20 to 25 miles southeast of Prairie City, Oregon. The draft decision includes ponderosa pine and mixed conifer forest thinning and fuel treatments, prescribed burning, road restoration, stream channel restoration and hardwood planting, and aspen restoration. The project area includes the Dugout Creek Research Natural Area and portions of the North Fork Malheur Scenic Corridor. The draft decision includes Forest Plan amendments to relocate Dedicated Old Growth; to reduce summer range cover below standards; remove trees greater than or equal to 21 inches; and to allow a loss of late and old structure.

The draft DN/FONSI is subject to an objection process pursuant to Forest Service regulations at 36 Code of Federal Regulations (CFR) 218. This process replaces the post-decisional appeal process (36 CFR 215) used since 1993. The new regulations (36 CFR 218) provide an opportunity for individuals and organizations to file an objection to a project before the final decision is signed. This allows interested individuals and organizations to advise the Deciding Official about concerns regarding the final decision before the decision is made.

Objections will only be accepted from individuals and entities as defined in 36 CFR 218.2 who have previously submitted specific written comments regarding the proposed project during scoping or other designated opportunity for public comment in accordance with 36 CFR 218.5(a). Issues raised in objections must be based on previously submitted timely, specific written comments regarding the proposed project unless based on new information arising after the designated comment opportunities.

Objections, including attachments, must be filed via mail, fax, email, hand-delivery, express delivery, or messenger service (Monday through Friday, 8:00 a.m. to 4:30 p.m., excluding Federal holidays). Objections may be mailed to: Regional Forester, Objection Reviewing Officer, Pacific Northwest Region, USDA Forest Service, Attn: 1570 Objections, PO Box 3623, Portland, Oregon 97208-3623. For emailed objections, please email to: objections-pnw-regional-office@fs.fed.us. Please put OBJECTION and the project name in the subject line. Electronic objections must be submitted as part of an actual e-mail message, or as an attachment in Microsoft Word (.doc), rich text format (.rtf), or portable document format (.pdf) only. For electronically mailed objections, the sender should normally receive an automated electronic acknowledgement from the agency as confirmation of receipt. If the sender does not receive an automated acknowledgement of the receipt of the objection, it is the sender's responsibility to ensure timely receipt by other means. Objections may also be hand delivered to the Pacific Northwest Regional Office, 1220 SW 3rd Ave., Portland, Oregon 97204, between 8:00 a.m. and 4:30 p.m., Monday through Friday except Federal holidays. Objections may also be faxed to: Regional Forester, Attn: 1570 Objections at 503-808-2339.

Objections must be postmarked or received by the Reviewing Officer, Regional Forester, within 45 days from the date of publication of this notice. The publication date is the exclusive means for calculating the time to file an objection. Those wishing to file an objection should not rely upon dates or timeframe information provided by any other source. The regulations prohibit extending the time to file an objection. Specific directions on how to file an objection are provided in 36 CFR 218.8. (A printed copy is available upon request.) The regulations can be found at <http://www.ecfr.gov/cgi-bin/text-idx> under "Predecisional Administrative Review Process."

The objection must contain the minimum content requirements specified in §218.8(d) and incorporation of documents by reference is permitted only as provided in §218.8(b). It is the objector's responsibility to ensure timely filing of a written objection with the reviewing officer pursuant to §218.9. All objections are available for public inspection during and after the objection process. Objections will be subject to review by a "reviewing officer," because the Responsible Official for the Elk 16 Landscape Restoration Project is Steve Beverlin the Malheur National Forest Supervisor, the reviewing officer will be the Regional Forester.

The objection process may include an opportunity for the objector to meet with the reviewing officer and the responsible official, with the objective of resolving the concerns expressed in the objection. The responsible official cannot sign the final decision until the reviewing officer has responded in writing to all pending objections, and the decision must be consistent with any instructions issued by the reviewing officer. After the objection process concludes there will be no additional opportunity for administrative review or appeal. The final decision will be the Final administrative decision by the agency.
