Light house Inspector Robert Warwick was here on an official visit last week. Marshfield is advertising a Fourth of July celebration. In this respect the city seems to have a monopoly in this section as it is the only celebration to speak for the patronage of the people on that date. In the matter of the observance of the nation's birth the bay city is making up for the lack of enthusiasm in other parts by celebrating two days this year instead of one which the coming of the Fourth on a Sunday allows them to do. Saturday and Monday are the two days of Marshfield's celebration and patrons can go one day or both or make it three if they desire. It is hoped to have the program for the next issue of the Recorder.

The only thing with which they were well supplied was shooting materials. They were not allowed to light fires which would allow the enemy to shell them. A snow storm came up completing an experience that may be expected by they who go a soldiering. Mr. Sumner was wounded by a bullet in the back of the head, at Atlanta.

### BACK FROM SIX WEEKS TRIP

A. Habberly Returns from Visit to the East, South and Southwest

Rev. A. Habberly returned last week from a six weeks trip through the east and reports a most enjoyable journey. He visited the San Francisco fair and agrees with those who think it is the finest ever. From San Francisco he went to Los Angeles, taking the Southern Pacific route to New Orleans where he saw the sights of that venerable city. On his way to the north he stopped for a time at his birthplace in Tennessee recalling the memories of youth. He visited with relatives in Brooklyn, New York and then on to Rochester to attend the conference of the Presbyterians there. Secretary Bryan who shares with President Wilson the honor of being among the nation's most prominent Presbyterians and who had been expected to have a stellar part in the proceedings of the council was not able to be present. The affairs or state were in such a critical condition that the secretary could not absent himself long enough to attend the meeting as he had planned to do.

From Rochester Mr. Habberly went to Salisbury, Mo., to visit relatives and returned to Bandon by way of Portland. Mr. McNair who was his traveling companion over a portion of the distance went to Canada where he joined Mrs. McNair for a visit with relatives.

Our county assessor, T. J. Thrift and Mrs. Thrift returned last week from an extended trip. They attended the commencement exercises of the Oregon Agricultural School at Corvallis where their daughter Belle, was graduated and from there the three proceeded to Portland to take in the Rose Festival.

### A Birthday Party

A very happy social event took place at the home of Mr. and Mrs. F. W. Parker on Friday evening in which members of the Epworth League took a prominent part. The occasion was the 25th birthday of Frederick Monette, who is a son of Mrs. Parker. There were thirty five guests present and a delightful time was spent in social games for which rather elaborate preparations had been made. Mrs. Arthur Sweet, Miss Elizabeth Fox and Miss Harriet Sweet each rendered a vocal solo. An abundant and appetizing luncheon was served.

### How to Collect a Hotel Bill

M. M. Young, proprietor of the Baxter Hotel at Coquille came down yesterday to swear out a warrant for one L. Scott who he claimed had "jumped" a board bill, and was now about to depart secretly on a boat for California. Within 20 minutes after the warrant was issued the young man was arrested and arraigned, and given until this morning to enter his plea, and meantime allowed to go on his own recognizance. Constable Blacker discovered what appeared to be an attempt to defeat the process of law, and immediately landed the young man behind the bars. A few minutes later, said Scott paid his board bill, and the case was dismissed.
