THE VICTOR-VICTROLA

Taken as the latest type of what it stands for—what it embodies—what it makes possible—and what it actually performs—The Victor-victrola is the most wonderful, the most enjoyable and the most useful musical instrument of which the world has ever had any knowledge.

With the improved sound amplifying surfaces and all moving parts completely concealed in an artistic cabinet it appeals to music lovers who have heretofore denied themselves the pleasure of having a victrola, simply because of their fancied objection to the prominence of the horn.

No, the Victor Victrola tone can't be equalled! Even though the eye could take in every detail of construction, there is still that same indescribable "something" which makes the Stradivarius supreme among violins and gives to the Victor Victrola that wonderfully sweet, clear and mellow tone which has established this instrument as pre-eminent in tone quality.

AGED COUPLE KEEP GOLDEN WEDDING

Arch Deacon and Mrs. Horsfall Celebrate Fifth Anniversary At Marshfield

Arch Deacon and Mrs. William Horsfall of Bandon came to the city yesterday to celebrate their Golden Wedding with their son, Dr. William Horsfall Jr., and family. Last evening many of the friends of the couple called upon them to offer congratulations. They left for their home this afternoon.

Arch Deacon Horsfall is a pioneer in the Episcopal church on the coast and is widely known throughout Oregon. He is held in high regard by the Episcopalians of the state and on a number of occasions the clergy have paid him high tributes. Both he and Mrs. Horsfall have many friends in the southern Oregon coast country.

A pleasing feature of the anniversary is the fact that both the arch deacon to have been married for fifty years, both enjoy good health and are wonderfully well preserved persons and hope to enjoy many more years of married life.

The venerable clergyman is a man of kindly and gentle nature and which together with the may good offices he has performed for his following has endeared him to the people with whom he has come in contact.

Arch Deacon Horsfall this morning related some of his early experiences. He said that on October 6, 1865, he was married to Miss Sarah Howard in Lancashire, England. It was in 1870 that they moved to America and at the Theological Seminary in Kansas City he took his theological work.

Following his graduation Archdeacon Horsfall had charge of Episcopal churches at the start he said assistant minister and later a rector. Later they moved to Miles, Montana where he was missionary for the Yellowstone District and rector of the Emmanuel Church at Miles.

It was in 1888 that the Horsfall family moved to Oregon. Mr. Horsfall was then in poor health when he became missionary for the coast district from Lane county to the Curry county line on the south. His headquarters were in Marshfield for 22 years and it was five years ago that Mr. and Mrs. Horsfall moved down to Bandon.

Via horseback, wagon stages and boat Mr. Horsfall covered his territory. The trip to Florence then took two days each way. There were no Episcopal churches at the start he said, and the services were held in school houses and at times in the homes. There were but 20 communicants in the entire territory in 1888. The first services in Marshfield were held in the Lockhart building and at Empire in the court house.

The first Episcopal church of the district was built at Marshfield in 1889, said Mr. Horsfall this morning. A year later one was erected at Empire, at Port Orford in 1892, at Bandon in 1895, at Coquille in 1897 and at Gardiner in 1907.

Through all these years Archdeacon Horsfall labored well and today views his handiwork with pride for the church membership has well increased since he came here 30 years ago.

In 1910 the district was divided and Rector Robert E. Broyning was given Marshfield and the territory to the Siuslaw and Archdeacon Horsfall, the Coquille valley and territory south to the Windchuck River on the California border.

Life in southwest Oregon, he said, has been a happy one for both himself and Mrs. Horsfall. He came here pretty much an invalid and in the 30 years of residence, leading much of an outdoor life, he has become rugged and healthy until today he said he feels like a young man and good yet for many years of work—Coos Bay News.

Entertains at Afternoon Party

A pleasant party was that given this afternoon by Mrs. G. T. Treadgold to a company of invited guests. Five hundred was the amusement of the afternoon and there were ladies present to fill eight tables. First prize, a cut glass bon bon dish was won by Miss Nora Solve.

Delicious refreshments were served and the hostess was assisted in serving by Mrs. Albert Garfield, Mrs. Geo. Lafaw and Mrs. Harry Walker. The decorations consisted of pink and white dahlias set off by branches of the huckleberry.

All report a most delightful time.

A Public Reception

will be given the Rev. E. D. Clark of the M. E. Church South in the church in Bandon Thursday evening, October 14th at 7:30 p. m. Special music with refreshments. A hearty welcome to all.

PARAMOUNT PICTURE

"Sunshine Molly"

Featuring Lois Weber and Phillips Smalley, is a powerful story of the oil fields, full of dramatic action with a vein of comedy running throughout and staged with a close attention to detail and naturalness that characterizes all Bosworth productions. Some remarkable scenes are shown of "Gushers" and a magnificent fire scene shows the burning of the immense oil field. It was found necessary to purchase property at considerable expense in order to get the wonderful effects. The settings of the different interiors from the dining room and kitchen of the workmen in Oilfield to the magnificent O'Brien mansion in town, are all absolutely true to life in every way and realistic in the extreme. The photography is exceptional and many new and novel ideas are made use of to good effect.

See this story at the Grand Theater Wednesday, October 13th.
