Fresh from the Chautauqua zones occupied by western chautauquas, which means the "Western Half", Merwyn E. Paget, advance guard, dropped in on us this morning and reports that the opening guns have been fired and that things are warming up and moving lively all along the line. "They are whooping it up everywhere" says Paget, "and indications point to a record smashing chautauqua year in the west, both with respect to talent and attendance."

FAY MORVILIUS COMING HERE

Boston Contralto to Sing With Hungarian Orchestra at Chautauqua.

With the marvelous growth of western Chautauquas managers have been able to steadily increase the quality of programs offered and to bring artists never before heard on a Chautauqua. Among the foremost musical attractions this year is Mme. Fay Morvilius, mezzo-contralto, discovery and protegee of Mr. Louis Elson of the Boston Conservatory of Music. She is the soloist who appears at Chautauqua with Whiteleik's Royal Hungarian Orchestra.

Mme. Morvilius is a delight. Her sweet naturalness of manner and ra-

diant charm are instantly felt wherever she appears. She has much to give and gives it all. She loves to please and is generous with those home ballads so dear to every heart. Although thoroughly familiar with the French, German and Italian tongues in her operatic career, she prefers to sing in English. She sings with wonderful distinctness of enunciation. Her auditors get the words and stories of her songs as clear as the deep, rich, colorful, dramatic, quality tones of her voice.

It means not to borrow your neighbors telephone.

While you hold the wire, there

may be several calls for the line and "busy" reports have to be made.

WHY THE BEST OF CHEWS IS "SPEAR HEAD"

Its Rich, Sweet, Mellow Flavor Has Been Famous for a Generation

MADE OF CHOICEST RED BURLEY

The secret of tobacco satisfaction is known only to the man who chews plug tobacco. The reason is that a good chew gets right next to your taste, while the leaf in plug tobacco is in a state of fresh, juicy richness that is not possible in any other form of tobacco.

There's no tobacco in the world that can give you the hearty, wholesome flavor that you get from a delicious chew of Spear Head.

Spear Head is made exclusively of the red Kentucky Burley—the most richly-flavored chewing tobacco that grows. Still more, only the very choicest red Burley leaf is used for Spear Head.

This choice leaf is selected with the most painstaking care, is stemmed by hand, is thoroughly washed free of all foreign matter, and is pressed into Spear Head plugs so slowly that not a drop of juice or an atom of the natural flavor escapes.

Try Spear Head, and you'll get a sweet, mellow, luscious, satisfying chew that cannot be obtained in any other tobacco. In 10c cuts, wrapped in wax paper.

GLYCERINE AND BARK PREVENT APPENDICITIS

The simple mixture of buckthorn bark, glycerine, etc., known as Adler-ika, astonishes Bandon people. Because Adler-ika acts on BOTH lower and upper bowel, ONE SPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. It removes such surprising foul matter that a few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. The INSTANT, easy action of Adler-ika is astonishing.
