

IN THE EAST END

NEWS FROM WESTON, ADAMS MILTON AND FREEWATER.

Doings of Your Neighbors As Told In Columns of the Leader, Advance, Eagle and Times.

Weston.

(Weston Leader.)

A son was born Tuesday morning May 4, 1905, to Mr. and Mrs. Ed Mitchell, at their home on Pine creek near Weston.

Born, Tuesday, May 2, 1905, to Mr. and Mrs. G. W. Brown, at their home in this city, a daughter.

Charles M. Long, who resided at Weston some 25 years ago, died May 1st at his home near Touchet, Wash. The remains were conveyed to La Grande for interment.

Charles DuPuis has disposed of his interest in the grocery and bakery business of DuPuis & Co., and thinks of going to La Grande. The firm name will remain unchanged, and its management is continued by B. F. DuPuis.

Mr. and Mrs. J. B. Keeney were guests of Mrs. I. E. Saling Sunday while on their way to Camas prairie, Idaho, where it is hoped that Mr. Keeney's health will be benefited by an outing. He is an old pioneer and stage man of Eastern Oregon.

Dr. M. V. Turley has returned from the vicinity of Bend, Or., where he has been looking after his homestead interests, and has resumed his practice at Weston. Mrs. Turley will remain at Bend until she accompanies the doctor on a visit to the Portland exposition.

Arrangements have been completed for the educational exhibit at the Lewis and Clark fair. Assignment of space has been made, including two sides of wall of room devoted to state institutions, and a sufficient floor space for cabinets.

Petitions are being circulated for the prevention of Sunday ball games at Weston, by Mrs. J. H. Read and Mrs. Polly Purcell. The petitions are addressed to the city council and also to the board of regents of the state normal school, as the school grounds have been occasionally used by town teams for Sunday games. The W. C. T. U. is behind the movement.

I. H. Martin has been at work for several weeks on the mountain road leading east from Weston with a force of men as deputy for George W. Staggs, district supervisor. Much improvement has been made on this highway, which now affords easier travel for mountain people. The Moorehouse hill has almost disappeared, the Beathe hill is rendered less difficult, and rocky portions of the road were covered with dirt. The spring campaign in this district is now completed, and Dry creek is receiving the attention of the roadmakers.

One of the finest musical and literary programs ever presented in the East End was heard in the beautiful new society hall of Athena Friday by the fortunate guests of the Rathbone Sisters there. The entertainment was of a high class order throughout, and several of the selections were of exceptional merit. Johnson's orchestra contributed to its success. Ice cream and cake were served in the banquet hall at the close of the exercises. Stephanie Temple of Weston was largely represented having received a special invitation.

Milton.

(Milton Eagle.)

President Perry has returned from Richland, where he delivered an address to the graduating class of the high school of that place.

Deputy Assessor Waldon has completed the census of Milton City and found an even 900 residents within the corporate limits. This number represents the actual bona fide residents of the town and could be padded out to one thousand.

The little child of Charles Sanders, who was so severely scalded last week, is reported by Dr. Thomas, the attending physician, as being on the road to recovery. The scalded flesh has started to heal and the little one is considered out of danger.

From present indications strawberry pickers will be scarce and inducements are offered to people to come from a distance and engage in this work. Good camping grounds will be furnished free of charge. The season lasts from six weeks to two months and women and children can earn from one to two dollars per day.

Mrs. W. R. Craig is recovering from the injury sustained by the runaway team last week in a way to surprise and delight her many friends. Her head, which was severely cut and bruised, has entirely healed. Her elbow has improved sufficiently to allow her to move the arm, and while not able to bear any weight on her foot, she can move across the room by aid of a chair.

Freewater

(Freewater Times.)

J. W. Gliddon, a former resident

of this city, but who has been residing at Echo the past few months, returned here Wednesday evening.

N. W. Mumford picked some ripe Hood River strawberries on his place last Sunday. Some of them measured nearly two inches across. And that's going some for April.

W. M. Wagener, who has been residing in this section for the past three years, left yesterday for his old home in Ohio where he will probably remain permanently.

This week George Jennings received a \$1000 beneficiary check from the Maacabee supremelodge at Port Huron Mich., his late wife having been a member of the lodge at this place.

C. G. Rogers' underground irrigation ditch is proving to the farmers that there is more than one way of getting water for irrigation purposes besides being in "cahoots" with Elam. The ditch is now supplying 45 miners' inches of water, enough to thoroughly irrigate the ground he has in cultivation. A number of the farmers have thought of such a scheme to secure water but none of them had the pluck and nerve to go ahead with the proposition. It remained for Mr. Rogers to demonstrate what that kind of a ditch would do. Lack of space prevents us giving a lucid description of the workings of this underground canal, but at a later date the matter will be gone into thoroughly.

Saved By Dynamite.

Sometimes a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes a cough hangs on so long you feel as if nothing but dynamite would cure you. Z. T. Gray, of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her. So she took Dr. King's New Discovery for consumption, coughs and colds, which cured her cough, gave her sleep and finally cured her." Strictly scientific cure for bronchitis and la grippe. At McBride's drug store, price 50c and \$1. Guaranteed. Trial bottle free.

Terrific Race With Death.

"Death was fast approaching," writes Ralph F. Fernandez, of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit until I began to use Electric Bitters. So wonderful was their effect that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed at McBride's drug store; price 50c.

Cleared for Action.

When the body is cleared for action, by Dr. King's New Life pills you can tell it by the bloom of health on the cheeks; the brightness of the eyes; the firmness of the flesh and muscles; the buoyance of the mind. Try them. At McBride's drug store, 25c.
