Skinny's Finish

Being a little short of material this week, we asked the devil to write us a short article against the use of slang. He did. Here it is:

If there is anything that gets our Nanny it is the use of slang. Some guys spill so much of that kind of dope that it is hard to get wise to their spiel. Kids should be put next by their parents that slang is on the Fritz, and should ought to be cut out. If I had a kid that couldn't put over straight stuff I would wallop the lining out of the lobster. Skirts are shines, proper, when it comes to slang. The Boss is a

dish of prunes when it comes to slang. He bawls me out to a fare ye well and I am in Dutch from the time I come on the job till haying time in the evening. This is the first thing I have ever wrote and if it don't show up in the rag I will know it is a flivver proper. SKINNY.
