Vancouver, Wash., is overrun with tramps and beggars. American resident in Smyrna fear the vanquished Turks will wreak vengeance upon them. One of the Italian Camorristas who was sentenced to 30 years imprisonment became violently insane. Senator Poindexter, of Washington, declares Taft should be impeached for improper use of Federal patronage. Greece refused to sign the peace protocol with Turkey, and it is believed she may continue the war alone. Canada proposes to build three battleships, at an aggregate cost of \$35,000,000, as an adjunct to the British navy. Several groups of Mexican rebels have joined forces, making an army of 1000 men under command of General Orozco. Aeroplanes used by the Bulgarian forces are said to have been an immense help in her operations against Turkey. C. W. Hodson, of Portland, addressed the Rivers and Harbors congress on the importance of improving the Columbia river. A Prussian boy of 15, unable to speak English, reached his relatives in Idaho after being 5 weeks en route from his home in Prussia. The National League of Democratic clubs does not favor holding the inaugural parade at a later date than the actual taking of oath of office. After two days of discussion, the peace treaty between Turkey and Italy, concluded at Lausanne, was approved by the French chamber of deputies. Colonel Archibald Gracie, of Washington, D. C., died in New York. He was one of the last persons to leave the steamer Titanic, and with one other man clung all night to any empty crate. Woodrow Wilson attended a session of the Bermuda parliament and listened to a tariff discussion between members. In turning his sled to avoid striking some smaller boys, a Salt Lake City lad aged 15 received injuries which caused his death. Three big Atlantic liners arrived in New York in one day, all more or less damaged by a fierce storm through which they had passed. Great Britain and Germany are working together to avert a general European war. On motion of the prosecution, four of the defendants in the dynamiting cases were discharged. At the opening session of congress, Speaker Clark broke two gavels holding the enthusiastic members of the house down to business. Mrs. Clara B. Colby, of Portland, will try to have a bill passed by congress allowing all women to vote for congressional candidates.

**ADAMSON BILL IS DELAYED** Physical Valuation for Big Corporations Once Near Vote. Washington, D. C.—An amendment offered by Republican Leader Mann, proposing a rigid regulation of the issuance of stocks and bonds, prevented passage by the house of the Adamson bill that would authorize a special commission to ascertain the physical valuation of railroads and other interstate carriers with the view of aiding the Interstate Commerce commission in fixing equitable freight rates. Debate on the bill, which was favorably reported by the interstate and foreign commerce committee at the last session, had been in progress nearly five hours and a vote was about to be taken when Mr. Mann moved that the measure be sent back to the committee with instructions that it be reported with his proposed section added. After an extended debate on a point of order against the amendment, the matter went over by unanimous consent. Mr. Mann's amendment would prescribe in detail how an interstate carrier should incur indebtedness and would prohibit the issuance of stocks, bonds or notes except in return for money or other consideration approved by the Interstate Commerce commission. With a permanent corps of experts inquiring into the value of carriers' property, the proposed law would make it possible for the Interstate Commerce commission to fix rates on the basis of profits to be realized on actual investments instead of on paper valuations.

**TARIFF QUESTION IS POSTPONED** President Taft's principal recommendations in his message to congress were: The plan of currency reform outlined by the monetary commission. Amendment of the law to lessen the penalty when corporations inadvertently disobey the corporation tax law. Congressional approval of plan of army reorganization prepared by the war college last spring. The passage of the military pay bill increasing compensation to militia in the field. Citizenship without statehood for Porto Rico. Regulation of water power grants so that navigable streams might be improved by water power companies. Elevation of Colonel Goethals, builder of the Panama canal, to a major generalship. A return to the policy of two battleships a year by the appropriations for three battleships this year. Authority to the United States Supreme court to make rules of procedure in common law cases in Federal court to expedite and lessen the cost of litigation. He disapproves the following: Autonomy and independence in eight years for the Philippines. Amendment of the Sherman anti-trust law. The president made no recommendations for tariff revision, saying he would leave that subject to the incoming congress.

**TAFI'S NOMINEES OPPOSED** Senate Democrats Show Desire to Prevent Confirmation. Washington, D. C.—President Taft sent more than 200 recess appointments to the senate Wednesday, and immediately indications of a movement among some of the Democratic senators to prevent their confirmation became evident. Senator Gore, it was said, would have the active support of several colleagues in holding the movement. The campaign is directed specially against nominations which had been postponed from time to time, thus bringing the new terms close to the beginning of the Democratic administration. Democratic senators contend the president already has deprived the Democrats of the privilege of appointing 50,000 postmasters by placing them within the civil service law by a single order. Most of the Democratic senators expressed themselves as favorable to a "discriminating obstruction," but several "progressive" senators, whose assistance had been counted on, did not appear to be willing to co-operate, it is said.

**RAILROAD PAYS LARGE FEE** Illinois Receives \$110,885 From Burlington Under Protest. Springfield, Ill.—One of the largest fees ever received into the state treasury was paid under protest Wednesday by the Chicago, Burlington & Quincy railroad company. A check for \$110,885 was paid to Secretary Doyle as a fee for an extension for 50 years of the road's charter in this state. Attorneys for the railroad contend the road is operating under a perpetual charter, but to be on the safe side they decided to take advantage of the recent act of the legislature allowing corporations the right to extend their charters 50 years. The law in question is silent on the subject of fees in connection with such extensions, but the secretary of state held they must be paid. Attorneys for the railroad have given notice that action will be instituted in the Supreme court to recover the fee.

**Storm Sweeps Great Lakes.** Chicago—A raging sea, with treacherous squalls and shifting winds, imperiled several lake boats bound for Chicago Saturday and swept away the last vestige of hope that the three-masted schooner Rouse Simmons and its cargo of Christmas trees would sail safely into Chicago's harbor with its hardy crew of 16 men. The roaring waters were driven by a 50-mile gale that first burst upon Lake Michigan in all its fury from the northwest.

**Rayner Leaves Million.** Baltimore—The value of the estate of the late Senator Rayner will approximate \$1,000,000. This will be shown when the senator's will is filed next week for probate. The property is divided equally between the widow and the son, William B. Rayner, a portion being left in trust. The senator left to the widow and son the right to make such charitable bequests as they may see fit, saying in the body of the will that their judgment would enable them to act in accordance with what would have been his ideas.

**Illiteracy Test Favored.** Washington, D. C.—Early action in the house on the Burnett immigration bill, presenting an illiteracy test, is predicted by Chairman Burnett, of the immigration committee, who announced that the rules committee was prepared to bring in a special rule under which the bill could be passed, when it would not interfere with appropriation bills. He asserted that at least 250 members of the house were pledged to vote for the measure.

**Wolves Attack Cattle.** Steamboat Springs, Colo.—Heavy snows and extreme cold have driven packs of gray wolves out of the timber and many cattle are falling victims to their attacks. Cattle men have offered bounties for wolf scalps in addition to those offered by the county and state. It was 29 degrees below zero here Saturday night.

**Nebraska Women Busy.** Omaha—The Nebraska Woman Suffrage association has decided to petition for a submission to the people of a constitutional amendment providing for woman suffrage. The petition will require 22,000 signatures and a committee was appointed to start work on it.

**Marshalls Lauds Cooks.** Indianapolis—"Good cooks are more necessary than governors," said Governor Marshall in his address before the Indianapolis Council of Women. "I think there is no one in this world, aside from my wife, that is more competent than my cook. I think she is well educated. I don't suppose she would be received at many of the social functions, but she does her work as it should be done. Any working man in this city doing honest work is more important to this state than the governor of Indiana."

**"Arson Trust" Unearthed.** Madison, Wis.—An "arson trust," which is charged with having caused the destruction of \$1,000,000 worth of property, has been discovered by Wisconsin State Fire Marshal Purtell, he said. Warrants have been issued for the arrest of several of the principal alleged offenders, most of whom, the state officers said, lived outside of Wisconsin. Investigation of a hotel fire in Waukesha last winter is said to have exposed the alleged offenders.

**Only Woman Nurse Is Ill.** Constantinople—The Turkish Red Crescent has collected and spent \$325,000 in the Turkish hospitals. Unfortunately, the Red Crescent society does not extend to the cholera camps. As a result of overwork, Miss Alt, who at one time was the only woman attendant in the cholera camp at San Stefano, has been brought to the British hospital here. It is not believed she is suffering from cholera.

**Gift That is Divine.** Instead of a gem, or even a flower, we could cast the gift of a lovely thought into the heart of a friend, that would be giving as the angels must give.—George MacDonald.

**Pettit's Eye Salve** RELIEVES SORE EYES. Birds Worthy of Gratitude. It has been estimated that the birds in the United States save \$200,000,000 worth of crops each year. The tree sparrows in Iowa eat 4,566 pounds of weed seed daily. One full-fledged robin will eat 16 feet of caterpillar daily, or about 4,569 individuals a month. Red Cross Ball Blue gives double value for your money, goes twice as far as any other. Ask your grocer.

**And So Many Do It.** A campaign year is a time of happiness for the man who likes to get at the extreme outer edge of the crowd and yell "Louder!"—Denver Republican.

**He Knew Teacher.** "A small boy dropped into a store on the North Side on his way to school to get some candy," says the Holton Signal. "While he was looking over the assortment displayed in the case the salesman called his attention to some fresh lemon drops. 'Now,' the boy said, 'Gimme some jelly beans. I want something the teacher can't hear me eat. Teacher can hear a feller eat lemon drops clear across the room.'—Kansas City Star.

**Calm Her.** Mrs. Fidget—"What's that noise I hear down in the library?" Mr. Fidget—"Must be the history repeating itself. Go to sleep."—Puck.

**THE CHINESE DOCTOR** Both the American and the Chinese physicians use medicines made from plants and herbs. But the Chinese have extended their researches and use Roots, Herbs and Barks that have never been heard of in this country. And these harmless and non-injurious remedies Dr. C. Gee Wo has cured hundreds of patients of all sorts of diseases and who had previously been taking the medicines prescribed by well known American physicians.
