OFF BRAKES

One of the strange things of this world, is the great number of people saying and thinking "it can't be done." Scientific men state the words we utter travel for ever—if this be true—wouldn't the above be a dreary old chorus to send up from the Earth "It can't be done" and yet this is the music in the air—we venture to say that those who are listening must surely think; a big bunch of picers on that bright star have "lost their Ambish." Better to have your shoulder to the wheel of activity than to have the brake

SOCIETY.

Miss Chalman and Miss Titus of Raleigh were in the Garden City attending Church Sunday.

Mr. and Mrs. Peters are visiting with Mrs. Peter's Parents Mr. and Mrs. F.M. Robinson of this place.

W. L. Burke, Wife and son of Forest Grove spent Sunday visiting with Mrs. D. C. Fisher.

The Commercial Club at the last meeting passed a resolution inviting the S.P.Co. to park their Right of way from the Barber shop Westward to the Flour Mill. This is the first step toward making Beaverton a City Beautiful.

Mr. Polson of Progress has been doing some grade work in front of his home which is a big improvement.

Alb. Muessig the Beaverton miller, made this office a pleasant call Wed. night Mr. Muessig grinds the famous Mt. Hood Flour It is hard to beat—and is made in Beaverton which gives it the good taste.

The Govurtz Auto of Sorrento got stuck in the mud Tuesday night and it was necessary to send to Portland to have a Service car come and tow it to the Rose City. This is little tough on Autos—but bully for ducks.

E.O. Shepard of Elmonica attended the Masonic Lodge here Tuesday Evening.

Mr. and Mrs. J.A. Peterson were the first to have their flower garden planted for 1913; getting the work completed in January.

The wood chuck saw his shadow Sunday, and it was a daisy so, poke up the fire for six weeks

Bruce Denney of Progress took in Uncle Toms Cabin Saturday night and had some exciting time in the gallery "when the seats departed"

The late Car from Portland on the O.E. will come direct to Beaverton hereafter. Better service. It has been disagreeable these cold nights for the passengers to change cars at Garden Home.

Hello There! February

Persons born under this sign which extends from January 21st to February 19th are more apt to be paradoxical and go to extremes than persons born under any of the other signs. If you were born under this sign, Aquarius, it is somewhat difficult to describe your characteristics, for, if surrounded by advantageous circumstances, you will be capable of achieving wondrous results, while on the contrary, if adversity should be your lot, you are liable to sink to the lowest depth. Certain it is that persons born under this sign are seldom mediocre in any walk of life—they are decidedly one thing or the other.

Your talents are more in the line of the useful than the ornamental, and your successes will be mainly in mercantile pursuits. You are fond of amusements of all kinds operas, theatres popular resorts, sports etc. and persons born in this are more apt to dwell in the cities, their nature demanding the active social and business intercourse of city life. You are a good judge of human nature and not liable to be misled by a pathetic story which is untrue. Persons born under this sign seem to possess a peculiar ability in controlling insane persons and possess the power of healing in a great degree. Women born in this sign are the most devoted wives; they always wish to appear well dressed and are inclined to observe the conventionalities of life; their tastes run more toward the ideal than the real practical in life. You should wed with those born in Leo, they are pre-eminently home-makers.
