

## Mark Andres exhibit opens at Cannon Beach Gallery

The latest exhibit in Cannon Beach Gallery features the paintings of Mark Andres. Andres is a multimedia artist fluent in drawing, painting, animation and film. Stylistically, his color palette evokes comparisons to Fauvism, and his work pays some tribute to German Expressionism.

In his depiction of Astoria, Andres balances a sentimental affection for the town's quaintness with the matter-of-fact inclusion of harsher, less picturesque elements in much the same way the town balances leisure and industry.

An opening reception takes place Saturday, Oct. 22, from 6-7 p.m. and an artist talk the following morning on Sunday, Oct. 23, at 11 a.m. The exhibition will be on display from Oct. 22 to Nov. 27. Gallery hours are Wednesday through Sunday 10 a.m. to 4 p.m.; cannonbeacharts.org or by 503-436-0744.

Tornado from Page 1A

Brennan came down to the coast and spent until 11 p.m. Friday night trying to clear brush before Saturday's threatened second round of storms. On Sunday, he, like other neighbors, cleared logs, stacked brush and boarded windows.

In the aftermath, tourists in Manzanita were few, but the buzz of chainsaws sounded steadily through the city.

On Manzanita Avenue, contractor Mark Whitten was busy clearing wood. He'd been working since right after the tornado.

"Just takin' down a tree," Whitten said. "Then I'll start taking down more trees."

Steve Feltz, whose home was undamaged, said the tornado angled through town in a narrow swath. "It didn't come up straight up Laneda," Feltz said. "It looks like it came from the southwest to the northeast. It surprises me there's not more damage to the houses."

and Espresso said she was at her home near Highway 53 early Friday morning when "bright pink lightning lit up the sky."

She received a call from the barista on duty that "a small tornado just hit Manzanita."

"From here, this seemed small to her," Frost said Sunday morning at the cafe, located at 500 Laneda. "The funnel went right on the other side of the building."

At Manzanita Sweets and Toylandia, "no one was in the building luckily," Mark Eckstrom, whose mother owns the store, said. "I was at my house over in Pine Ridge when I got the tornado warning. Then I heard that it came to Manzanita and I came down to check on things."

Eckstrom spent the weekend trying to clean up and boarding windows at the shop and for neighbors.

Have you ever seen anything like this here?

"Not really," Eckstrom said. "You

don't really expect a tornado to come down in the middle of Manzanita."

Gordon McCraw, the director of Tillamook County Emergency Management, said Monday morning that the cleanup continues.

McCraw said 128 structures were damaged, from minor to severe. Four structures — two residences and two businesses — are too dangerous to enter. All but 44 residents had power by Saturday afternoon.

"(The public utilities department) planted a lot of poles really quick and connected the wires to get the electricity restored," McCraw said. "Those guys are rock stars."

The tornado came on shore to the south of Laneda Avenue and headed northwest crossing Laneda and other streets, before dissipating prior to striking U.S. Highway 101.

McCraw said the National Weather Service calculated that it was an EF2 tornado and was on the ground for seven-tenths of a mile. The tornado scale extends from zero to 5, and an EF2 classification describes a tornado that can cause considerable damage.

A second tornado was reported in Oceanside.

"The remarkable thing is being one of the stronger tornados to strike Oregon in recent history and for the distance it traveled, we had no deaths and no reported injuries," he said.
