DONALD ITEMS.

Two new houses are under construction at the present time, one being for Clarence Mays and the other for H. N. Goode.

The Donald Nursery Co., now has a large force of men employed.

The fine weather we are having seems very generous in distributing cobs.

Donald will soon have fine streets as a ditch for tiling is being excavated the entire length of the business and resident districts. The women are talking of agitating for a board walk wide enough to roll their go-carts on.

J. C. Johnston has put in a line of confectionery in connection with the postoffice, and the outlook is very promising for him. It will go under the name of the Donald Confectionery and will be open all day Sundays.

The Donald Nursery Co. has a crew of 25 men busily engaged in grafting and planting out seedlings, and have a payroll of over \$300 per week. The present time is the rush season with them, but there will be work for several hands all summer. Their plant consists of 33 acres at present and they have a full line of fruit trees, and three acres devoted to roses and different kinds of ornamental trees and shrubs.

The Ladies Aid society of the church will give a social on Saturday evening, March 25, in the church. Aprons will be on sale and refreshments will be served. A musical program will also be rendered and a good time is assured all who attend.

Dolf Crissel, of Portland, was seen on our streets Sunday.

A school meeting was held at the Feller schoolhouse last Saturday for the purpose of voting on a new schoolhouse for Donald. Donald won by a majority of three.

HUBBARD NEWS.

Mr. and Mrs. F. W. Fry are moving their house to the back end of the block to make room for the new dwelling they will build soon.

A number came from Canby in automobiles last Friday night to take in the musical entertainment given by the Hubbard Orchestra and Baud.

Mrs. H. A. Hinkle and daughter, of Portland, are visiting friends and relatives in Hubbard this week.

It will not be long until Decoration Day, so don't forget to do a little work on those lots soon.

M. S. Schrock and M. E. Clawson are out with their Gasoline Spraying Machine spraying trees around town.

The baseball team donned their new uniforms last Sunday and had their pictures taken.

The Oddfellows are having their building remodeled, working it over into an uptodate store building. It is reported that a large general store will go in as soon as completed.

Miss Bella Coldron, of Portland, is visiting friends in Hubbard this week.

Mr. and Mrs. S. T. Daniels lost their infant child, 3 weeks old. The burial was at the Hubbard cemetery Tuesday.

Mr. Vesen purchased an automobile of Henry Scholl last Monday.

Mrs. A. F. Knight, of Portland, visited Mr. and Mrs. G. W. Knight last Friday and Saturday.

Mr. and Mrs. C. H. Trullinger visited Portland Saturday and Sunday.

Mr. and Mrs. G. W. Knight visited Mr. and Mrs. A. F. Knight in Portland Saturday and Sunday.

If you want to see a nice line of shoes for either ladies or gentlemen, it will pay you to see the line K. & S. nave.

The musical and vocal entertainment given in the Armory hall last Friday evening by the Hubbard Orchestra and Band was well attended, there being nearly 250 people present. The program was well rendered, each and every piece showed that much time and study had been given to its preparation. The band rendered two marches in good style considering the time they have been together and the fact that they have 36 pieces in the band. The orchestra rendered several fine selections while the vocal offering were exceptionally pleasing.

HOP WIRE FENCES

If you are thinking of using your old hop wire for fencing see J. S. Vandeleur of the Marion County Fence Co. before doing so as he has the only method by which you can build a fence out of the hop wire that will be stronger and will stand up better after years of use than any ready woven fence on the market, and it is HOG TIGHT. We will be pleased to let you have a trial outfit so that you may try it out to your satisfaction.
