ADAMS HOME BURNED

The Adams home, a mile east of Aurora, burned last Thursday afternoon, together with a barn full of hay, etc. The barn was set on fire from sparks from a fire in the timber across the road.

Some of the contents of the house were saved but the loss was heavy, and only partially covered by insurance. A large number of men went out from town, and others came from the surrounding country to fight the brush fires, which however spread to some distance.

MILITARY NICKNAMES

The "Plane News", the air service journal has adopted the name "Airnats" for the U. S. flying service, and a fine, clean, neat name it is. The following are now clearly established names for the branches of the American military service:

- Flying Corps - Airnats, Artillery - Red necks, Infantry - Dough boys, And all are animated by the same spirit of victory, which they are determined to achieve in order to make the world a fit place for all man kind—even Germans—to live.

Government to Boost Home Paper

The newspaper has been classed by the government as an essential industry. They have assumed a paternal attitude toward this business which would have been thought absurd a few years ago.

The president has appointed a committee which will launch a campaign in the near future for subscriptions for the home paper to be sent to the boys in training and at the front. It has been found that the little home paper is one of the greatest factors in maintaining the morale by keeping the boys in touch with home folks.

Few industries have been hit harder by the war than the country newspaper business. A decreased income has lost half of its value by the decreased purchasing power of the dollar.

QUIT YOUR GRUMBLIN'

Quit your kicking, old man, it's not any use. To fight Mr. Trouble with jaw-bone abuse. If you want to succeed it's not any way. To go around kicking and wastin' your day. If you can't make the hill a-runnin' on high, Just throw her in low and never say die. The first in the start may finish the last. So keep on a-pluggin'; don't hurry too fast. Keep smilin; don't worry, you'll make it all right. If you just keep a'tryin' with all your might. Don't waste time kickin'; but throw off your coat. And dig in and root, like an Arkansas shoot. If you think with old Fortune you have a rare pull. You're kiddin' yourself with a poor line of bull. If you want to make good you have to go through. A stiff course of trainin' before you will do. So cut out your kickin' and turn off the bile. And hump in and hustle with a song and a smile.
