

WHAT IS PE-RU-NA?

Is It a Catarrh Remedy, or a Tonic, or Is It Both?

Some people call Peruna a great tonic. Others refer to Peruna as a great catarrh remedy. Which of these people are right? Is it more proper to call Peruna a catarrh remedy than to call it a tonic? Our reply is, that Peruna is both a tonic and a catarrh remedy. Indeed, there can be no effectual catarrh remedy that is not also a tonic. In order to thoroughly relieve any case of catarrh, a remedy must not only have a specific action on the mucous membrane affected by the catarrh, but it must have a general tonic action on the nervous system.

Catarrh, even in persons who are otherwise strong, is a weakened condition of some mucous membrane. There must be something to strengthen the circulation, to give tone to the arteries, and to raise the vital forces.

Perhaps no vegetable remedy in the world has attracted so much attention from medical writers as HYDRASTIS CANADENSIS. The wonderful efficacy of this herb has been recognized many years, and is growing in its hold upon the medical profession. When joined with CUBEBS and COPAIBA a trio of medicinal agents is formed in Peruna which constitutes a specific remedy for catarrh that in the present state of medical progress cannot be improved upon. This action, reinforced by such renowned tonics as COLLINSONIA CANADENSIS, CORYDALIS FORMOSA and CEDRON SEED, ought to make this compound an ideal remedy for catarrh in all its stages and locations in the body.

From a theoretical standpoint, therefore, Peruna is beyond criticism. The use of Peruna confirms this opinion. Numberless testimonials from every quarter of the earth furnish ample evidence that this judgment is not over-enthusiastic. When practical experience confirms a well grounded theory the result is a truth that cannot be shaken.

The Only Doubtful Citizen.
"Everybody is telling exactly what you will do if you are elected to office."

"Yes," answered the candidate.
"Well, what will you do?"
"I don't know yet."—Washington Star.

Landlady—Would you advise me to send my daughter to a cooking school or to a music school?
Boarder (reflectively)—Well, I think I'd send her to a cooking school. It may be more fatal in its results, but it isn't anything like so noisy.

Of Course.
Gunner—I see where a man in the southwest had twenty-three children and then disappeared. What do you think of that?
Gayer—Why, that was nothing unusual.
Gunner—What?
Gayer—Why, twenty-three—skiddoo!

BLOATED WITH DROPSY.

The Heart Was Badly Affected When the Patient Began Using Doan's Kidney Pills.

Mrs. Elizabeth Maxwell, of 415 West Fourth St., Olympia, Wash., says: "For over three years I suffered with a dropsical condition without being aware that it was due to kidney trouble. The early stages were principally backache and bearing down pain, but I went along without worrying much until dropsy set in. My feet and ankles swelled up, my hands puffed and became so tense I could hardly close them. I had great difficulty in breathing, and my heart would flutter with the least exertion. I could not walk far without stopping again and again to rest. Since using four boxes of Doan's Kidney Pills the bloating has gone down and the feelings of distress have disappeared."
Sold by all dealers. 50 cents a box. Foster Milburn Co., Buffalo, N. Y.

RHEUMATISM CAN NOT BE RUBBED AWAY

It is perfectly natural to rub the spot that hurts, and when the muscles, nerves, joints and bones are throbbing and twitching with the pains of Rheumatism the sufferer is apt to turn to the liniment bottle, or some other external application, in an effort to get relief from the disease, by producing counter-irritation on the flesh. Such treatment will quiet the pain temporarily, but can have no direct curative effect on the real disease because it does not reach the blood, where the cause is located. Rheumatism is more than skin deep—it is rooted and grounded in the blood and can only be reached by constitutional treatment—IT CANNOT BE RUBBED AWAY.

Rheumatism is due to an excess of uric acid in the blood, brought about by the accumulation in the system of refuse matter which the natural avenues of bodily waste, the Bowels and Kidneys, have failed to carry off. This refuse matter, coming in contact with the different acids of the body, forms uric acid which is absorbed into the blood and distributed to all parts of the body, and Rheumatism gets possession of the system. The aches and pains are only symptoms, and though they may be scattered or relieved for a time by surface treatment, they will reappear at the first exposure to cold or dampness, or after an attack of indigestion or other irregularity. Rheumatism can never be permanently cured while the circulation remains saturated with irritating, pain-producing uric acid poison. The disease will shift from muscle to muscle or joint to joint, settling on the nerves, causing inflammation and swelling and such terrible pains that the nervous system is often shattered, the health undermined, and perhaps the patient becomes deformed and crippled for life. S. S. S. thoroughly cleanses the blood and renovates the circulation by neutralizing the acids and expelling all foreign matter from the system. It warms and invigorates the blood so that instead of a weak, sour stream, constantly depositing acid and corrosive matter in the muscles, nerves, joints and bones, the body is fed and nourished by rich, health-sustaining blood which completely and permanently cures Rheumatism. S. S. S. is composed of both purifying and tonic properties—just what is needed in every case of Rheumatism. It contains no potash, alkali or other mineral ingredient, but is made entirely of purifying, healing extracts and juices of roots, herbs and barks. If you are suffering from Rheumatism do not waste valuable time trying to rub a blood disease away, but begin the use of S. S. S. and write us about your case and our physicians will give you any information or advice desired free of charge and will send our special treatise on Rheumatism.
