Deafness Cannot Be Cured

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a running or stuffed ear, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; whereas out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.
We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure, Sold by Druggists, Everywhere.

Easter Sunday, April 4, 1913

As the church bells throughout the country ring forth their glad tidings on Easter morn there is a certain spirit in the air that makes mankind want to appear at his best on this day.

—Perhaps the season of the year—nature shaking off her winter garb and budding forth for Spring—the birds chirping their pleasure at the coming of brighter days—all combine to set an example for us.

—Easter is Dress Parade Day the whole country over. There is no time when shabby clothes are so noticeable as on this day. To be well dressed this Easter you should wear Kuppenheimer clothes.

Spring Suits are now an display and are priced right.
