KAISER MAKES RECORD

According to one of the German forestry journals, the Kaiser, in 1908, killed 1,995 pieces of wild game, including 70 stags elk and roebuck. At that time he had slaughtered a total of 61,730 pieces of game, more than 4,000 of which were stags, and was the leading exterminator of the wild life in the world. As a slaughterer of men, women and children, since 1914, however, he has been the foremost exterminator of human life in all history.

MAKES A RECORD

Adelbert Ross, of Shaniko, Wasco county, is the first member of Oregon's "Junior Rainbow" regiment, reported to Portland headquarters. The Junior Rainbow regiment is the organization launched by J. A. Church ill, state superintendent of schools, to become a member of which it is necessary for a boy or girl to be one of the first 1000 boys and girls in the state to sell \$50 worth of the government's War Savings Stamps.

Adelbert sold his allotment in three days, and was awarded an achievement pin which he is entitled to wear for the duration of the war.

A similar pin will be given to each member of the regiment.

FIGHTING MEN'S EQUIPMENT

It is estimated that 50,000 different articles are needed in modern warfare. The clothing equipment of but one infantryman for service in France includes the following:

Bedsack, three wool blankets, waist belt, two pairs wool breeches, two wool service coats, hat cord, three pairs summer drawers, three pairs winter drawers, pair wool gloves, service hat, extra shoe laces, two pairs of canvas leggings, two flannel shirts, two pairs of shoes, five pairs wool stockings, four identification tags, summer undershirts, four winter undershirts, overcoat, five shelter tent pins, shelter tent pole, poncho, shelter tent.

Listed as "eating utensils" the infantryman receives food to be carried in his haversack during field service, canteen and canteen cover, cup, knife, fork, spoon, meat can, haversack, pack carrier, first aid kit and pouch.

His "fighting equipment" consists of rifle, bayonet, bayonet

scabbard, cartridge belt and 100 cartridges, steel helmet, gas mask, and trench tool.

ARE YOU REPRESENTED?

No business man in any town should allow a newspaper published in his own town to go out without his name and business being mentioned somewhere in its columns, says an exchange. This applies to all kinds of business—general stores, dry goods groceries, furniture dealers, manufacturing establishments, auto mobile dealers, mechanics, professional men, and in fact all classes of business men. This does not mean that you should have a whole or a half or even a quarter page ad in every issue of the paper, but your name and business should be mentioned if you do not use more than a two-line space. A stranger picking up a newspaper should be able to tell just what business is represented in a town by looking at the business mentioned in the paper. This is the best possible town adviser. The man who does not advertise his business does an injustice to himself and his city. He is the man who expects the newspaper to do the most free advertising for his town. The man who insists on sharing the business that comes to town but refuses to advertise his business is not a valuable addition to any town. The life of any town depends upon the live, wideawake and liberal advertising men.

SPECIAL NOTICE

As we are going to discontinue the business, we wish to balance our books not later than Feb. 15. All parties having an account will kindly call and make settlement.

HAYDEN & METCALF

Opens Shoe Repair Shop

L. C. Helmer has opened a shoe repair shop in the east half of the building just west of the Springfield Hotel on Main street. Mr. Helmer is an experienced shoemaker and has lived in Springfield for several months.

A Hint to the Aged

If people past sixty years of age could be persuaded to go to bed as soon as they take cold and remain in bed for one or two days, they would recover much more quickly, especially if they take Chamberlain's Cough Remedy. There would also be less danger of the cold being followed by any of the more serious diseases.

U. S. FOOD ADMINISTRATION

All very rich men began by putting money in the Bank. They were all careful men.

ANDREW CARNEGIE SAID: "THE MAN WHO DOES NOT AND CANNOT SAVE MONEY CANNOT AND WILL NOT DO ANYTHING ELSE WORTH WHILE. THE BEST WAY TO ACCUMULATE MONEY IS TO RESOLUTELY SAVE AND BANK A FIXED PORTION OF YOUR INCOME, NO MATTER HOW SMALL THE AMOUNT." The careful man knows the truth of this.

AS A POOR SCOTCH BOY, ANDREW CARNEGIE CAME TO AMERICA. WOULD HE HAVE BECOME ONE OF THE WORLD'S RICHEST MEN IF HE HAD SPENT HIS "FIRST" EARNINGS?

NO.

HE BANKED AND SAVED HIS MONEY AND BECAME RICH AND POWERFUL. THEN HE COULD AFFORD TO BE GENEROUS.
